Principles Of Contract Law:

Principles of Contract Law Richard Stone,1997 The Principles of Law aims to provide the law student with texts on the major areas within the law syllabus Each text is designed to identify and expound upon the content of the syllabus in a logical order citing the main and up to date authorities This work covers contract law *Principles of Contract Law* Steven J. Burton,2001 , *The Principles of the Law of Contract* Alastair James Kerr,2002 **Principles of Contract Law** Kevin S. Marshall,Juanda Lowder Daniel,2012-06-01 The law of contracts permeates most if not all other subjects of legal education Principles of Contract Law surveys the fundamental legal principles underlying the law of contracts addressing such customary topics as contract formation defenses and other doctrines of avoidance breach and performance remedies as well as such other collateral but related topics involving third party beneficiaries assignments and delegations The text addresses the traditional common law principles governing contracts and yet is accompanied by a steadied discussion of relevant commercial law principles pertaining to the sale of goods under Article 2 of the Uniform Commercial Code When able to do so the authors remained loyal to their commitment to utilize time honored classic common law cases in their presentment of the subject matter While this textbook adopts a classical approach to the study of contracts it is also provides a relevant and robust experience for the aspiring law student About the Authors Kevin S Marshall is Professor of Law at the University of La Verne College of Law Ontario California where he teaches Contracts Antitrust Corporate Finance and Governance and Law Economics Professor Marshall also serves as Lecturer at the University of La Verne College of Business and Public Administration where he teaches graduate courses in finance economics and quantitative methods Professor Marshall joined the La Verne Law faculty in 2004 after having practiced law for approximately twenty years in Dallas Texas Professor Marshall received his J D from Emory University School of Law and his M P A and his PH D in Political Economy from the University of Texas Professor Marshall also serves as both a testifying and consulting economic expert with respect to economic damages in Robinson Patman antitrust breach of contract class action fairness hearings wrongful termination employment discrimination personal injury and wrongful death cases Professor Marshall has published and presented numerous books and articles involving the interdisciplinary workings of law and economics Juanda Lowder Daniel is Professor Law at the University of La Verne College of Law Ontario California where she teaches Contracts Contract Drafting and Sales Professor Daniel received her J D from Emory University School of Law Professor Daniel joined the La Verne Law faculty in 2001 bringing with her a wealth of practice experience and moot court familiarity Professor Daniel spent four years as deputy city attorney for the City of Riverside California and several years in private practice She is a member of the state bars of California Michigan Illinois Washington and Minnesota and is admitted to the United States District Court Central District of California Professor Daniel has published and presented numerous articles on various aspects of the law of Contracts and Sales **Principles of Contract Law** Jeannie Marie Paterson,Andrew Robertson,2020 Principles of Contract

Law 6th Edition remains Australia's premier text for students of contract law. The new edition has been significantly revised in light of recent developments. **General Principles of Contract Law** S. Santhana Dass, 2017 **Principles of Contract Law and Theory** Larry D. DiMatteo, 2023-12-11 This informative and accessible book reviews the core concepts of contract law and theory from an Anglo American perspective. Larry A DiMatteo deftly analyses the key principles, rules and frameworks which have shaped Anglo American contract law as well as highlighting important legislative acts that have changed and modernised its development. **Principles of Contract Law** Marshall, *Principles of Contract Law* Steven J. Burton, Christopher R. Drahozal, 2018 Hardbound New hardbound print book *Principles of Contract Law, Third Edition* 2013 Kevin S. Marshall, Juanda Lowder Daniel, 2013-07 The law of contracts permeates most if not all other subjects of legal education. The third edition of *Principles of Contract Law* surveys the fundamental legal principles underlying the law of contracts, addressing such customary topics as contract formation, defenses and other doctrines of avoidance, breach and performance remedies as well as such other collateral but related topics involving third party beneficiaries, assignments and delegations. The text addresses the traditional common law principles governing contracts and yet is accompanied by a steadied discussion of relevant commercial law principles pertaining to the sale of goods under Article 2 of the Uniform Commercial Code. When able to do so, the authors remained loyal to their commitment to utilize time honored classic common law cases in their presentation of the subject matter. While this textbook adopts a classical approach to the study of contracts, it also provides a relevant and robust experience for the aspiring law student. About the Authors: Kevin S. Marshall is Professor of Law at the University of La Verne College of Law, Ontario, California, where he teaches Contracts, Antitrust, Corporate Finance and Governance, and Law Economics. Principles of Contract Law - 2010 Edition Kevin S. Marshall,Juanda Lowder Daniel,2010-12 The Principles of European Contract Law and Dutch Law:A Commentary Ewoud H. Hondius,H. J. Van Kooten,2002-08-27 The topic of harmonisation of European private law and European contract law in particular is rapidly gaining in importance The topic is not only widely studied by academics and students all over Europe and even beyond it is also on the political agenda of the European Parliament the European Commission and the European Council The most important achievement in this field is no doubt the Principles of European Contract Law PECL drafted by the Commission on European Contract Law The European Commission considers the PECL to be a serious option for further harmonisation of European contract law within the European Union This publication is the first to provide a systematic overview of the PECL in comparison with Dutch contract law as a whole The book is concise and because of its structure it is easily accessible Amongst the contributors there are many highly distinguished contract law specialists It may be used at universities in courses on Comparative Law European Private Law and European Contract Law It may also be used by international practitioners foreign students and academics interested in Dutch contract law who do not have access to Dutch contract law because they have no knowledge of the Dutch language Last but not least the book will be of interest to all jurists interested in the harmonisation of the European Private Law **Principle and Policy in Contract Law** Stephen Waddams,2011-08-18 Although presented as being derived from the past principles in contract law have been subject to constant reformulation thereby facilitating legal change while simultaneously seeming to preclude it Principle and policy have been mutually interdependent propositions not usually being called principles unless they have been perceived to lead to just results in particular cases and as likely to produce results in future cases that accord with common sense commercial convenience and sound public policy The influence of policy has been frequent in contract law but Stephen Waddams argues that an unmediated appeal to non legal sources of policy has been constrained by the need to formulate generalised propositions recognised as legal principles This interrelation of principle and policy has played an important role in enabling an uncoded system to hold a middle course between a rigid

formalism on the one hand and an unconstrained instrumentalism on the other
