The Fundraising Reader Beth Breeze, Donna Day Lafferty, Pamala Wiepking, 2023-04-17. The *Fundraising Reader* draws together essential literature establishing a one stop body of knowledge that explains what fundraising is and covers key concepts, principles and debates. The book shines a light on the experience of being a fundraiser and answers an urgent need to engage with the complexities of a facet of the non profit sector that is often neglected or not properly understood. This international compilation features extracts from key writing on fundraising with a comprehensive contextualising introduction by the editors. Uniquely, this Reader shares conflicting positions relating to age old and current debates on fundraising: Is fundraising marketing? Should donors or the community be front and centre in fundraising? How can fundraisers deal with ethical dilemmas such as tainted donors and money? Best practice and future trends are also covered, including the impact of new technologies and responding to demands for greater diversity, inclusion and equity in fundraising teams. This Reader is for those who seek to further develop their own understanding of fundraising and it provides an invaluable resource for academic courses and professional training.
