Private Health Sector Growth In Asia Issues And Implications:

Private Health Sector Growth in Asia William Newbrander, 1997-08-21 At the end of the twentieth century Asia is in the middle of an economic political and social transformation Many countries are poised to enter the next century on a rising curve of rapid economic growth and human resource development Despite an increasing proportion of national income devoted to health government resources are not sufficient to maintain existing health systems meet increased demand and improve the quality of care Attitudes about the role of government in financing health care services have also changed As a result many countries in Asia have adopted a strategy of encouraging the expansion of the private health sector in health This book describes these policy shifts and the health sector reform issues in the countries of the region The actual process of change in six countries India Indonesia Korea the Philippines Thailand and Vietnam is also documented This collection of papers by eleven leading international experts was prepared for the Asian Development Bank's Second Regional Conference on Health Sector Reform Issues Related to Private Sector Growth held in Manila in 1996 Management Sciences for Health commissioned these papers and managed the conference for the ADB The ADB is a regional multilateral development bank with 58 member countries which provided development assistance through loans and grants to 36 countries in Asia and the Pacific Management Sciences for Health is a non profit organization dedicated to helping health care policy makers and managers develop and implement practical strategies to meet the challenges faced by the public and private sectors of health systems

Health Policy Research in South Asia Abdo Yazbeck, David H. Peters, 2003-01-01 South Asia is a region of contrasts with impressive technological achievements but also more than 40 percent of the world's poor These contrasts are evident in the health sector which demonstrates large variations in health nutrition and fertility outcomes Health Policy Research in South Asia showcases some of the innovative qualitative and quantitative research methodologies being used in South Asia to provide empirical guidance for health sector reform and policy development The four research areas presented are analysis of inequality expenditure analysis private sector analysis and consumer and provider perspectives Salient themes emerge from the 12 health policy research activities reviewed and emphasize the importance of strengthening local capacity and building ownership Governments can and should distribute subsidies in the health sector more efficiently and effectively The private sector which dominates service delivery in most of South Asia requires a different set of public sector policy instruments Informed consumers citizens can and should play an important role in influencing health service delivery Empirical research can and should provide policymakers with some of the tools needed to improve and monitor the performance of the sector This book will be of interest to health sector policymakers and analysts to academics and students in public health and health economics and to anyone with an interest in the impact of health policy on development

Hong Kong's Health System Gabriel M. Leung, John Bacon-Shone, 2006-01-01 This book provides a significant contribution to the discussions about the future of the system The evidence driven content draws from the deep expertise and experience of a

wide spectrum of contributors who represent virtually all relevant areas of the health system Medicine and the Market Daniel Callahan, Angela A. Wasunna, 2006-05-22 Outstanding Academic Title for 2007 Choice Magazine Much has been written about medicine and the market in recent years This book is the first to include an assessment of market influence in both developed and developing countries and among the very few that have tried to evaluate the actual health and economic impact of market theory and practices in a wide range of national settings Tracing the path that market practices have taken from Adam Smith in the eighteenth century into twenty first century health care Daniel Callahan and Angela A Wasunna add a fresh dimension they compare the different approaches taken in the market debate by health care economists conservative market advocates and liberal supporters of single payer or government regulated systems In addition to laying out the market versus government struggle around the world from Canada and the United States to Western Europe Latin America and many African and Asian countries they assess the leading market practices such as competition physician incentives and co payments for their economic and health efficacy to determine whether they work as advertised This timely and necessary book engages new dimensions of a development that has urgent consequences for the delivery of health care worldwide

Social Policy in East and Southeast Asia M. Ramesh, 2004-08-02 Social Policy in East and South East Asia provides the first systematic comparison of the policy sectors of income maintenance health housing and education in Hong Kong South Korea Singapore and Taiwan It focuses particularly on the provision and financing arrangements of these four Asian newly industrialized economies and their outcomes in terms of adequacy efficiency and equity drawing on extensive primary research carried out by the author Locating the importance of Asian social policies in the wake of the recent financial crisis in the region this work provides a comprehensive analysis of the different types of welfare state in contemporary Asia

China: Bioethics, Trust, and the Challenge of the Market J. Tao Lai Po-wah, 2008-07-08 to the Moral Challenges H Tristram Engelhardt Jr and Aaron E Hinkley 1 Taking Finitude Seriously in a Chinese Cultural Context Across the world health care policy is a moral and political challenge Few want to die young or to suffer yet not all the money in the world can deliver physical immortality or a life free of suffering In addition health care needs differ As a result unless a state coercively forbids those with the desire and means to buy better basic health care to do so access to medicine will be unequal No one can afford to provide all with the best of care In countries such as China there are in addition stark regional differences in the quality and availability of health care posing additional challenges to public policy making Further in China as elsewhere the desire to lower morbidity and mortality risks has led to ever more resources being invested in health care When such investment is supported primarily by funds derived from taxation an increasing burden is placed on a country's economy This is particularly the case as in China with its one child policy where the proportion of the elderly population consuming health care is rising These policy challenges are compounded by moral diversity Defacto humans do not share one morality Instead they rank cardinal human goods and right making conditions in different orders often not sharing an affirmation of the same goods

or views of the right Establishing Private Health Care Facilities in Developing Countries Seung-Hee Nah, Egbe Osifo-Dawodu, 2007 This book is a practical guide for medical professionals with little or no business experience who are interested in establishing health care facilities in developing countries It is an introduction to the kinds of basic research and planning required to identify viable solutions and reduce the risk of failure Getting Health Reform Right Marc J. Roberts, 2008 This book provides a multi disciplinary framework for developing and analyzing health sector reforms based on the authors extensive international experience It offers practical guidance useful to policymakers consultants academics and students alike and stresses the need to take account of each country s economic administrative and political circumstances The authors explain how to design effective government interventions in five areas financing payment organization regulation and behavior to improve the performance and equity of health systems around the world *Modelling in Health Care Finance* Michael Cichon, 1999 In straightforward non technical language the book demystifies the modelling process and provides step by step guidance demonstrating how managers and policy makers can best make use of models in the formation of health policy goals the identification of options and the analysis and implementation of results

International Encyclopedia of Public Health William C Cockerham, 2016-10-06 International Encyclopedia of Public Health Second Edition Seven Volume Set is an authoritative and comprehensive guide to the major issues challenges methods and approaches of global public health Taking a multidisciplinary approach this new edition combines complementary scientific fields of inquiry linking biomedical research with the social and life sciences to address the three major themes of public health research disease health processes and disciplines This book helps readers solve real world problems in global and local health through a multidisciplinary and comprehensive approach Covering all dimensions of the field from the details of specific diseases to the organization of social insurance agencies the articles included cover the fundamental research areas of health promotion economics and epidemiology as well as specific diseases such as cancer cardiovascular diseases diabetes and reproductive health Additional articles on the history of public health global issues research priorities and health and human rights make this work an indispensable resource for students health researchers and practitioners alike Provides the most comprehensive high level internationally focused reference work available on public health Presents an invaluable resource for both researchers familiar with the field and non experts requiring easy to find relevant global information and a greater understanding of the wider issues Contains interdisciplinary coverage across all aspects of public health Incorporates biomedical and health social science issues and perspectives Includes an international focus with contributions from global domain experts providing a complete picture of public health issues Welfare Capitalism in East Asia I. Holliday, P. Wilding, 2003-09-18 Social Policy has been a key dimension of dynamic economic growth in East Asia s little tigers and is also a prominent strand of their responses to the financial crisis of the late 1990s This systematic comparative analysis of social policy in the region focuses on the key sectors of education health housing and

social security It sets these sectoral analyses in wider contexts of debates about developmental states the East Asian welfare model and globalization

International Health and Aid Policies Jean-Pierre Unger, Pierre De Paepe, Kasturi Sen, Werner Soors, 2010-09-23 International health and aid policies of the past two decades have had a major impact on the delivery of care in low and middle income countries This book argues that these policies have often failed to achieve their main aims and have in fact contributed to restricted access to family medicine and hospital care Presenting detailed evidence and illustrated by case studies this book describes how international health policies to date have largely resulted in expensive health care for the rich and disjointed and ineffective services for the poor As a result large segments of the population world wide continue to suffer from unnecessary casualties pain and impoverishment International Health and Aid Policies arms health professionals researchers and policy makers with strategies that will enable them to bridge the gaps between public health medicine and health policy in order to support robust comprehensive and accessible health care systems in any political environment

Welfare Capitalism in Southeast Asia M. Ramesh, Mukul G. Asher, 2000-02-11 This is the only in depth study of social policies in Southeast Asia It compares social security health and education policies in Indonesia Malaysia the Philippines Singapore and Thailand After describing the policies and assessing their adequacy and equity implications it examines the forces that have shaped them It concludes that social programs except for primary education in the region are both inadequate and inequitable It argues that the reason for this is political rather than cultural or socio economic

The Ethico-Legal Medical Education: A Cure For Malpractices In India Dr. N. Kishor kumar Patnaik, The book on The Ethico Legal Education and Medical Mal Practices in India has emanated from the research work of the Author was a culmination of the emotional feelings of the Author and lifetime experiences he gained from his personal life to professional practice Author is a graduate in Science stream with Biology life sciences as his subjects in the graduate course curriculum The Author s personal relationship with his elder brother Dr N Ashok Kumar Patnaik as on today is a practicing cardiologist at USA having his very thicker blood relationship and he is much indebted to the support his brother provided for in his personal life and professional legal practice The Author right from his childhood days was well attached to the studies of his brother and till date remembers what are the subjects his brother studied in the course of M B B S The Author has encountered of agony with the death of the sister of his wife Rajani Patnaik was victimized and lost her life for the reasons of callous medical misadventures in the hands of half knowing nascent doctor who was engaged in a private hospital did administered a wrong fatal injection Then the Author felt the agony of the parents of the victim and to teach lessons to the hospital and the half knowledge treating doctor through the legal approach was questioned for her misconduct in the consumer forum and ultimately the truth of Medical negligence was established though the same was dragged up to Supreme Court of India In this background the Author was much exposed to the Medical Science and the Law pertinent to Medical Negligence and his personal feelings were involved for getting the justice of the similarly situated victims of India

The doctor s do commit the crime which is unabated and therefore victims have no know how to deal with such misconducts of treating doctors who are made scot free for reasons of want of checks and balances in the legal mechanism for bringing them to Book of Law So with all these perceptions and knowledge the Author gained through the practice and make them know the know how of the Mechanism of the Medical Negligence which will be helpful not only to the victims but also to educate the treating doctors to make them aware of the practice of medicine along with the ethical approach and on failure the provisions of book of law which will make them to face the consequences of their wrong doings **Understanding**

Poverty in India Asian Development Bank,2011-01-01 Inclusive growth needs to be achieved to reduce poverty and other disparities and raise economic growth This book develops a poverty profile for India in view of the ongoing national and global efforts toward ensuring inclusive growth and bringing poverty levels down This poverty profile will enable academics and policy makers to reassess and improve on the existing methodologies in estimating poverty rates evaluate the effectiveness of existing poverty programs and suggest alternative and complementary options for strategic intervention based on the lessons drawn from program implementation both at the state and national levels Commercialization of

Health Care M. Mackintosh,M. Koivusalo,2005-09-19 Based on original research and analysis by a group of health policy experts and economists from across the world this book analyzes the causes and consequences of the expanding global and local commercialization of health care It argues for the necessity and possibility of effective policy responses to develop good quality universally inclusive health systems worldwide The book aims to contribute to a shift in the international common sense in health policy towards a more humane inclusive egalitarian and ethical framework for policy formulation **The**

New Social Policy Agenda in Asia Asian Development Bank,World Bank,2000 This memorandum requests the immediate reallocation of a total of SDR8 1 million US 1115 million equivalent of Credit proceeds under eight operations to support the SARS and Infectious Diseases Response Program hereafter referred to as the Program The objective of the Program is to 1 address emergency needs for W and 2 support the Government s efforts to strengthen the capacity of the public health system more generally so that China s health system is prepared to combat the possible re emergence of SARS and equally important similar infectious disease threats that might occur in the future There are 3 program components Component 1 supports program planning coordination and policy development activities Component 2 supports clinical management of SARS patients including setting up fever clinics renovating designated SARS hospitals and wards training female and male health care workers strengthening personal protection measures for health care workers providing emergency supplies undertaking regular supervision and carrying out operational research Component 3 supports disease prevention and control with a focus on SARS and other infectious diseases including strengthening disease surveillance and case reporting The eight operations comprise the Environmental Technical Assistance Project report no P6056 the Loess Plateau Watershed Rehabilitation Project report no 12593 the Yangtze Basin Water Resources Project report no 13674 the Southwest Poverty

Reduction Project report no 13968 the National Rural Water Supply Project report no 16380 the Basic Health Services Project report no 17403 the Fourth Rural Water Supply and Sanitation Project report no 19226 and the Enterprise Reform Project report no 19300 In all cases the reallocations would neither compromise the original objectives nor the economic viability of the eight projects concerned The respective Development Credit Agreement for each of the eight operations listed will be amended to add a new component covering activities to be carried out under the SARS and Infectious Diseases Response Program and to enable Credit proceeds to be used to fund the activities For activities that will be carried out by provinces agreements will be entered into with each province for the carrying out of such activities using the proceeds of the Credit

Asian Health Sectors Growth in the Next Decade - Optimism despite Challenges Ahead Mihajlo Jakovljevic, Liang Wang, Chiranjivi Adhikari, 2023-04-05 *The Greying of India* Rajagopal D Chakraborti, 2004-06-30 This book argues cogently that India's policymakers need to urgently take up the cause of the elderly in order to create an environment that insures them against various risks and allows them to maintain as much economic independence and self sufficiency as possible without disturbing the intergenerational balance The first of its kind to be based on data from the National Sample Survey Organisation and providing a global perspective this book constitutes the most comprehensive analysis of the causes and consequences of ageing in India The major objectives of the book are to Document the rapid growth of older populations in India Address the key issues and topics related to ageing Assess the implications of demographic changes for programmes and policies for the aged Present an Elderly Status Index based on available data Timely stimulating and challenging this book is packed with relevant and hitherto unanalysed data on ageing in India In particular it provides an exhaustive discussion on various conceptual and measurement issues relating to population ageing

Restructuring Health Services Kasturi Sen, 2003-02 Health service delivery is being restructured in both industrialised and developing countries Public health scholars and policy makers in this volume show how this process is accelerating as a result of diverse factors including fiscal pressure privatisation of infrastructure and the impending renegotiation of the WTO General Agreement on Trade in Services GATS The key policy issues that arise concern the implications of these changes for access and equity in public health provision The volume reviews the rapidly changing context in which financing health care and its relationship to globalization and privatisation are taking place It examines the specific mechanisms and institutional processes involved And it explores various contrasting experiences including HMOs in the USA Britain's NHS social health insurance in Western Europe developing countries and Cuba
