

A full-page portrait of a dwarf, likely a jester or courtier, dressed in elaborate, dark armor with intricate patterns and a large, flat collar. He has a full beard and is looking directly at the viewer. He holds a long, thin object, possibly a sword or a staff, in his right hand and a small object, possibly a ring or a piece of jewelry, in his left hand. The background is dark and textured.

*Monstruos, enanos y bufones
en la Corte de los Austrias*

(A propósito del "Retrato de enano" de Juan Van der Hamen)

Monstruos Enanos Y Bufones En La Corte D

Jessica J Manson

Monstruos Enanos Y Bufones En La Corte D:

Arte y diplomacia de la monarquía hispánica en el siglo XVII José Luis Colomer, 2003 Tradicionalmente propicia a la historia política la diplomacia de la Monarquía ha suscitado en los últimos años un fecundo interés por parte de los historiadores del arte y de la sociedad de corte Los agentes de la política exterior gobernantes y virreyes embajadores y cardenales actuaron no sólo como intermediarios de los intereses artísticos de los reyes de España sino también como protagonistas de un intenso coleccionismo personal que emulaba el modelo real Los estudios sobre el arte y diplomacia vienen a demostrar que junto a los creadores de las obras desempeñaron también un papel determinante los aficionados que las encargaron coleccionaron vendieron e intercambiaron desde su posición de riqueza y poder se erigieron en directores del gusto y de las modas en el terreno artístico y su intervención fue capital para la difusión o la cotización de determinadas escuelas y artistas

Monstruos, enanos y bufones en la Corte de Los Austrias Alfonso E. Pérez Sánchez, Julián Gállego, Manuela B. Mena Marqués, 1986

The Drama of the Portrait: Theater and Visual Culture in Early Modern Spain, Examines theater and portraiture as interrelated social practices in seventeenth century Spain Features visual images and cross disciplinary readings of selected plays that employ the motif of the painted portrait to key dramatic and symbolic effect

Histories of the Normal and the Abnormal Waltraud Ernst, 2006-09-27 This fascinating volume tackles the history of the terms normal and abnormal Originally meaning as occurring in nature normality has taken on significant cultural gravitas and this book recognizes and explores that fact The essays engage with the concepts of the normal and the abnormal from the perspectives of a variety of academic disciplines ranging from art history to social history of medicine literature and science studies to sociology and cultural anthropology The contributors use as their conceptual anchors the works of moral and political philosophers such as Canguilhem Foucault and Hacking as well as the ideas put forward by sociologists including Durkheim and Illich With contributions from a range of scholars across differing disciplines this book will have a broad appeal to students in many areas of history

Giants and Dwarfs in European Art and Culture, ca. 1350-1750 Robin O'Bryan, Felicia Else, 2025-10-01 Not since Edward Wood's *Giants and Dwarfs* published in 1868 has the subject been the focus of a scholarly study in English Treating the topic afresh this volume offers new insights into the vogue for giants and dwarfs that flourished in late medieval and early modern Europe From chapters dealing with the real dwarfs and giants in the royal and princely courts to the imaginary giants and dwarfs that figured in the crafting of nationalistic and ancestral traditions to giants and dwarfs used as metaphorical expression scholars discuss their role in art literature and ephemeral display Some essays examine giants and dwarfs as monsters and marvels and collectibles while others show artists and writers emphasizing contrasts in scale to inspire awe or for comic effect As these investigations reveal not all court dwarfs functioned as jesters and giant figures might equally be used to represent heroes anti heroes and even a saint

Monstruos, enanos y bufones en la Corte de los Austrias, 1986 *Sex, Identity and Hermaphrodites in Iberia,*

1500–1800 Francisco Vazquez Garcia, 2015-10-06 Early modern European thought held that men and women were essentially the same. During the seventeenth century, medical and legal arguments began to turn against this one sex model, with hermaphroditism seen as a medieval superstition. This book traces this change in Iberia in comparison to the earlier shift in thought in northern Europe. *Monstruos, mujer y teatro en el Barroco* M. Reina Ruíz, 2005 Feliciano Enríquez de Guzmán es la primera mujer que publica su obra dramática en el Siglo de Oro. Coimbra 1624 Lisboa 1627 Este libro se centra en el análisis de su única obra conocida *Los jardines y campos sabeos* tragicomedia en dos partes que incluye diez coros y cuatro entre actos además de notables prólogos y dedicatorias. Esta monografía rescata a una de las dramaturgas más sorprendentes y menos estudiadas del período ureo. Vida y obra de Feliciano se dan la mano en un complejo entramado de datos biográficos valioso, manifiesto poético y audaz autoglorificación de su labor literaria. **The Golden Age Comedia** Charles Ganelin, Howard Mancing, 1994 Drawing on the groundbreaking Spanish scholarship and editions of earlier generations and relying on research conducted in Spanish archives, this pioneering group of English speaking scholars offers a new treatment of familiar material. The editors yoke together widely varying critical practices including incisive New Critical readings and far reaching explorations that draw on the most current European critical thought. In addition to these more strictly literary studies, there are interdisciplinary essays focusing on seventeenth and twentieth century reception and the social makeup of the comedia audience. The whole thus presents a balanced picture of the many ways in which the comedia can be viewed and the contributors complement each other's work in often surprising ways, illuminating the same corpus from a number of perspectives. *The Politics of Female Households: Ladies-in-waiting across Early Modern Europe*, 2013-10-24 *The Politics of Female Households* is the first collection that seeks to integrate ladies in waiting into the master narrative of early modern court studies. Presenting evidence and analysis of the multifarious ways in which women above stairs shaped the European courts of the sixteenth and seventeenth centuries, it argues for a reassessment of their political influence. The cultural agency of ladies in waiting is viewed in the reflection of portraiture, pamphlets and masques; their political dealings and patronage are revealed through analysis of letters, family networks, career patterns, gift exchange and household structures, as well as their activities in the fields of intelligence gathering and espionage. By concentrating on a previously neglected area of female agency, this collection demonstrates clearly that the political climate of Europe was often shaped outside the male dominated institutions of government and administration. Contributors include Helen Graham Matheson, Hannah Leah Crumm, Katrin Keller, Vanessa de Cruz, Birgit Houben, Dries Raeymaekers, Janet Ravenscroft, Una McIlvenna, Rosalind K. Marshall, Oliver Mallick, Cynthia Fry, Nadine Akkerman, Sara J. Wolfson, Fabian Persson and Jeroen Duindam.
