Monitoring Election Campaign Finance A Handbook For Ngos

Jonathan Mendilow, Eric Phélippeau

Monitoring Election Campaign Finance A Handbook For Ngos:

Monitoring Election Campaign Finance ,2005 Monitoring Election Campaign Finance responds to the growing need among NGOs for a set of practical tools to help monitor and fight corruption The handbook draws on the experience of citizens challenging corrupt practices in more than a dozen countries in different regions It will help NGOs carry out effective campaign finance monitoring and reform programs by providing key concepts practical guidelines and examples of good practices and lessons learned Government staff political party managers civil society activists and journalists will also find the handbook invaluable in helping them understand and analyze electoral campaign finance issues BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Routledge Handbook of Election Law** David Schultz,Jurij Toplak,2022-07-18 Governments need rules institutions and processes to translate the will of the people into functioning democracies Election laws are the rules that make that happen Yet across the world various countries have crafted different rules regarding how elections are conducted who gets to vote who is allowed to run for office what role political parties have and what place money has in the financing of campaigns and candidates The Routledge Handbook of Election Law is the first major cross national comparative reference book surveying the electoral practices and law of the major and emerging democracies across the world It brings together the leading international scholars on election law and democracy examining specific issues topics or the regions of the world when it comes to rules institutions and processes regarding how they run their elections The result is a rich volume of research furthering the legal and political science knowledge about democracies and the challenges they face Scholars interested in election law and democracy as well as election officials will find the Routledge Handbook of Election Law an essential reference book **Manual for Monitoring Campaign Finance and the Use of State and Administrative Resources** Eze Onyekpere,2007 [Reporting on elections](#) Council of Europe,2016-08-01 Elections are a pre condition for democratic governance since it is through them that the citizens of a country choose freely and on the basis of the law the persons that can legitimately govern in their name and in their interest The right to free elections as enshrined in the Article 3 of the Protocol to the European Convention on Human Rights is a fundamental principle in a truly democratic political regime It comprises a series of safeguards and procedures that ensure respect for active and passive electoral rights and the conduct of genuine free and fair elections Civil society has a distinct role to play since it observes the electoral process and contributes to the development of national electoral procedures through advice and recommendations The Council of Europe handbook Reporting on elections aims to help observers become more efficient and to produce more effective reports specifically focusing on the reporting of core team members At the same time it also covers the reporting of long and short term observers It deals mainly with final election reports and reports statements on preliminary findings while also providing insight into interim reports and ideas for ad hoc reports and press releases in addition to tips on how to follow up on recommendations **The Right to Know** Ann

Florini,2007-05-22 The Right to Know is a timely and compelling consideration of a vital question What information should governments and other powerful organizations disclose Excessive secrecy corrodes democracy facilitates corruption and undermines good public policymaking but keeping a lid on military strategies personal data and trade secrets is crucial to the protection of the public interest Over the past several years transparency has swept the world India and South Africa have adopted groundbreaking national freedom of information laws China is on the verge of promulgating new openness regulations that build on the successful experiments of such major municipalities as Shanghai From Asia to Africa to Europe to Latin America countries are struggling to overcome entrenched secrecy and establish effective disclosure policies More than seventy now have or are developing major disclosure policies or laws But most of the world s nearly 200 nations do not have coherent disclosure laws implementation of existing rules often proves difficult and there is no consensus about what disclosure standards should apply to the increasingly powerful private sector As governments and corporations battle with citizens and one another over the growing demand to submit their secrets to public scrutiny they need new insights into whether how and when greater openness can serve the public interest and how to bring about beneficial forms of greater disclosure The Right to Know distills the lessons of many nations often bitter experience and provides careful analysis of transparency s impact on governance business regulation environmental protection and national security Its powerful lessons make it a critical companion for policymakers executives and activists as well as students and scholars seeking a better understanding of how to make information policy serve the public interest

Funding of Political Parties and Election Campaigns ,2014-04-01 All political parties need funding to play their part in the political process yet the role of money in politics is arguably the biggest threat to democracy today This global threat knows no boundaries and is evident across all continents from huge corporate campaign donations in the United States and drug money seeping into politics in Latin America to corruption scandals throughout Asia and Europe Attempts to tackle these challenges through political finance laws and regulations are often undermined by a lack of political will or capacity as well as poorly designed and enforced measures This Handbook addresses the problems of money in politics by analysing political finance regulations around the world and providing guidance for reform The chapters are divided by region each assesses the current state of regulations in relation to its challenges and offers a series of recommendations to tackle the identified shortcomings This contextual approach has the benefit of revealing regional trends and patterns An additional chapter focuses on gender reflecting the reality that women remain grossly under represented in politics and how the increasing influence of money in politics perpetuates this inequality

Handbook of Research on Civic Engagement and Social Change in Contemporary Society Chhabra, Susheel,2018-02-23 Outreach and engagement initiatives are crucial in promoting community development and social change This can be achieved through a number of methods including public policy and urban development The Handbook of Research on Civic Engagement and Social Change in Contemporary Society is a critical scholarly resource that

examines the unexplored field of applying social change to civic engagement in an effort to enlarge public welfare activities Featuring coverage on a broad range of topics such as civic education sustainable development and child labor this publication is geared towards academicians researchers and students seeking current research on civic engagement and public welfare

Corruption, Economic Growth and Globalization Aurora A.C. Teixeira, Carlos Pimenta, António Maia, José António Moreira, 2015-08-14 Corruption is increasingly placed on top of the agenda of national governments and supra national institutions such as the OECD UN or the World Bank A necessary condition for promoting sustainable economic growth is the pre existence of a stable political system which is able to control corruption Corruption however is a very complex issue associated with institutional and cultural specificities personality traits related to individualistic values and criminal personalities In this book the social political and economic realities that prevail in particular settings are viewed from an interdisciplinary multidimensional and a multi country perspective This book is divided into three parts The first part presents a comprehensive theoretical and empirical framework of corruption with an overview of literature on economic growth and corruption Part two encompasses the in depth analysis of several countries ranging from middle corrupted contexts like Portugal to highly corrupted countries including Serbia Russia Thailand and China the latter viewed from the perspective of firms from a very low corruption country such as Finland The final part explores the prevention and control of corruption looking at the public sector in Thailand and fighting corruption with different strategies This volume is of the interest of those who study international economics development economics or organised crime
