The Prisoners of Quai Dong Tarragon Theatre Archives (University of Guelph),1979 **The Prisoners of Quai Dong** Victor Kolpacoff,1967 **"There It Is": Narratives of the Vietnam War** Tom Burns,2021-09-06 This book provides a critical survey of the literature on the Vietnam War and is intended both for academic and general readers Earlier works of this kind constantly recycled criticism of a half dozen of the same works In this study the aim was to discuss a much greater number of works including a few that have never been discussed To appeal to non academic readers Lit Crit jargon was kept to a minimum and parallels with earlier works of war literature especially those of the two world wars were established

"Reading the Wind" Timothy J. Lomperis,John Clark Pratt,1987 The decade following the American defeat in Vietnam has been filled with doubts about American politics and values confusion over the lessons of the war and anger about the physical and psychological suffering that occurred during the war as well as thereafter In the years since the U S withdrawal our need to make sense of Vietnam has prompted an outpouring of thinking and writing from scholarly reappraisals of American foreign policy to highly personal accounts of participants On the tenth anniversary of the final U S withdrawal the Asia Society sponsored a conference on the Vietnam experience in American literature at which leading writers critics publishers commentators and academics wrestled with this phenomenon Drawing on the synergy of this conference Timothy J Lomperis has produced an original work that focuses on the growing body of literature including novels personal accounts and oral histories which describes the experiences of American soldiers in Vietnam as well as the experience of veterans upon their return home **American Literature and the Experience of Vietnam** Philip D. Beidler,2007 A discussion of the literature of the war and a study of literary consciousness relative to the larger process of cultural myth making

Copyright Office,1971 *Warring Fictions* Jim Neilson,1998 Although the Vietnam conflict ended two decades ago a fierce cultural war over how its literature is to be perceived continues to be waged *Warring Fictions* accuses American critics of twenty years of whitewash and reminds us that Vietnam was not just an American anguish and its fiction a rock and roll acid trip From the blind patriotism of *The Green Berets* to the postmodern hip of *Dispatches* this book brings history and politics back to the Vietnam War novel It is a brilliant case study of canon formation and of the role commercial and academic literary institutions have played in assessing Vietnam War fiction it exposes their complicity in the writing of recent American history and rebukes academic literary culture that speciously purports a radical calling for itself Beyond an academic audience this book will challenge all who are piqued by studies of the war and of Vietnam War fiction And it raises important questions about the interlocking interests and ideologies of literary culture the publishing industry the mass media and the academy With its exemplary command of actual history and its well documented investigation of the Vietnam fiction canon this book throws a probing light on a literary culture whose tastes and attitudes have helped enforce a conservative interpretation of the war In extraordinary

readings of *The Quiet American* *The Ugly American* *The Prisoners of Quai Dong* *The Laotian Fragments* *Dispatches* *The Things They Carried* and *In Country* *Warring Fictions* provides a radical historical perspective on the fiction that emerged from the Vietnam War

The Warrior Image Andrew J. Huebner, 2011-12-01 Images of war saturated American culture between the 1940s and the 1970s as U S troops marched off to battle in World War II the Korean War and the Vietnam War Exploring representations of servicemen in the popular press government propaganda museum exhibits literature film and television Andrew Huebner traces the evolution of a storied American icon the combat soldier Huebner challenges the pervasive assumption that Vietnam brought drastic changes in portrayals of the American warrior with the jaded serviceman of the 1960s and 1970s shown in stark contrast to the patriotic citizen soldier of World War II In fact Huebner shows cracks began to appear in sentimental images of the military late in World War II and were particularly apparent during the Korean conflict Journalists filmmakers novelists and poets increasingly portrayed the steep costs of combat depicting soldiers who were harmed rather than hardened by war isolated from rather than supported by their military leadership and American society Across all three wars Huebner argues the warrior image conveyed a growing cynicism about armed conflict the federal government and Cold War militarization

American Literature in Transition, 1960-1970 David Wyatt, 2018-09-13 The decade of the 1960s has come to occupy a uniquely seductive place in both the popular and the historical imagination While few might disagree that it was a transformative period the United States remains divided on the question of whether the changes that occurred were for the better or for the worse Some see it as a decade when people became more free others as a time when people became more lost *American Literature in Transition 1960 1970* provides the latest scholarship on this time of fateful turning as seen

through the eyes of writers as various as Toni Morrison Gary Snyder Michael Herr Amiri Baraka Joan Didion Louis Chu John Rechy and Gwendolyn Brooks This collection of essays by twenty five scholars offers analysis and explication of the culture wars surrounding the period and explores the enduring testimonies left behind by its literature Enser's Filmed Books and Plays Ellen Baskin,2018-04-27 This title was first published in 2003 The sixth edition of this compendium of film and television adaptations of books and plays includes several thousand new listings that cover the period from 1992 to December 2001 There are 8000 main entries covering 70 years of film history including some foreign language material

Structuring the Void Jerome Klinkowitz,1992 If as the literary theorists of postmodernism contend content does not exist then how can fiction continue to be written Jerome Klinkowitz himself a veteran practitioner and theorist of fiction addresses this question in *Structuring the Void* an account of what today s novelists and short story writers do when they produce a fictive work Klinkowitz focuses on the ways in which writers finding themselves in the same position as abstract painters and death of God theologians have turned their inquiry itself into subject matter and he shows how this approach has in recent years produced something more than mere metafictional self questioning With no subject to structure the writers Klinkowitz discusses nonetheless persist in the act of structuring For Kurt Vonnegut this has meant finding a form for an otherwise unrepresentable world by organizing his autobiography as a narrative device In the generation following Vonnegut Max Apple makes a similar move in the ritualization of a national history and popular culture while Gerald Rosen and Rob Swigart invent a style of literary comedy based on their comic response to a new imaginative state the state of California Klinkowitz also considers subjects that though they cannot be represented nevertheless exercise constraints on a writer s intention to structure In recent decades two of these pressing themes have been gender as seen here in the works of Grace Paley and war the Vietnam conflict itself as well as the struggles of two generations to come to terms with it *Structuring the void* left when content collapses these writers have as Klinkowitz demonstrates developed an entirely new style of fiction one that necessarily privileges space over time and self invention over representation *John Willis' Theatre World* John A. Willis,1980 A Checklist of Vietnam War Literature ,1994 A Terrible Irony Ross McGregor,1990 *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library.
