The Ante-Nicene Fathers Reverend Alexander Roberts,2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume V of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find the writings of Hippolytus who during his time was considered an antipope because of his conflicts with the Church Cyprian a bishop of Carthage who greatly supported the establishment of the Church Caius who supposedly wrote the Muratorian Canon the oldest list of the books in the New Testament Novatian an antipope who founded a sect of Christianity that endured a few hundred years after his death
