## Principles Of Japanese Discourse:

**Principles of Japanese Discourse** Senko K. Maynard, 2009      日本語 Senko K. Maynard, 1998-03-05 Principles of Japanese Discourse offers the first detailed description in English of the structure and rhetorical effects observed in various genres of Japanese discourse Drawing on Japanese bunshooron and incorporating results of Western discourse studies the book covers principles of overall rhetorical organisation including ki shoo ten ketsu topic structure danraku and sentence chaining and presents a variety of rhetorical strategies frequently used in contemporary Japanese texts After presenting these principles in thirty compact entries Professor Maynard invites the reader to apply the knowledge gained to the comprehension of contemporary authentic Japanese text Seven selected readings are presented with vocabulary lists discourse notes and other tasks Translations are provided in the appendix In this book Professor Maynard has created a new category in the area of Japanese language learning and provided an excellent reference source not only for students but for instructors of the Japanese language worldwide      *Principles of Japanese Discourse* Senko K. Maynard, 1998-03-05 This is the first book on Japanese rhetorical style and strategy ever made available for English readers Professor Maynard presents in thirty entries clear explication of Japanese discourse organization and detailed analysis of the rhetorical strategies used Also included are practice readings selected from contemporary Japanese discourse including essays newspaper columns a short story a comic and an advertisement with translations and wordlists A helpful self study guide it is also an excellent reference source for students and instructors of Japanese      Linguistic Creativity in Japanese Discourse Senko K. Maynard, 2007-07-13 Using theoretical concepts of self perspective and voice as an interpretive guide and based on the Place of Negotiation theory this volume explores the phenomenon of linguistic creativity in Japanese discourse i e the use of language in specific ways for foregrounding personalized expressive meanings Personalized expressive meanings include psychological emotive interpersonal and rhetorical aspects of communication encompassing broad meanings such as feelings of intimacy or distance emotion empathy humor playfulness persona sense of self identity rhetorical effects and so on Nine analysis chapters explore the meanings functions and effects observable in the indices of linguistic creativity focusing on discourse creativity style mixture borrowing others styles genre mixture rhetorical creativity puns metaphors metaphors in multimodal discourse and grammatical creativity negatives demonstratives first person references Based on the analysis of verbal and visual data drawn from multiple genres of contemporary cultural discourse this work reveals that by creatively expressing in language we share our worlds from multiple perspectives we speak in self s and others many voices and we endlessly create personalized expressive meanings as testimony to our own sense of being      *Situated Politeness* Bethan L. Davies, Michael Haugh, Andrew John Merrison, 2011-05-19 Pragmatic and sociolinguistic analyses of im politeness have usually been dependent on context and cultural frames of reference This new study approaches the concept from an original perspective namely situatedness Although politeness research often concentrates on examining how speeches or discourses

themselves are situated with regards to different places and contexts the focus on just one situation and various text types within it can also be of value Situated Politeness is concerned with disentangling the factors which govern our behaviour within a given social context as well as across them A range of expanding disciplines including corpus linguistics critical discourse analysis and conversation analysis are brought to bear on the topic and this work will be of interest to a diverse global audience

**Multilingual Discourse Production** Svenja Kranich,Viktor Becher,Steffen Höder,Juliane House,2011-11-09 This volume presents discourse production in multilingual contexts as a specific type of language contact situation Translation may be seen as the prototypical type of multilingual discourse production other types would include parallel text production in different languages e g for websites or the production of versions more loosely connected with the source text When divergent communicative norms and conventions come into contact in any of these types of text production one may find that such conventions transcend established language boundaries potentially leading to the emergence of new genres This volume represents the first collection of papers that focus on the specific properties of language contact through multilingual discourse production It brings together approaches by historical linguists language contact researchers and translation scholars thus presenting the topic in its full variety and providing valuable suggestions for further research in this emerging field of study

*Encyclopedia of Linguistics* Philipp Strazny,2013-02-01 Utilizing a historical and international approach this valuable two volume resource makes even the more complex linguistic issues understandable for the non specialized reader Containing over 500 alphabetically arranged entries and an expansive glossary by a team of international scholars the Encyclopedia of Linguistics explores the varied perspectives figures and methodologies that make up the field

Maynard, 2005-02-28

Feelings play an enormous part in our lives but their expression is often neglected in foreign language education How do I communicate happiness surprise or anger How do others communicate these emotions to me Such questions become increasingly relevant as we become more competent in the language we are learning Expressive Japanese is the first detailed guide to emotion words and expressive strategies for students of the language Words connoting feelings such as *kanashii* sad are important in everyday Japanese conversation but communicating emotions effectively also requires the use of expressive strategies such as *Nani* What the heck *Yattaa* I did it or *Hottoite* Leave me alone Introductory chapters examine the characteristics constraints and history of expressive Japanese and discuss linguistic variations and styles and how these play a part in conveying emotion and empathy There follow more than seventy entries that draw on hundreds of authentic examples taken from a variety of sources including television dramas comics interviews novels essays newspaper articles and web sites In these examples students will find playful and creative uses of expressions that do not usually appear in language textbooks English cues and key Japanese expressions are indexed at the back of the volume making this a handy reference for anyone who possesses a grasp of the fundamentals of elementary Japanese Based on extensive research by a prominent linguist and teacher Expressive Japanese brings learners into the world of real human interaction and effectively illustrates how native speakers use language to convey identity and a sense of self as well as to communicate feelings and emotion

Japanese Communication Senko K. Maynard, 1997-06-01 In an accessible and original study of the Japanese language in relation to Japanese society and culture Senko Maynard characterizes the ways of communicating in Japanese and explores Japanese language associated modes of thinking and feeling Japanese Communication Language and Thought in Context opens with a comparison of basic American and Japanese values via cultural icons the cowboy and the samurai before leading the reader to the key concept in her study rationality Writing for those who have a basic knowledge of Japanese language and culture Maynard examines topics such as masculine and feminine speech swearing expressions of ridicule and conflict adverbs of emotional attitude and the eloquence of silence Maynard provides a refreshing and entertaining perspective for interpreting contemporary Japan sometimes in contrast to the United States      **Japanese English** James

Stanlaw, 2004-01-01 The volumes in this series set out to provide a contemporary record of the spread and development of

the English language in South Southeast and East Asia from both a linguistic and literary perspective Each volume will reflect themes that cut across national boundaries including the study of language policies globalization and linguistic imperialism English in the media English in law government and education hybrid Englishes and the bilingual creativity manifested by the vibrant creative writing found in a swathe of Asian societies This book gives an in depth analysis of the use of the English language in modern Japan It explores the many ramifications the Japanese English language and culture contact situation has for not only Japanese themselves but also others in the international community Data for this book has been gathered using anthropological ethnographic fieldwork augmented by archival sources written materials and items from popular culture and the mass media An interdisciplinary approach including those of anthropological linguistics sociolinguistics cognitive science and symbolic anthropology is taken in the exploration of the topics here This book s arguments focus on four major theoretical linguistic and social issues namely the place of the Japanese English case in the larger context of World Englishes the place of the Japanese English case in a general theory of language and culture contact how Japanese English informs problems of categorization meaning construction and cognition and what it says about the social construction of identity and sense of self nationalism and race This book will be of interest to linguists anthropologists sociologists cognitive scientists and all readers who are interested in language contact sociolinguistics English as an international language and World Englishes It will also appeal to those who are interested in Japan and popular culture

Applied Cultural Linguistics Farzad Sharifian, Gary B. Palmer, 2007-04-11 Research in the relatively new field of cultural linguistics has implications for second language learning and intercultural communication This volume is the first of its kind to bring together studies that examine the implications for applied programs of research in these domains Collectively the contributions explore the interrelationship between language culture and conceptualisations Each study focuses on a different language and culture The languages cultures studied include Japanese Chinese Arabic Persian English Aboriginal English and African English The particular conceptual bases of the contributions range from theories of embodiment and conceptual metaphors to theories of schemas and cultural scripts Several authors directly address the application of their observations to the fields of second language dialect learning and intercultural communication while others first present a theoretical analysis and then explore its practical implications Collectively the contributions establish a novel direction for research in applied linguistics
