Prison Conditions in Poland Herman Schwartz, Human Rights Watch (Organization), 1988      **The Human Rights Watch Global Report on Prisons** Human Rights Watch (Organization), 1993 14 After a riot      **Prison Conditions in Romania** Holly Cartner, 1992      Human Rights Watch World Report 1992 Human Rights Watch, 1991      Prison Conditions in Czechoslovakia Herman Schwartz, 1989 Physical and Sexual Assaults      **Comparing Prison Systems** Nigel South, Robert P. Weiss, 2014-01-02 This book provides in depth original and critical analyses by leading scholars of the penal systems of 16 nations around the world focusing on changes in social structure culture and punishment since 1975 Contributors provide an international and comparative context in which to understand the impact of recent profound economic social and political changes on penal theory and practice      Cognitive Modelling in Language and Discourse across Cultures Annalisa Baicchi, Erica Pinelli, 2017-08-21 This volume deals with core issues in figurative language and figurative thought It also explores areas of convergence between idealised cognitive models and language across fourteen European and non European languages Croatian English German Greek Italian Japanese Persian Polish Russian Old Saxon Sicilian Spanish Swedish and Turkish The collection foregrounds the relationship that holds between literalness and figurativeness in meaning construction it emphasises the role of conceptual metonymy and metaphor as the main cognitive tools at work in inferential activity and as generators of discourse ties and it also depicts the import of cognitive models in the production and interpretation of multimodal communication In addition a number of more specific topics are addressed from different perspectives such as language variation and cultural models the argumentative role of metaphor in discourse and the role of empirical work in cognitive linguistics      **Encyclopedia of Human Rights** Edward H. Lawson, 1996 Preface to the first edition      **Country Reports on Human Rights Practices** , 1983      **Increasing Turbulence** M. Bernard Aidinoff, Kenneth Anderson, 1989      **Prison Conditions in Spain** Joanna Weschler, Alejandro Miguel Garro, 1992      **Human Rights in Russia** Jonathan Weiler, 2004 Weiler argues that the processes associated with political and economic reform have in important instances diminished human rights in post Soviet Russia      The Cumulative Book Index , 1991 A world list of books in the English language      Books in Print , 1991      Kontrolle des Strafvollzuges Thordis Koeppel, 1999      **Prison Conditions in the Soviet Union** Helsinki Watch (Organization : U.S.), Robert Kushen, 1991      **RFE/RL Research Report** , 1992      **Legal Reform in Post-Communist Europe** Stanislaw J. Frankowski, Paul B. Stephan III, 2023-10-20 This book represents an effort to assess the unprecedented political economic and social reforms that have swept through Central and Eastern Europe in the five years since the collapse of Communism The dismantling of the Warsaw Pact the Council for Mutual Economic Assistance the Communist Party apparatus and the various manifestations of the nomenklatura political control system have meant different things in different countries but throughout the region we have witnessed a struggle to replace an authoritarian one party political system and a command economy with something resembling Western style

constitutional democracy and market economics Accompanying this struggle have been attempts to transform the legal structure of these countries It is no exaggeration to claim that lawyers and particularly legal scholars have played a central role in the struggle for reform in post communist Europe As conceived by its principal organizer and editor Stanislaw Frankowski this study gives these scholars an opportunity to express their perceptions of the success achieved to date and the work still remaining A secondary goal is to expose a Western audience to the views and insights of legal scholars who have worked within the Central and Eastern European traditions The four parts of this book reflect the principal areas in which legal reform seemed essential First comes the reconstitutionalization of the societies in question which means above all else the elimination of single party politics and the notion of unity of powers Then comes the creation of the legal institutions that would make possible a civil society under law Then the institutions that moderate and control the uses of state power to discipline and punish persons that have transgressed the society s norms Finally there is the question of how law reform had dealt with industrial democracy and the anticipated transformation of the workplace     Bibliographic Guide to Soviet and East European Studies, 1992 G.
