

W.W. JACOBS

The background of the entire page is a dark, atmospheric painting. It depicts a man and a woman in a forest. The man is in the foreground, looking towards the right, while the woman is slightly behind him, also looking right. They are both dressed in dark, period-appropriate clothing. The forest is filled with bare trees and falling leaves, creating a somber and mysterious mood. The lighting is dim, with some highlights on the figures and the falling leaves.

The Monkey's Paw and Other Tales W.W. Jacobs,2014-11-01 Eighteen humorous tales of the macabre and supernatural from W W Jacobs including his classic The Monkey s Paw Considered one of the foremost humorists in England at the turn of the century W W Jacobs 1863 1943 is best known for his masterpiece of horror The Monkey s Paw He was the author of thirteen volumes of short stories all of which were commercially successful and eighteen of these are included together for the first time in this gripping collection of macabre fiction This book features Gothic narratives stories of the macabre and supernatural tales But they are also infused with shrewd and sardonic humor for which Jacobs was justifiably famous They demonstrate vividly his masterful instinct for weaving terror and suspense into scenes of ordinary life His boyhood memories of South Devon Wharf lend authenticity to the many stories with nautical backgrounds or that feature seamen as protagonists Because of its immense popularity The Monkey s Paw has tended to overshadow a good deal of Jacobs other work and it is undoubtedly the most readily recognized and by far the most anthologized story in the collection But readers will be delighted to know that Jacobs craftsmanship is abundantly apparent in many of his other tales as they will discover in this volume Horror and mystery aficionados will be intrigued and delighted by his range of skillful and witty prose and they will at last come to appreciate a writer whose other work has been for so long lost to the general public Eighteen of Jacobs admirably rich stories are gathered in this collection which shows off to advantage his absolute mastery of the form Obvious in his stories is a vein of humor regardless of whether they are conventional mysteries or tales of the macabre or the supernatural These stories will be at home in the hands of any admirer of the form

The Racial Hand in the Victorian Imagination Aviva Briefel,2015-09-16 The

hands of colonized subjects South Asian craftsmen Egyptian mummies harem women and Congolese children were at the crux of Victorian discussions of the body that tried to come to terms with the limits of racial identification While religious scientific and literary discourses privileged hands as sites of physiognomic information none of these found plausible explanations for what these body parts could convey about ethnicity As compensation for this absence which might betray the fact that race was not actually inscribed on the body fin de siècle narratives sought to generate models for how non white hands might offer crucial means of identifying and theorizing racial identity They removed hands from a holistic corporeal context and allowed them to circulate independently from the body to which they originally belonged Severed hands consequently served as human tools that could be put to use in a number of political aesthetic and ideological contexts

Danahay, 2017-05-15 The Victorian period witnessed the beginning of a debate on the status of animals that continues today This volume explicitly acknowledges the way twenty first century deliberations about animal rights and the fact of past and prospective animal extinction haunt the discussion of the Victorians obsession with animals Combining close attention to historical detail with a sophisticated analytical framework the contributors examine the various forms of human dominion over animals including imaginative possession of animals in the realms of fiction performance and the visual arts as well as physical control as manifest in hunting killing vivisection and zookeeping The diverse range of topics analyzed from a contemporary perspective makes the volume a significant contribution to Victorian studies The conclusion by Harriet Ritvo the pre eminent authority in the field of Victorian animal studies provides valuable insight into the burgeoning field of animal studies and points toward future studies of animals in the Victorian period
