Robertson* Odin Dekkers,2018-10-26 Published in 1998 J M Robertson Rationalist and Literary Critic is a study of the life of one of the most erudite and prolific critics of the late nineteenth and early twentieth centuries The Scotsman John MacKinnon Robertson

1856 1933 rationalist and enemy of religion to the core published over one hundred books and thousands of articles in fields as diverse as sociology economics history anthropology biblical criticism and literary criticism This once widely known and feared author was all too quickly forgotten after his death and his work is now seldom read The aim of this book is to demonstrate that Robertson s writings and in particular his acute and powerful literary criticism much respected by T S Eliot have not lost their relevance for late twentieth century readers Moreover through the examinations of Robertson s work in its contextual framework this study provides a wide ranging perspective on the late Victorian literary scene which perhaps present day literary historians have not given the detailed attention it deserves *International Journal of Ethics* ,1911
