that the social is represented as increasingly politically urgent The insistent rhythm of the serial reorganizes time recalibrates and rescales the social and will prepare the way for the 1848 revolutions which are the subject of the next book By placing their work back into the messy print and performance culture from which it originally appeared Serial Forms is able to produce new and exciting readings of familiar authors such as Scott Byron Dickens and Gaskell Rather than offering a rarefied intellectual history or chopping up the period into Romantic and Victorian Clare Pettitt tracks the development of communications technologies and their impact on the ways in which time history and virtuality are imagined

**Royalism, Print and Censorship in Revolutionary England** Jason McElligott,2007 A study of the content and methods of royalist propaganda via newsbooks in the crucial period following the end of the first civil war This is a study of a remarkable set of royalist newsbooks produced in conditions of strict secrecy in London during the late 1640s It uses these flimsy ephemeral sheets of paper to rethink the nature of both royalism and Civil War allegiance **Royalism Print and Censorship in Revolutionary England** moves beyond the simple and simplistic dichotomies of absolutism versus

constitutionalism In doing so it offers a nuanced innovative and exciting vision of a strangely neglected aspect of the Civil Wars Print has always been seen as a radical destabilizing force an agent of social change and revolution Royalism Print and Censorship in Revolutionary England demonstrates by contrast how lively vibrant and exciting the use of print as an agent of conservatism could be It seeks to rescue the history of polemic in 1640s and 1650s England from an undue preoccupation with the factional squabbles of leading politicians In doing so it offers a fundamental reappraisal of the theory and practice of censorship in early modern England and of the way in which we should approach the history of books and print culture JASON McELLIGOTT is the J P R Lyell Research Fellow in the History of the Early Modern Printed Book at Merton College Oxford
