Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great Andrew J. Pottenger, 2022-11-30 This volume closely examines patterns of rhetoric in surviving correspondence by the Roman emperor Constantine on conflicts among Christians that occurred during his reign primarily the Donatist schism and Arian controversy Commonly remembered as the first Christian emperor of the Roman Empire Constantine's rule sealed a momentous alliance between church and state for more than a millennium His well known involvement with Christianity led him to engage with two major disputes that divided his Christian subjects the Donatist schism centred from the emperor's perspective on determining the rightful bishop of Carthage and the so called Arian controversy a theological conflict about the proper understanding of the Son's divine nature in relation to that of the Father This book examines a number of letters associated with Constantine that directly address both of these disagreements exploring his point of view and motivations to better understand how and why this emperor applied his power to internal church divisions Based on a close analysis of prominent themes and their functions in the rhetoric of his correspondence Pottenger argues that three doctrines of power served to inform and direct Constantine's use of power as he engaged with these problems of schism and heresy *Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great* is of interest to students and scholars of early Christianity and the history of the later Roman Empire

The Pattern of Christian Truth H. E. W. Turner, 2004-10-29 Walter Bauer's *Orthodoxy and Heresy in Earliest Christianity* created a stir with its argument that the teachings later condemned as heresy in the later second century onward were in fact dominant in the earliest decades of the church This full scale response by H E W Turner has not enjoyed the attention it deserves Turner's volume represents a learned and sophisticated restatement of the traditional view what became official orthodoxy was taught early on by the majority of church teachers albeit not in fully developed form

Renouncing the World Yet Leading the Church Andrea Sterk, 2009-06-30 Although an ascetic ideal of leadership had both classical and biblical roots it found particularly fertile soil in the monastic fervor of the fourth through sixth centuries Church officials were increasingly

recruited from monastic communities and the monk bishop became the dominant model of ecclesiastical leadership in the Eastern Roman Empire and Byzantium In an interesting paradox Andrea Sterk explains that from the world rejecting monasteries and desert hermitages of the east came many of the most powerful leaders in the church and civil society as a whole Sterk explores the social political intellectual and theological grounding for this development Focusing on four foundational figures Basil of Caesarea Gregory of Nyssa Gregory of Nazianzus and John Chrysostom she traces the emergence of a new ideal of ecclesiastical leadership the merging of ascetic and episcopal authority embodied in the monk bishop She also studies church histories legislation and popular ascetic and hagiographical literature to show how the ideal spread and why it eventually triumphed The image of a monastic bishop became the convention in the Christian east Renouncing the World Yet Leading the Church brings new understanding of asceticism leadership and the church in late antiquity Table of Contents Introduction I Basil of Caesarea and the Emergence of an Ideal 1 Monks and Bishops in the Christian East from 325 to 375 2 Asceticism and Leadership in the Thought of Basil of Caesarea 3 Reframing and Reforming the Episcopate Basil s Direct Influence II The Development of an Ideal 4 Gregory of Nyssa On Basil Moses and Episcopal Office 5 Gregory of Nazianzus Ascetic Life and Episcopal Office in Tension 6 John Chrysostom The Model Monk Bishop in Spite of Himself III The Triumph of an Ideal 7 From Nuisances to Episcopal Ideals Civil and Ecclesiastical Legislation 8 Normalizing the Model The Fifth Century Church Histories 9 The Broadening Appeal Monastic and Hagiographical Literature Epilogue The Legacy of the Monk Bishop in the Byzantine World Abbreviations Notes Frequently Cited Works Index **An Archbishop for the People** Richard Gribble, 2006 The definitive biography of San Francisco s celebrated archbishop Edward J Hanna who was Archbishop of the Bay from 1912 1935 replete with photos bibliography index and endnotes

Red Pope Vefie Poels, 2023-11-15 Arriving in Rome from the Netherlands in 1895 the Catholic priest and Redemptorist Willem van Rossum 1854 1932 rose quickly through the ranks of the curia In many ways an outsider he made a resounding success of his career His zeal in the fight against the virus of modernism earned him a cardinal s hat in 1911 and he was appointed prefect of the Congregation of Propaganda Fide in 1918 As red pope or head of the Vatican s mission department Van Rossum led a hard fought and ultimately successful campaign to separate missionary policy fundraising and staffing from Western nationalism and concentrate control over the worldwide missionary project at supranational level in Rome He was the driving force behind two programmatic documents on the missions by Popes Benedict XV and Pius XI which promoted the building up of indigenous churches and the educating of native clergy thus helping to create a favourable position for the Catholic church during the subsequent wave of decolonisation In the meantime Van Rossum continued to decry Italian dominance in the church as well as the curia s inefficiencies for instance in a vituperative pamphlet that he wrote shortly before his death This scholarly biography of Willem van Rossum rescues this great strategist behind the popes of the missions from oblivion and throws fascinating light on the history of the Catholic church and the Roman curia from the

late nineteenth century until far into the twentieth *Religious Human Rights in Global Perspective* John Witte, Johan David Van der Vyver, 1996-02-09

Social-Scientific Approaches to New Testament Interpretation David G. Horrell, 1999-01-01 In the past twenty five years New Testament scholars have drawn on the social sciences especially anthropology and sociology to develop a variety of new perspectives on early Christianity David Horrell here gathers together the classic works in this field including essays by for example John Barclay Philip Esler Wayne Meeks Luise Schottroff and Gerd Theissen For each selection David Horrell provides a short introduction and suggestions for further reading He also provides an introduction outlining the development and future prospects of the discipline An excellent reference and textbook for scholars and students

Doctrine and Power Carlos R. Galvao-Sobrinho, 2021-03-16 During the fourth century a d theological controversy divided Christian communities throughout the Eastern half of the Roman Empire At stake was not only the truth about God but also the authority of church leaders whose legitimacy depended on their claims to represent that truth In this book Carlos R Galvao Sobrinho argues that out of these disputes was born a new style of church leadership one in which the power of the episcopal office was greatly increased He shows how these disputes compelled church leaders repeatedly to assert their orthodoxy and legitimacy tasks that required them to mobilize their congregations and engage in action that continuously projected their power in the public arena These developments were largely the work of prelates of the first half of the fourth century but the style of command they inaugurated became the basis for a dynamic model of ecclesiastical leadership found throughout late antiquity

The Precarious Church Martyn Percy, 2023-05-19 What is the biggest threat facing churches today Not enough young people Too little mission and evangelism Unsustainable buildings Unappealing styles of worship Not enough diversity Whatever the reasons the church today seems to exist in a state of anxiety concerned with its self preservation In this bold and hopeful book Martyn Percy argues that a being a broken church is in fact good news as it is only through the cracks that the overwhelming abundance of God can shine through This collection of essays and reflections considers what it means to be a precarious church The term suggests uncertainty and peril yet it is rooted in the Latin *precatio* meaning prayer It argues that the Church s vocation is not to be successful or even to survive but to be precarious liminal unpredictable and mysterious a place of encounter with the holy The questions that should consume us are not how shall we remove the risks and alleviate our anxieties but rather how shall we live in this age of uncertainty Every age has had its uncertainties and this inspiring volume explores what faithfulness to each other and to God looks like in an age of anxiety

Religious Human Rights in Global Perspective John Witte Jr., Johan D. van der Vyver, 2023-12-11 In this Dickensian century of human rights the world has cultivated the best of religious rights protections but witnessed the worst of religious rights abuses In this volume Jimmy Carter John T Noonan Jr and a score of leading jurists assess critically and comparatively the religious rights laws and practices of the international community and of selected states in the Atlantic continents This volume and its companion *Religious Human Rights in Global Perspective* Religious

The Pattern of Our Calling David Hoyle, 2016-11-25 Ministry has always changed adapting to time and place But the pace of change has increased There is a greater need for success and less tolerance of diversity A few high achievers hold up their heads whilst others struggle or wonder how to make sense of what feels like failure Our theology is impoverished and we are so quick to adopt new models that we have forgotten our own past David Hoyle explores the changing theologies of ministry during the church's history with the aim of challenging the lack of theological reflection in some of today's results driven understanding of ministry that seems more influenced by the business world than by Christian theology and tradition Setting out to explain why theologians said what they said about ministry why it might matter and why it might be exciting Hoyle covers nearly two thousand years of theological reflection from the Didache to Michael Ramsey and current writers and provides a synthesis not found anywhere else The book offers realistic sustenance to practitioners struggling with the new demands on clergy

The Zionist Churches in Malawi Strohbehn, Ulf, 2016-05-11 This book presents an African Christian movement full of vitality and creativity The reader will meet believers who drink milk so that they may dream about angels reports about funerals where the mourners dance with the coffin on their shoulders and church members who are ritually not allowed to fertilize their fields or wear neck ties The author's unique insight into Malawi's Christian community addresses important issues in society Why have Spirit Churches including Pentecostalism been so successful in Malawi Why do some religious groups still refuse medical help up to the point that children die of cholera How did the independent churches deal with the colonial trauma In this masterful portrait Strohbehn takes the reader from industrial mine compounds to rural colonies where churches have set up their own spiritual and political rule He carefully dissects the fine lines between

traditional notions and Christianity's influence. We find a spiritual portrait of the Ngoni people, a fascinating cultural analysis of dancing and an encounter with a unique style of preaching.

The Challenges of the Pentecostal, Charismatic and Messianic Jewish Movements Peter Hocken, 2016-04-01. This book explores the Pentecostal and charismatic movements, tracing their development and their variety. Hocken shows how these movements of the Holy Spirit, both outside the mainline churches and as renewal currents within the churches, can be understood as mutually challenging and as complementary. The similarities and the differences are significant. The Messianic Jewish movement possesses elements of both the new and the old. Addressing the issues of modernity and globalization, this book explores major phenomena in contemporary Christianity, including the relationship between the new churches and entrepreneurial capitalism.

The Episcopate and the Parting of the Ways Martin Landgren, 2025-10-09. I denna avhandling analyseras användningen av termen episkopos och besläktade termer i kristna texter mellan 60 och 180 e.v.t. Kategorier från social identitetsteori relaterade till ledarskap som prototypikalitet, identitetsentreprenskap, identitetsproduktion och identitetsfrämjande indikerar att det framväxande biskopsmbetet inom de kristna grupperna spelade en betydande roll i utvecklingen av en specifikt kristen identitet. Viktiga texter från Nya testamentet: Filipperbrevet, Apostlagärningarna 1, Petrusbrevet och Pastoralbrevet och icke-kanoniska skrifter: Didache, Hermas Herden 1, Klemensbrevet, Ignatiusbrevet och Irenaeus Mot Heresierna. Alla dessa texter framhåller behovet av prototypiskt ledarskap, vilket betyder ledarskap som främjar kroppsliga gruppens normer. Texterna utvecklar också gruppens ideal som ett exempel på entreprenskap. Vissa drag som efterlevnad av halakha förutom Didache utsluts som uttryck för kristet liv. Dessutom ses det framväxande episkopatet från Apostlagärningarna till Irenaeus som en fortsättning på Jesus och apostlarnas uppdrag och som en representation av det himmelska riket. Ignatius så att kristen identitet är inbäddad i den episkopala strukturen, ett exempel på identitetsproduktion. Detta tyder på att det framväxande biskopsmbetet vidgade klyftan mellan kristna grupper och synagogor med endast det enskilda undantaget i Didache.
