Money Issues in Black Male Female Relationships George Subira,1996-08-01 **Feminism Confronts Homo Economicus** Martha Fineman,Terence Dougherty,2018-08-06 The essays in this volume confront the inroads that economics has made into the legal academy Law and Economics uses principles of neoclassical economics to develop laws and social policies that maintain if not bolster current allocations of power from the Introduction The Law and Economics school has had a significant impact on the legal and governmental landscape in the United States It posits a perfectly rational economic man homo economicus who is unconstrained by familial and communal ties and who can and should make decisions solely in light of considerations of economic value Feminism Confronts Homo Economicus offers a major intervention in debates about how law has come under the influence of economic principles Drawing on the latest thinking in the fields of feminist legal theory critical legal studies and feminist economics the essays critique the notion that legal and policy decisions should be made solely through the lens of economics While the contributors question the wholesale incorporation of the neoclassical economic model into legal analysis they do not all discard economic analysis and theory Situated at the intersection of feminism law and economics Feminism Confronts Homo Economicus will appeal to scholars and students of these disciplines as well as policy analysts and social theorists interested in family education labor and welfare **Black Families In Crisis** Alice F. Coner-Edwards,Jeanne Spurlock,2014-06-17 First published in 1989 The idea for this volume grew out of discussions held by a group of Black psychiatrists based in Washington D C and the responses of a number of colleagues who attended a symposium Black Families in Crisis at Howard University Medical Center in November 1985 Black Male-female Relationships Delores P. Violence as Seen Through a Prism of Color Letha A See,2018-12-20 So many parts of society target citizens of color for violence what can be done Violence as Seen Through a Prism of Color examines violence from a structural perspective including violence in prisons schools and colleges churches homes and within political corporate structures This unique hard hitting book argues that individual violence stems from the structure of our society and its institutions Most of the contributors are African American educators and practitioners who have a thorough understanding of structural violence Some have experienced political violence others have expert knowledge of structural violence within the criminal justice system educational institutions and elsewhere even in churches and homes Their writings are undeniably unflinchingly authentic it is impossible not to be moved and enraged by what they have to say The good news is that in addition to calling attention to the structural violence in our society they provide excellent insights on how the situation might be resolved Violence as Seen Through a Prism of Color shows that much of the violence within the criminal justice system stems from decisions made at the highest levels of government that minority offenders are much more frequently convicted and more harshly sentenced than their white counterparts how cultural racism contributes to the construction of motives for lynching hate crime and police violence against Americans of color such as Abner Louima Amadou Diallo and Rodney King how the judicial system encourages black on black violence by neglecting to halt criminal activities in non white neighborhoods how in the words of Mahatma Gandhi Poverty is the worst form of violence You ll also learn how corporations are amassing great wealth through privatizing prisons and conscripting the labor of non violent African American prisoners how racial profiling affects people of color how the media has exploited black men imprisoned for minor

drug offenses how and why violence occurs in and against the black church Helpful charts and tables like one that names the corporations that use prison labor supplement the material you ll be surprised at what you learn Extensive references are included at the end of each chapter *Ebony*, 2002-03 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine *Eight Propositions* Joe L. Rempson, 2020-11-19 Rempson takes issue with those who lay the plight of African Americans on racism not seeing it today as a major obstacle to black progress Rather he traces the origin back to what he terms the African American Garden of Eden In it W E B Dubois outlasted Booker T Washington and fathered a tradition which Rempson argues has produced a victim identity and an emphasis on the system rather than the self Only black males offer a way out he declares because it is entirely our black males who are keeping us down and curtailing our progress in contrast to black females who are doing OK They are plagued by what Rempson calls the African American Male School Adaptability Crisis AMSAC Their academic performance ranks at the bottom alone below black female students and below white Asian and Hispanic male students In large urban areas their high school dropout rate is 59 percent and nationally they lag behind in college attendance and graduation rates The outcome Rempson argues is dysfunctionality and the existence of hedonistic norms which hinder family and community stability But while black males are the problem Rempson contends it is nevertheless only they who can solve it because research and experience show that it takes males to bring up and change other males Though intended for everyone he therefore writes his book to his fellow advantaged black males and makes a passionate plea for them to step up and with the help of black females and of the nation take the lead As their guide he has formulated eight propositions Arrived at through an examination of impressively extensive data from numerous sources and disciplines they are a marked departure from the customary Most strikingly delicate matters such as those which pertain to intelligence quotient IQ and culture are openly confronted and dealt with But Rempson writes unless confronted we will not solve our problems Nor he continues can we solve them unless we cut the umbilical cord to white America We have no right to expect it to be our savior nor are we justified in perceiving it as our oppressor Forcefully and finely written Rempson s book is a singular and courageous contribution Alone his eight propositions make it a worthy read Women of Color Forum Toni Constantino, 1979 **Black Woman Redefined** Sophia Nelson, 2012-11-20 It s time for a REDEFINITION among black women in America In its 2011 hardcover release *Black Woman Redefined* was a top selling book and took home a 2011 Best Non Fiction Book of the Year Award from the African American Literary Awards Author Sophia A Nelson won the 2012 Champions of Diversity Award given each year by diversity business executives in Fortune 100 companies *Black Woman Redefined* was inspired in part by what Nelson calls open season on accomplished black women from Don Imus s name calling of black female basketball players in 2007 and a 2009 Yale University study titled *Marriage Eludes High Achieving Black Women* to the more recent revelation that First Lady Michelle Obama is concerned about being painted as an angry

black woman In *Black Woman Redefined* Nelson sets out to change this cultural perception taking readers on a no holds barred journey into the hearts and minds of accomplished black women to reveal truths tribulations and insights like never before This groundbreaking book provides black women of a new generation with essential career and life coaching advice Based on never before done research on college educated career driven black women Nelson offers her fellow sisters and those who know love and work with them a feel good volume for personal and professional success that empowers them without tearing others down
