W. Fox, 2023-10-25 Originally published in 1934 *The Modern English Prison* was prepared in the belief that among the growing literature of crime and the treatment of crime there should be some room for some account of the English prison system as it stood Its first aim was to give an objective and comprehensive view of the system as it was at the time rather than as it had been or ought to have been the historical matter is therefore

limited to what is necessary for proper understanding of present practice and no attempt is made to trespass on the ground of the penologist Here is an authoritative and up to date account of the Prison System in England and Wales prepared with the approval of the Prison Commissioners *Report of the Commissioners of Prisons and the Directors of Convict Prisons* Great Britain. Porporino,2013-11-11 This book is the report of a collaborative effort Frank Porporino and I arrived at the starting point for our work together by very different routes Originally trained as an experimental psychologist I had become in creasingly

restive within the confines of the laboratory and spent a sabbatical year in the equivalent of a clinical internship I then spent some time as a part time consultant in a local penitentiary Most of my time in the institution was spent with inmates with a variety of problems probably about 50 individuals over the course of a year Although this was far fewer than a full time psychologist in the system might encounter it served as a quick cram course on problem prisoners and prisoner problems Very quickly my stereotypes about convicts were shown to be virtually useless I learned that the criminal classes included all levels of society and that the behavior of prisoners was the same as that of other human beings in a difficult environment
