Theory of Social Reconstruction Parmeshwari Dayal,2006 Gandhian Thought Can Be Evaluated In Two Perspectives One Is What Gandhi Basically Stands For He Distrusted Industrialism And Had The Courage To Decry Industrialization With Mass Production Even When It Was At Its Peak In That Spirit Gandhian View Of Human Society Is An Alternative To Modern Industrial Society In The Other Perspective Gandhian Thought Is Evaluated In Terms Of The Needs And Requirements Of The Existing Society And An Attempt Is Made To Reinterpret It To Suit Those Requirements In This Endeavour The Basic Spirit Of Gandhian Ideals Very Often Is Sacrificed Or Compromised The Present Book Gandhian Theory Of Social Reconstruction Analyses Gandhian Thought In The First Perspective And Thereby Provides A Rational And Viable Framework Of Post Industrial Human Society After Gandhian Ideals It First Establishes That There Is The Need To Find An Alternative To Industrial Society And That The Alternative Could Be Based On Spirituality The Concept Of Spirituality Is Discussed Here In Secular And Sociological Terms Avoiding All Jargons Of Various Religions And Philosophy Further The Book Propounds A New Unconventional Classification Of Human Motivation Encompassing The Entire Gamut Of Motivational Urge It Also Introduces The Concept Of Soul Force As A New Dimension To The Realms Of Theory And Practice Of Social Reconstruction This Is Based On The Awakening Of The Soul To Its Potential Or Force That Gives Strength To The Individual At Least To Uphold One S Dignity And Self Respect Which Are Being Violated In The Present Society Whether Of The West Or Of The East For Creating And Sustaining Soul Force This Theory Provides Appropriate Instruments And Methods The Book Also Outlines The Constitution Of A Non Violent Society Incorporating Such Ingredients As May Lead To The Emergence Of A Non Violent And Spiritual Social Order The Book Then Goes On To Discuss The Method Of Non Violent Action In The Manner Of A Process As A Gandhian Technique For Conflict Resolution Fighting Against Social Injustice And Exploitation And Rebuilding The New Society One May Ridicule The Theory As Utopian But The Goals Should Always Be Set On The Highest Side Even Though They May Never Be Realized In Their Completeness One Should Constantly Try To Reach Them As High As Possible

To The Best Of One S Capacity The Goals Should Never Be Set On The Lower Level This Book Opens Up Many New Vistas For Research And Joins The Current Debate In Political And Economic Fields On Social Reconstruction Going On Since The Second World War And More So After The Collapse Of Communism In Soviet Russia And The 9 11 Events That Have Agitated The Human Conscience **Prophecy and Dissent, 1914-16** Bertrand Russell,1988 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company *A Course of Eighth Lecture on Principles of Social Reconstruction Will be Given* Bertrand Russel, **Critical Reflections on Teacher Education** Howard Woodhouse,2022-09-28 Critical Reflections on Teacher Education argues that educational philosophy can improve the quality of teacher education programs in Canada the United States and the United Kingdom The book documents the ways in which the market model of education propagated by governments and outside agencies hastens the decline of philosophy of education and turns teachers into technicians in hierarchical school systems A grounding in educational philosophy however enables future teachers to make informed and qualified judgements defining their professional lives In a clear and accessible style Howard Woodhouse uses a combination of reasoned argument and narrative to show that educational philosophy together with Indigenous knowledge systems forms the basis of a climate change education capable of educating future teachers and their students about the central issue of our time **The Collected Papers of Bertrand Russell, Volume 13** Bernd Frohmann,Mark Lippincott,Richard A. Rempel,2024-08-01 Bertrand Russell s shorter writings against British participation in the First World War from its outbreak until the formation of Lloyd George s coalition It includes the fullest documentation yet of the continuing government attempts to stifle Russell then regarded as Britain s most dangerous pacifist **Russell Revisited** Alan Schwerin under the auspices of the Bertrand Russell Society,2009-03-26 Bertrand Russell has played a central role in the development of modern western philosophy especially analytic philosophy An appreciation of the main themes and arguments of the thinkers who contributed to this modern movement in philosophy must include references to and analyses of Russell s important contributions It would seem that many do recognize the significance of his thought and have shown this in a somewhat dramatic manner Russell s Google number for instance is about 2 35 million If the number of entries listed in this search engine is any indication of the level of interest online in Russell we can surely conclude that the thought and life of this aristocratic English philosopher logician and humanist still captures the imagination of tens of thousands if not millions around the globe even some thirty seven years after his death How do we account for this abiding interest in Russell In a word it is accessibility Whether it is the complex epistemological issue of the veracity of sense data the conundrums associated with the possibility of non existent objects the intricacies of the debates on the nature of language or the interminable search of a clear understanding of happiness Russell inevitably has something profound and clear to say on the matter Readers of Russell Revisited Critical Reflections on the Thought of Bertrand Russell will be reminded of this fact time and time again as they explore the analyses here Representing some of the best of the most recent scholarship on

Russell the articles gathered in this collection serve as a testament to the value of Russell's diverse contributions to a wide range of challenging philosophical issues **The East Asian Dimension of the First World War** Jan Schmidt, Katja Schmidtpott, 2020-03-11 Which role did East Asia play in the First World War How did East Asian commentators see and interpret the totalizing war in Europe and elsewhere Which lessons did they draw from this experience for their own societies How did economic networks shift Which influence did the war have on East Asian visions of world order This volume aims to introduce new scholarship in many cases by hitherto untranslated East Asian authors It is part of a larger movement in current historiography to emphasize the globality of the First World War without losing sight of local repercussions and developments in East Asia **Principles of Social Reconstruction - Primary Source Edition** Bertrand Russell, 2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book Principles of Social Reconstruction by Bertrand Russell.
