Prison Writings Régis Debray, 1973 *Prison Writing and the Literary World* Michelle Kelly, Claire Westall, 2020-10-27
Prison Writing and the Literary World tackles international prison writing and writing about imprisonment in relation to questions of literary representation and formal aesthetics the value or values of literature textual censorship and circulation institutional networks and literary critical methodologies It offers scholarly essays exploring prison writing in relation to wartime internment political imprisonment resistance and independence creation regimes of terror and personal narratives of development and awakening that grapple with race class and gender Cutting across geospatial divides while drawing on nation and region specific expertise it asks readers to connect the questions examples and challenges arising from prison writing and writing about imprisonment within the UK and the USA but also across continental Europe Stalinist Russia the Americas Africa and the Middle East It also includes critical reflection pieces from authors editors educators and theatre practitioners with experience of the fraught testing and potentially inspiring links between prison and the literary world

The Rise of Prison Literature in the Sixteenth Century Ruth Ahnert, 2013-08-22 Examining works by some of the most famous prisoners from the early modern period including Thomas More Lady Jane Grey and Thomas Wyatt Ruth Ahnert presents the first major study of prison literature dating from this era She argues that the English Reformation established the prison as an influential literary sphere In the previous centuries we find only isolated examples of prison writings but the religious and political instability of the Tudor reigns provided the conditions for the practice to thrive This book shows the wide variety of genres that prisoners wrote and it explores the subtle tricks they employed in order to appropriate the site of the prison for their own agendas Ahnert charts the spreading influence of such works beyond the prison cell tracing the textual communities they constructed and the ways in which writings were smuggled out of prison and then disseminated through script and print Readings in Syrian Prison Literature R. Shareah Taleghani, 2021-06-21 The simple act of inscription both minute and epic can be a powerful tool to bear witness and give voice to those who are oppressed silenced and forgotten In the eras of Hafiz al Asad and his son Bashar Syrian political dissidents have written extensively about their experiences of detention both while in prison and afterwards This body of writing largely untranslated into English is essential to understanding the oppositional political culture among dissidents since the 1970s a culture that laid the foundation for the 2011 Syrian Revolution The emergence of prison literature as a specific genre helped articulate opposition to authoritarian states including the Asad regime However the significance of Syrian prison literature goes beyond a form of witnessing expressing creative opposition and illuminating the larger cultural and historical backstory of the Syrian uprising Prison literature in all its diversity challenges the narrative structures and conventional language of human rights In doing so prison literature has played an essential role in generating the experimental shift in Arabic literature since the 1960s Taleghani s groundbreaking work explores prison writing s critical role in resistance movements in Syria the evolution of

Arabic literature and the development of a global human rights

Contemporary Irish Republican Prison Writing L. Whalen, 2007-11-26 As it traces the textual history of the works of authors like Bobby Sands and Gerry Adams this book analyses Republican resistance to disciplinary structures demonstrating the ways in which prisoners appropriate space through discursive strategies

Prison Writing Julian Broadhead, Laura Kerr, 2002-06-01 Reviews of the previous edition A remarkable anthology which will interest everyone concerned with the fate of prisoners and anxious to see their conditions improved Michael McMullan Justice of the Peace This fascinating and very readable collection of fact fiction and verse is the fifteenth issue edited and produced by two probation officers from Sheffield We are fortunate that they have found a new publisher in Waterside Press to continue giving prisoners and others an opportunity to do something which all writers crave find an audience to communicate their feelings and experiences The contributors give deeply personal insights into the nature of their world and prove that imagination and talent are incapable of being destroyed if people are ready to develop them This anthology deserves to be read by everyone who is interested in new writers experimenting with the development of their talent Each piece is different and compelling David Underhill The Magistrate This 16th edition is an entirely new collection of writings by prisoners and other people connected with prisons from the United Kingdom and beyond

Prison Writing of Latin America Joey Whitfield, 2018-07-26 What happens inside Latin American prisons How does the social organisation of prisoners relate to the political structures beyond the walls Is it possible to resist corrupt penal regimes In Prison Writing of Latin America Joey Whitfield turns to those best placed to answer these questions people who have been imprisoned themselves Drawing on a century of material produced by Latin American prisoners from Mexico Cuba Costa Rica Colombia Peru Bolivia and Brazil Whitfield weaves readings of novels memoirs and testimonial texts with social and political analysis Rather than distinguishing between dictatorial and democratic periods of government he shows that from the point of view of the prisoner all states are authoritarian in nature In the face of oppression however prisoners both political and criminal have found ways not only to resist but also to create alternative communities both real and imagined sometimes in collaboration with each other

Barred Between: A Study on Select Indian Prison Writing by/on Women Maria Mathews, 2023-11-08 Delve into the intricacies of female incarceration in Indian prisons as seen experienced and recounted by two former political activists turned writers This book juxtaposes their narratives with readings of Michel Foucault unveiling the complex subjectivities within prison walls where stories of hope and despair converge resulting in profound liminal experiences

Irish Women's Prison Writing Red Washburn, 2022-11-16 This book explores 50 years of Irish women's prison writing 1960s 2010s connecting the work of women leaders and writers in Northern Ireland during the Troubles This volume analyzes political communiqués petitions news coverage prison files personal letters poetry and short prose and memoirs highlighting the personal correspondence autobiographical narratives and poetry of the following key women Bernadette McAliskey Eileen Hickey Mairead Farrell Siobhán Darragh Ella O'Dwyer Martina Anderson Dolours Price

Marian McGlinchey formerly Marian Price and Eibhlín Ní Giolla Easpaig Ann and Eileen Gillespie Roseleen Walsh and Margaretta D'Arcy This text builds on different fields and discourses to reimagine gender and genre as central to an interdisciplinary and intersectional prison archive Centering Irish women's prison writings in order to challenge canonization in history and literature this volume argues that women's lives and words offer a different view of gender and nation as well as offer a fuller and more inclusive archive of Irish history and literature Additionally this book will point to the ways in which their politics of everyday life and their cultural work is a form of anti colonial civil rights feminism for it speaks truth to power in a world in which compliance and silence are valued Overall this text focuses on rethinking and recasting women's voices and words in order to document and promote the ongoing Irish freedom struggle from an abolitionist feminist perspective

Middle Powers and Regional Influence Joshua B. Spero, 2018-11-16 In the growing literature on middle powers this book contributes by expanding case study analysis and extending international relations theory in its application to foreign policy decisions Thus this book builds on prominent middle power literature and aims to advance our theoretical understanding for why crucial foreign policies were made by the pivotal middle powers this book examines Poland South Korea and Bolivia For this book's three case studies and their first term leadership's critical junctures from first term post communist Poland post authoritarian post ruling party South Korea and post colonial Bolivia we have the antecedents for contemporary middle powers essential for realizing the regional evolution for cooperative change with greater powers systemically we may then grasp today why those historical foreign policies albeit not so long ago give us crucial antecedents for adapting and trying yet again to resolve seemingly perennial power dilemmas regionally peacefully Here are why middle power impact matters not only regionally for stronger dominant greater power neighbours but also for transformative middle power leaderships which proved pivotal geopolitically for their region's challenges and changes

Prison Writing in 20th-Century America H. Bruce Franklin, 1998-06-01 Harrowing in their frank detail and desperate tone the selections in this anthology pack an emotional wallop Should be required reading for anyone concerned about the violence in our society and the high rate of recidivism Publishers Weekly Includes work by Jack London Nelson Algren Chester Himes Jack Henry Abbott Robert Lowell Malcolm X Mumia Abu Jamal and Piri Thomas

Community and the World Torrey D. Dickinson, 2003 This collection of articles and artwork examines inclusive community development education which engages members of diverse often marginalised groups in research and education for social change Community development education is the democratic and scholarly practice of

involving everyday people from all backgrounds in the research based process of designing starting and evaluating programs that meet people's needs. The book's varied contributions serve as personalised invitations to work with others as equals, join democratic social projects, talk to people you wouldn't have talked to before, value self-education, recognise contributions made by unpaid workers, invent ways to be non-violent, challenge passivity and use democracy as a way to improve communities and the world. Addressing culture to science, chapters contain work carried out by younger and older scholarly activists in Women's Studies, anti-racist and anti-colonial studies, history, the social sciences, global studies, community studies, media studies, horticulture, philosophy, education, co-operatives and community service, social movement, organising, project development, political art and popular music. Each chapter contains diverse themes, comes from multidisciplinary research and speaks to the subject of education for social change in individual ways. Contributions focus on popular education, self-education, self-defined group education, group-defined university projects and scholarly activism in local to global movements.

Antonio Gramsci: A Pedagogy to Change the World Nicola Pizzolato, John D. Holst, 2017-06-12. This volume provides evidence for the argument of a central place of pedagogy in the interpretation of Gramsci's political theory. Gramsci's view that every relationship of hegemony is necessarily a pedagogical relationship makes it imperative to dismiss narrow and formal interpretations of his educational theories as applying to schooling only. This book argues that what is required rather is an inquiry into the Italian thinker's broad conceptualisation of pedagogy which he thought of as a quintessential political activity central to understanding and transforming society. Preceded by a broad introduction that positions Gramsci in his context and in the literature, the essays in this book critically revisit the many passages of the Prison Notebooks and pre-prison writings where Gramsci addresses the nexus between politics and pedagogy. Some essays apply those concepts to specific contexts. The book for the first time brings to the attention of an English speaking audience voices from the current historiography in Italy and Latin America. We are forced at regular intervals to consider how Gramsci might still be useful in particular national territories in an international context. How can we carry on with pessimism of the intelligence but find some basis for optimism of the will? From the foreword of Anne Showstack Sassoon, Visiting Professor of Politics at the Department of Politics at Birkbeck University of London.

Building Free Life International Initiative, 2020-02-15. From Socrates to Antonio Gramsci, imprisoned philosophers have marked the history of thought and changed how we view power and politics. From his solitary jail cell, Abdullah Öcalan has penned daringly innovative works that give profuse evidence of his position as one of the most significant thinkers of our day. His prison writings have mobilized tens of thousands of people and inspired a revolution in the making in Rojava, northern Syria, while also penetrating the insular walls of academia and triggering debate and reflection among countless scholars. So how do you engage in a meaningful dialogue with Abdullah Öcalan when he has been held in total isolation since April 2015? You compile a book of essays written by a globally diverse cast of the most imaginative luminaries of our time, send it to Öcalan's jailers and hope that they deliver it to him. Featured in this

extraordinary volume are over a dozen writers activists dreamers and scholars whose ideas have been investigated in their own writings Now these same people have the unique opportunity to enter into a dialogue with his ideas Building Free Life is a rich and wholly original exploration of the most critical issues facing humanity today In the broad sweep of this one of a kind dialogue the contributors explore topics ranging from democratic confederalism to women's revolution from the philosophy of history to the crisis of the capitalist system from religion to Marxism and anarchism all in an effort to better understand the liberatory social forms that are boldly confronting capitalism and the state There can be no boundaries or restrictions for the development of thought Thus in the midst of different realities from closed prisons to open air prisons the human mind will find a way to seek the truth Building Free Life stands as a monument of radical thought a testament of resilience and a searchlight illuminating the impulse for freedom Contributors include Shannon Brincat Radha D Souza Mechthild Exo Damian Gerber Barry K Gills Muriel Gonz lez Athenas David Graeber Andrej Gruba i John Holloway Patrick Huff Donald H Matthews Thomas Jeffrey Miley Antonio Negri Norman Paech Ekkehard Sauermann Fabian Scheidler Nazan st nda Immanuel Wallerstein Peter Lamborn Wilson and Ra l Zibechi

Theory in Social and Cultural Anthropology R. Jon McGee,Richard L. Warms,2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150 years the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all Students in particular are likely to turn to the web to find quick background information on theorists and theories However most web based information is inaccurate and or lacks depth Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will In response SAGE Reference plans to publish the two volume Theory in Social and Cultural Anthropology An Encyclopedia Features Benefits Two volumes containing approximately 335 signed entries provide users with the most authoritative and

thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage To ease navigation between and among related entries a Reader s Guide groups entries thematically and each entry is followed by Cross References In the electronic version the Reader s Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion

Caesarism and Bonapartism in Gramsci Francesca Antonini, 2020-11-04 Shortlisted for the Deutscher Memorial Prize 2021 Winner of the prestigious Giuseppe Sormani International Prize for works on Antonio Gramsci Fifth edition 2020 In *Caesarism and Bonapartism in Gramsci* Francesca Antonini offers a fresh insight into Antonio Gramsci s thought Building on the achievements of recent Gramscian scholarship she investigates his usage of the concepts of Bonapartism and Caesarism both in his pre prison writings and in the Prison Notebooks The Caesarist Bonapartist paradigm relates crucially to Gramsci s reflections on hegemony and on its transformations across the nineteenth and twentieth centuries While this model is essential to Gramsci s understanding of the interwar period and of the Fascist regime in Italy it also sheds a meaningful light on other past and present scenarios from the French Second Empire to the USSR of his time Finally yet importantly Antonini s analysis illuminates Gramsci s approach towards the Marxian legacy See inside the book

Writing Resistance in Northern Ireland Aimée Walsh, 2024-04-02 *Writing Resistance in Northern Ireland* is an examination of feminist republicanism s in the north of Ireland between 1975 and 1986 Republican prison protest was rife during this period and fractures opened up between the feminist and republican movements Despite their shared objective of self determination the two movements did not achieve a natural or total congruence While it has been argued that there is a disjuncture between feminism and nationalism this book argues for a new perspective on feminist republicanism s in the north and tells the story of a niche collective of republican feminists who came to the fore during the Troubles and sought bodily political and economic autonomy The book examines source material including historical narratives jail writings journalism documentary film and literary texts and paints a vivid picture of a movement of republican feminist women s writing concerned with political crisis gender and the nation Aim e Walsh uses the plural republicanism s as a way of encapsulating the varied iterations of nationalist feminism from militant republicanism in Armagh Gaol to a non violent literary nationalist feminism This examination of the interaction between nationalism and gender shows how the study of women s writing can offer a paradigm shift in the history of the Troubles as seen through a feminist lens
