Prison Policy And Practice:

Understanding Prisons: Key Issues In Policy And Practice Coyle, Andrew, 2005-12-01 Few people can talk about prisons with the authority and experience that Andrew Coyle brings to his subject. A former prison governor, an academic, an international activist and a practical reformer, Professor Coyle knows prisons inside and out, home and abroad, past and present. In *Understanding Prisons*, he uses his impressive expertise to guide researchers through the changing world of the English prison. The result is an accessible, up-to-date and highly informative book that will be welcomed by students and practitioners alike. David Garland, NYU author of *The Culture of Control*. Andrew Coyle has drawn on his lifelong experience of governing prisons in Scotland and England and as the former Director of the International Centre for Prison Studies, Kings College London, studying prisons worldwide. He has written a comprehensive account of the use of imprisonment and the character of prisons. He persuasively argues that our continued extensive use of imprisonment cannot simply be explained or justified by the incidence of crime and could otherwise. His book merits close attention. Rod Morgan, Chairman, Youth Justice Board. There are over nine million men, women and children in prison around the world, and the number of people in prison in England and Wales has increased significantly in recent years. Yet in many respects, prison remains the last secretive public institution in our society. *Understanding Prisons* provides a unique, in-depth examination of prisons: how they function, what they achieve, and their historical and political context. The book describes how prisons developed into their present form, looks at who is sent to prison and what happens to them while they are there, explains how the prison system and staff in England and Wales are organised, examines how order and control is maintained, and how high security prisons operate. It looks at prisoners' families and the wider community, offers a future vision of the prison system. This is essential reading for criminology and sociology students and researchers, criminal justice practitioners, the media, and members of the public who are interested in learning more about the closed world of the prison.

The Prison Gordon Hawkins,1976 Despite lethal explosions of violence from within and critical assaults from without it seems certain that prisons will continue to exist for the foreseeable future Gordon Hawkins argues that certain key issues which attend the use of imprisonment as a penal method must be dealt with realistically Beginning with a discussion of the ideology of imprisonment and the principal lines of criticism directed at it Hawkins examines such issues as the prisonization hypothesis the theory that prisons serve as a training ground for criminals the role of the prison guard work in prisons and the use of prisoners as research subjects for medical experiments He also deals with the prisoners rights movement and its implications for the future of prison administration Hawkins not only makes specific recommendations for reform he also carefully appraises the barriers which obstruct their implementation Hawkins devotes a large portion of this relatively short book to a discussion of some of the really crucial policy activities that tend to stifle meaningful reform and then goes on to tell how at least some of these policies can be altered The book concludes with a chapter devoted to a discussion of impediments to change that should be required reading for all serious students of penology Choice Hawkins has added a much needed down to earth analysis of prison This is not a pessimistic book It is a realistic book It avoids the pitfall of utopian and single factor solutions to an extremely complex problem Graeme R Newman Annals of the American Academy of Political and Social Science *Critical Issues in Crime and Justice: Thought, Policy, and Practice* Mary Maguire,2011 This text provides a comprehensive overview of the criminal justice and criminology curriculum through contributed essays designed to review and expand upon key areas of study The text will explore and examine theory cases laws and policies as they have been shaped by a larger social cultural and historical context Topics span the gamut of the Criminal Justice and Criminology curriculum including crime theory law enforcement jurisprudence corrections and organizations **Nordic Prison Practice and Policy - Exceptional Or Not?** Thomas Ugelvik,Jane Dullum,2011-07-29 Written by leading prison scholars from the Nordic countries as well as selected researchers from the English speaking world looking in this book explores and discusses the Nordic jurisdictions as contexts for the specific penal policies and practices that may or may not be described as the exception from the rule **Routledge Handbook of Physical Activity Policy and Practice** Joe

Piggin, Louise Mansfield, Mike Weed, 2017-12-22 Physical activity inactivity and their relationship to health are serious concerns for governments around the world This is the first book to critically examine the policy and practice of physical activity from a multi disciplinary social scientific perspective Moving beyond the usual biophysical and epidemiological approaches it defines and explores the key themes that are shaping the global physical activity debate Unrivalled in its scale and scope it presents the latest data on physical activity from around the world including case studies from Europe North and South America Africa and Asia Drawing on social economic and behavioural sciences it covers contexts from the global to the local and introduces the dominant ideas which inform the study of physical activity Its 41 chapters examine the use of different forms of evidence in policymaking the role of organisations in advocating physical activity and the practical realities of public health interventions The Routledge Handbook of Physical Activity Policy and Practice is a landmark publication for all students academics policymakers and practitioners interested in the social scientific study of sport exercise physical activity and public health

[Handbook on Prisons](#) Yvonne Jewkes, Ben Crewe, Jamie Bennett, 2016-02-23 The second edition of the Handbook on Prisons provides a completely revised and updated collection of essays on a wide range of topics concerning prisons and imprisonment Bringing together three of the leading prison scholars in the UK as editors this new volume builds on the success of the first edition and reveals the range and depth of prison scholarship around the world The Handbook contains chapters written not only by those who have established and developed prison research but also features contributions from ex prisoners prison governors and ex governors prison inspectors and others who have worked with prisoners in a wide range of professional capacities This second edition includes several completely new chapters on topics as diverse as prison design technology in prisons the high security estate therapeutic communities prisons and desistance supermax and solitary confinement plus a brand new section on international perspectives The Handbook aims to convey the reality of imprisonment and to reflect the main issues and debates surrounding prisons and prisoners while also providing novel ways of thinking about familiar penal problems and enhancing our theoretical understanding of imprisonment The Handbook on Prisons Second edition is a key text for students taking courses in prisons penology criminal justice criminology and related subjects and is also an essential reference for academics and practitioners working in the prison service or in related agencies who need up to date knowledge of thinking on prisons and imprisonment

Prisons and Imprisonment Cormac Behan, Abigail Stark, 2023-01-01 This textbook examines prisons and imprisonment Historically prisons and prisoners have been a source of interest to the general public

However despite near universal acceptance of imprisonment as a feature of society we know relatively little about the reality of prison life or the effects it has on individuals and communities Using academic scholarship empirical research government papers policy reports and accounts from lived experiences of the institution this book analyses the complexities and contradictions of prison life the place of the prison in twenty first century society and its prospects for the future This book will introduce readers to key debates surrounding the use of imprisonment and challenge readers to interrogate conventional perspectives on an institution that reflects the society in which it is situated

Scandinavian Penal History, Culture and Prison Practice Peter Scharff Smith, Thomas Ugelvik, 2017-07-28 This book draws on historical and cross disciplinary studies to critically examine penal practices in Scandinavia The Nordic countries are often hailed by international observers as model societies with egalitarian welfare policies low rates of poverty humane social policies and human rights oriented internal agendas This book however paints a much more nuanced picture of the welfare policies ideologies and social control in strong centralistic states Based on extensive new empirical data leading Nordic and international scholars discuss the relationship between prison conditions in Scandinavia and Scandinavian social policy more generally and argue that it is not always liberating and constructive to be embraced by a powerful welfare state This book is essential reading for researchers of state punishment in Scandinavia and it is highly relevant for anyone interested in the Nordic Model of social policy

Dictionary of Prisons and Punishment Yvonne Jewkes, Jamie Bennett, 2013-01-11 Covers the rapidly developing and increasingly professionalized field of contemporary prison practice with its increased emphasis on skills and qualifications and its new set of ideas and concepts

Women Exiting Prison Bree Carlton, Marie Segrave, 2013-05-02 Women s incarceration is on the rise globally and this has significant intergenerational economic and humanitarian costs for communities across the world While there have been efforts to implement reform particularly in countries such as Canada UK US and Australia the growing evidence suggests women s prisons and the support structures surrounding them are in crisis This collection of critical essays presents groundbreaking research on women s post imprisonment policy practice and experiences It is the first collection to offer international perspectives on gender criminalisation the effects of imprisonment and women centred approaches to the short and long term support of women exiting prison It offers cutting edge insights into contemporary policy developments and women s experiences across the US the UK Australia Canada and Northern Ireland The collection makes two important contributions First it marks a departure from an instrumental and individual focus on what works to reduce women s offending and re offending behaviour a prevailing approach within competing collections focused on post release issues Second it presents critical original research with robust empirical foundations to revive feminist criminological engagement around gender imprisonment and most critically post release management support and survival The collection will appeal to academics and community based advocates activists lawyers and practitioners engaged in advocacy and service provision for imprisoned women It is also an important and unique analysis for

undergraduate and postgraduate students studying criminological and social science courses particularly those related to gender and crime imprisonment and correctional policy and qualitative research methods

Prisons, Politics and Practices in England and Wales 1945-2020 David J. Cornwell, 2021-09-30 This book presents both a survey of and commentary upon the penal process of England and Wales between 1945 and 2020 from the primary perspective of prisons and their operational management Part I focusses on the extent to which governmental policies changing concepts in penology and significant events affected the performance and management of prisons during four key periods 1945 1991 1991 1997 1997 2007 and 2007 2020 Part II presents a vision for more effective operation of prisons within the wider penal process in the 2020s and beyond It draws upon the author's academic insights and his experience as a former prison governor This book speaks to those in the social sciences law and politics and to professionals in government and in the penal system who are interested in reform

Penal Cultures and Female Desistance Linnéa Österman, 2017-12-12 This book makes a unique contribution to the internationalisation of criminological knowledge about gender and desistance through a qualitative cross national exploration of the female route out of crime in Sweden and England By situating the female desistance journey in diverse penal cultures the study addresses two major gaps in the literature the neglect of critical explorations of gender in desistance related processes and the lack of internationally comparative perspectives on the lived experience of desistance Grounded in a feminist methodology underpinned by a critical humanist perspective this book draws on 24 life story narrative interviews with female desisters across Sweden and England The discussion covers departure points qualitative experiences of criminal justice as well as barriers and ladders in the female route out While some cross national symmetry is detected particularly in the areas of victimisation and issues around short custodial sentences overall the findings indicate that diverse macro processes and models especially in terms of inclusive versus exclusive penal cultures effectually trickle down to the women in this study and produce different micro experiences of desistance Providing new qualitative evidence of the Nordic Exceptionalism thesis this book finds that comparatively the Swedish model offers a macro context supported and reflected in allied meso practices which is more conducive to the formation of female desistance narratives This unique comparative study marks a step change in desistance literature and will be essential reading for those engaged in the disciplines of penology rehabilitation gender and crime and offender management

The SAGE Handbook of Drug & Alcohol Studies Torsten Kolind, Betsy Thom, Geoffrey Hunt, 2016-10-20 With contributions from leading international academics across the social sciences this accessible handbook takes a critical look at the key theories disciplinary approaches contemporary issues and debates in the field Part I Central Social Science Theories Drug and Alcohol Studies Part II Pillars in Social Science Drug and Alcohol Studies Part III Controversies and New Approaches in Social Science Drug and Alcohol Studies This Handbook is an excellent reference text for the growing number of academics students scientists and practitioners in the drug and alcohol studies community

Supporting Children of Incarcerated

Parents in Schools Whitney Q. Hollins, 2021-09-06 Drawing on qualitative research conducted with young people in New York this volume highlights the unique experiences of children of incarcerated parents COIP and counters deficit based narratives to consider how young people's voices can inform and improve educational support services Supporting Children of Incarcerated Parents in Schools combines the author's original research and personal experiences with an analysis of existing scholarship to provide unique insight into how COIP experience schooling in the United States With a focus on the benefits of qualitative research for providing a more nuanced portrayal of these children and their experiences the text foregrounds youth voices and emphasizes the resilience maturity and compassion which these young people demonstrate By calling attention to the challenges that COIP face in and out of school and also addressing associated issues around race and racism the book offers large and small scale changes that educators and other allies can use to better support children of incarcerated parents This volume will be of interest to scholars and researchers interested in the sociology of education race and urban education and the impacts of parental incarceration specifically It will also be of benefit to educators and school leaders who are supporting young people affected by these issues

The Palgrave Handbook of Incarceration in Popular Culture Marcus Harmes, Meredith Harmes, Barbara Harmes, 2020-02-03 The Handbook of Incarceration in Popular Culture will be an essential reference point providing international coverage and thematic richness The chapters examine the real and imagined spaces of the prison and perhaps more importantly dwell in the uncertain space between them The modern fixation with seeing inside prison from the outside has prompted a proliferation of media visions of incarceration from high minded and worthy to voyeuristic and unrealistic In this handbook the editors bring together a huge breadth of disparate issues including women in prison the view from inside prisons as a source of entertainment the real worlds of prison and issues of race and gender The handbook will inform students and lecturers of media film popular culture gender and cultural studies as well as scholars of criminology and justice

The Politics of Punishment Louise Brangan, 2021-05-16 Prisons are everywhere Yet they are not everywhere alike How can we explain the differences in cross national uses of incarceration The Politics of Punishment explores this question by undertaking a comparative sociological analysis of penal politics and imprisonment in Ireland and Scotland Using archives and oral history this book shows that divergences in the uses of imprisonment result from the distinctive features of a nation's political culture the different political ideas cultural values and social anxieties that shape prison policymaking Political culture thus connects large scale social phenomena to actual carceral outcomes illuminating the forces that support and perpetuate cross national penal differences The work therefore offers a new framework for the comparative study of penalty This is also an important work of sociology and history By closely tracking how and why the politics of punishment evolved and adapted over time we also yield rich and compelling new accounts of both Irish and Scottish penal cultures from 1970 to the 1990s The Politics of Punishment will be essential reading for students and academics interested in the sociology of punishment comparative

penology criminology penal policymaking law and social history *Beyond Scandinavian Exceptionalism* Helene De Vos, 2023-04-28 This book explores how prison life is normalized in different countries with a critical and detailed look at Scandinavian exceptionalism the idea that Scandinavian prisons have exceptionally humane conditions and compares these prisons to ones in Belgium It provides a more nuanced systematic and contextualized comparison of normalization in two countries Through analyzing policy and legislative documents participant observation and interviews it seeks to understand how normalization is implemented differently in prison legislation policies and practices and compares the two societies for context It also considers the material prison environment security the social environment and the use of time in prison It provides insights into how normalization can be successfully and holistically implemented in both policy and practice to contribute to a more pure form of liberty deprivation as punishment without too many unintended effects **Nordic**

Nationalism and Penal Order Vanessa Barker, 2017-11-08 In late summer 2015 Sweden embarked on one of the largest self described humanitarian efforts in its history opening its borders to 163 000 asylum seekers fleeing the war in Syria Six months later this massive effort was over On January 4 2016 Sweden closed its border with Denmark This closure makes a startling reversal of Sweden s open borders to refugees and contravenes free movement in the Schengen Area a founding principle of the European Union What happened This book sets out to explain this reversal In her new and compelling book Vanessa Barker explores the Swedish case study to challenge several key paradigms for understanding penal order in the twenty first century and makes an important contribution to our understanding of punishment and welfare states She questions the dominance of neoliberalism and political economy as the main explanation for the penalization of others migrants and foreign nationals and develops an alternative theoretical framework based on the internal logic of the welfare state and democratic theory about citizenship incorporation and difference paying particular attention to questions of belonging worthiness and ethnic and gender hierarchies Her book develops the concept of penal nationalism as an important form of penal power in the twenty first century providing a bridge between border control and punishment studies
