Private Investigation Strategies And Techniques:

Private Investigation Strategies and Techniques Angela Woodhull,2001 Author Angela Woodhull is a private investigator with attitude In this book she tells us of her exploits ferreting out the truth for her clients and we are taken with her on some really wild excursions Each case history is then analyzed to determine the strategies that made it work While we may be entertained by her stories we are also learning successful strategies to use for ourselves whether trying to find out information that involves you or someone you know or if you are a private investigator with clients of your own Book jacket

A MANUAL OF PRIVATE INVESTIGATION TECHNIQUES William F. Blake,2013-02-01 This book will help the private investigator reevaluate business opportunities and identify goals for the future The world of the private investigator is constantly changing due to the introduction of various legal requirements that have restricted or eliminated some of the methods available for obtaining information such as the various privacy protection acts Additionally most private investigators have restricted their business activities to a response mode that is conducting inquiries after an incident has occurred Their preventive skills have been ignored to their financial detriment As restrictions continue to be placed on private investigative activities private investigators need to reevaluate personal skills and discover how these may relate to expanding their services This book provides the necessary information for learning about these new skill areas and provides the necessary strategies for their implementation Some of the topics cover crime and loss prevention strategies risk assessment and prevention strategies Many other topics are also covered such as that of the expert witness This is not a difficult status to attain but requires unique skill sets and experience and can be highly lucrative Crises management is another skill set that is explored here It not only identifies potential risk areas through risk assessment activities but includes development and implementation of preventive measures and shows how the private investigator can assist in restoring business operations to their normal levels This book will be of enormous help to private investigators who wish to develop these sophisticated investigative business skills and preventive services in order to meet these challenges for surviving and thriving in this modern age industry *Undercover Disguise Methods for Investigators* Arabella Mazzuki,Raymond Siljander,Simon Mitchell,2015-08-11 The road to master of disguise is a difficult and exciting one fraught with equal parts danger and intrigue but fortunately you don t have to go it alone The book you now hold in your hands will serve as a roadmap through the disguise terrain novices and masters alike will find in these pages invaluable wisdom advice and guidance previously unavailable in such a concise format Recent years have seen unprecedented technology advancements However investigation and intelligence agencies still need field personnel they need feet on the ground To be effective investigators and clandestine service persons need strong tradecraft skills that include the ability to disguise themselves This book presents undercover disguise methods that came into focus in the clandestine services of World War II evolved during the Cold War and today features modern innovations Here the reader discovers the latest disguise technologies traditional

and innovative methods not taught by police academies or included in college law enforcement and criminal justice curriculums Customary purposes for disguise include to avoid recognition support a pretext character and the corresponding undercover operation prevent somebody accurately describing the agent and to thwart physical surveillance Naturally some disguises are quicker to implement than others and some are more believable Some disguises withstand prolonged close up scrutiny whereas others are suitable only when viewed briefly or from afar The authors have removed the mystery and made short work of carving out a path for anyone looking to hone their craft in the art of disguise ensuring success for all who are daring enough to pursue this road less traveled

INTELLIGENCE AND PRIVATE INVESTIGATION Hank

Prunckun,2013-07-01 While many books have been written about private investigation this text is different in that it does not deal with the subject from traditional perspectives It examines how private investigation has grown particularly since 9 11 into an exacting and sophisticated occupation The book looks at the key issues in what it describes as private intelligence that is intelligence activities practiced by operatives other than law enforcement national security or the military Eleven world experts contribute chapters addressing key practice issues concerning the skills abilities and knowledge necessary in the new realm of private intelligence The initial three chapters provide a report on present day private intelligence and offer an overview of the specifics of intelligence issues that follow Eleven subsequent chapters take the reader progressively through various intelligence related subjects Major topics presented include skills for intelligence led private investigators open source intelligence target profiling fraud intelligence political intelligence anti terrorist and anti gang intelligence illicit organizations and financial intelligence counterintelligence clandestine communication methods preparing a prosecution brief legal issues for intelligence led private investigators and ethical issues for intelligence led private investigators Additionally the text contains several features that will appeal to both students and instructors These include a set of key terms and phrases a number of study questions and learning activities in each chapter Written in a clear and concise style the text provides a foundation of practical and useful information It will be a most important and unique resource for undergraduate students in private investigation courses as well as intelligence practitioners and general readers interested in self development study
