*Carmontelle's Landscape Transparencies* Laurence Chatel de Brancion, 2008 Louis de Carmontelle was an eighteenth century French draftsman, painter and garden designer. Beginning in 1783 he painted a series of panoramas on translucent paper that became a popular source of entertainment at royal court gatherings. These rolled up transparencies (rouleaux transparents) were cranked through a backlit viewing box and the moving pictures were accompanied by live storytelling that gave spectators the experience of journeying through beautiful landscapes. Presented chronologically, the transparencies show the evolution of eighteenth century fashions and customs. The author re-creates the original viewing experience by leading the reader through a series of panoramic scenes and in the process offers a lively analysis of social life in the 1700s. Drawn from both museum and private collections, the charming illustrations include gatefolds showing the full extent of the J. Paul Getty Museum's *Figures Walking in a Parkland* as well as many exquisite details of elegant outdoor gatherings and verdant parklands. The book presents all of Carmontelle's extant transparencies, some of which survive only in fragments and a number of which have never been published.

**Absinthe** Betina J. Wittels, Robert Hermes, 2003 Absinthe: the fairy genius, muse, deliverer of madness and maladies. Harmless elixir, absinthe carries quite a reputation. *Absinthe: Sip of Seduction*, a contemporary guide, reveals the true nature of this notorious and alluring subculture from past to present. Punctuated with classic and current poster art, postcards, paintings, drawings, advertisements and photographs, this book does not leave the eye feeling neglected. Beginning with the birth and temporary death of absinthe, our story moves towards the contemporary revival of the Green Fairy. As a must, the comprehension of the piqued interest of absinthe requires a look at the famous drinkers who have cuddled up to the rumored green muse. From Charles Baudelaire, Paul Verlaine and Alfred Jarry to Vincent van Gogh, Edgar Degas and Pablo Picasso to Ernest Hemingway, Aleister Crowley, Johnny Depp and Marilyn Manson, absinthe has had many suitors. Discussions on how absinthe may serve as a brilliant release for creativity and in some cases a road to abuse and destruction are held for each featured artist. As displayed by our aforementioned modern imbibers, the consumption and enjoyment of absinthe is not relegated to the past. For the curious drinker of today, *Absinthe: Sip of Seduction* provides information on the various sipping methods, recipes for cocktails and tasty accompaniments, as well as a number of reviews on the absinthes currently available for purchase and recommended drinking spots where the absinthe-minded person can visit around the world. And not to be left without additional references, a complete listing of websites, vendors and literature is compiled in the back of the book. For those wishing to delve deeper, an entire chapter has been devoted to the collecting of all things absinthe. For the

untrained eye it may be difficult to distinguish a true antique Eiffel Tower spoon from a modern reproduction yet the chapter on collectibles provides the reader with detailed clues on what to look for what to avoid and general asking prices Not to be ignored is the lithograph poster the most popular and widely known collectible Seductive descriptions on the true intent of the ads are discussed with each vibrant piece Confirmed absinthe drinkers neophytes the curious and collectors will all find this book as equally intriguing informative and seductive as the Green Fairy herself Book jacket Young America Claire Perry, Curator of American Art Iris and B Gerald Cantor Center for Visual Arts Claire Perry, Stanford University Cantor Arts Center, Smithsonian American Art Museum, Portland Museum of Art, Portland art museum (Or.), 2006-01-01 A delightful look at how nineteenth century American artists portrayed children and childhood **Budget of the United States**

design historians rather than to a narrower readership of silver collectors It is also innovative in that it focuses on the story of the firm rather than solely on the career of its founder The essays are all original and include a contribution from Thomas Thulstrup the leading expert on Georg Jensen silver The book also benefits from a close collaboration with the Jensen firm which has allowed us access to images and archival materials published here for the first time The Art of Richard Diebenkorn Jane Livingston, Richard Diebenkorn, John Elderfield, Ruth Fine, Whitney Museum of American Art, 1997
