Rabbinic Thought In The Talmud

Emanuel Fiano

Rabbinic Thought In The Talmud:

Rabbinic Thought in the Talmud Louis Jacobs, 2005 Provides four detailed understandings of the nature and scope of the Babylonian Talmud outlining the state of the art studies of the subject as well as some problems still awaiting solution such as who were the actual editors of the Bavli and how they went about their work This is followed by seven comprehensive examinations of the Talmudic method as seen from the complete unit of the Talmud the Sugya The concluding section of the books deals with Rabbinics the works of post Talmudic scholars who sought to bring the Talmudic discussions to life in the Jewish community *Philosophy of the Talmud* Hyam Maccoby, 2013-01-11 This is a new presentation of the philosophy of the Talmud The Talmud is not a work of formal philosophy but much of what it says is relevant to philosophical enquiry including issues explored in contemporary debates In particular the Talmud has original ideas about the relation between universal ethics and the ethics of a particular community This leads into a discussion on the relation between morality and ritual and also about the epistemological role of tradition The book explains the paradoxes of Talmudic Judaism as arising from a philosophy of revolution stemming from Jewish origins as a band of escaped slaves determined not to reproduce the slave society of Egypt From this arises a daring humanism and an emphasis on justice in this world rather than on other worldly spirituality A strong emphasis on education and the cultivation of rationality also stems from this Governing the discussion is a theory of logic that differs significantly from Greek logic Talmudic logic is one of analogy not classification and is peculiarly suited to discussions of moral and legal human situations This book will be of interest to those in the fields of philosophy religion and the history of ideas whether students teachers and academics or the interested general reader

The Wisdom of the Talmud Ben Zion Bokser, 2001-08 A fascinating and revelatory introduction to the Talmud discusses the Talmudic mind its conceptions of God and its thoughts on social ethics personal morality law and general human wisdom Original [What the Rabbis Said](#) Ronald L. Eisenberg M.D., 2010-08-03 This fascinating narrative illustrates and clarifies rabbinic views relating to more than 250 topics The Talmud has been a source of study and debate for well over a millennia What the Rabbis Said 250 Topics from the Talmud brings that discussion out of the yeshiva to describe and clarify the views of the talmudic rabbis for modern readers Much more than a compilation of isolated rabbinic quotations the book intersperses talmudic statements within the narrative to provide a thoroughly engaging examination of the rabbinic point of view Exploring the development of traditional Jewish thought during its formative period the book summarizes the major rabbinic comments from the vast expanse of the Talmud and midrashic literature demonstrating among other things that the rabbis often took divergent positions on a given issue rather than agreeing on a single party line As it delves into such broad topics as God the Torah mitzvot law and punishment synagogue and prayer and life cycle events What the Rabbis Said will help readers understand and appreciate the views of those who developed the rabbinic Judaism that persists to the present day **Forms of Rabbinic Literature and Thought** Alexander Samely, 2007-04-12 Surveying the corpus of rabbinic

literature written in Hebrew and Aramaic and which contains the foundations of Judaism in particular the Talmud this book explains why the character of the texts is crucial to an understanding of rabbinic thought and why they pose problems to modern Western educated readers

What the Rabbis Said Ronald L. Eisenberg M.D.,2010-08-03 This fascinating narrative illustrates and clarifies rabbinic views relating to more than 250 topics The Talmud has been a source of study and debate for well over a millennia What the Rabbis Said 250 Topics from the Talmud brings that discussion out of the yeshiva to describe and clarify the views of the talmudic rabbis for modern readers Much more than a compilation of isolated rabbinic quotations the book intersperses talmudic statements within the narrative to provide a thoroughly engaging examination of the rabbinic point of view Exploring the development of traditional Jewish thought during its formative period the book summarizes the major rabbinic comments from the vast expanse of the Talmud and midrashic literature demonstrating among other things that the rabbis often took divergent positions on a given issue rather than agreeing on a single party line As it delves into such broad topics as God the Torah mitzvot law and punishment synagogue and prayer and life cycle events What the Rabbis Said will help readers understand and appreciate the views of those who developed the rabbinic Judaism that persists to the present day

Historical Dictionary of Judaism Norman Solomon,2024-10-15 What we now call Judaism is the religion of the rabbis it is rooted in scripture the Hebrew Scriptures but it is not to be identified with Old Testament theology Judaism in its many manifestations has continued to evolve rereading its ancient texts and extracting new meaning while addressing contemporary issues such as the status of women and attitudes to sexual orientation History or rather our perception of it has changed substantially Previously unknown documents and artefacts have surfaced while scholars have proposed far reaching changes to the way we read and evaluate ancient texts Nowadays we have a more nuanced understanding of how to evaluate statements in the Talmud and other rabbinic writings and we are better able to contextualize them not only in Greco Roman antiquity but also in the Sasanian environment in which the Babylonian Talmud was formed Historical Dictionary of Judaism Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries on on important personalities in Jewish religious history including biblical personalities with an emphasis on how they are understood in Jewish Christian and Islamic tradition This book is an excellent access point for students researchers and anyone wanting to know more about Judaism

The Talmud's Theological Language-Game Eugene B. Borowitz,2012-02-01 In this pioneering effort noted Jewish philosopher Eugene B Borowitz opens up the rules by which the language game of aggadic discourse is carried on in the Talmud the foundational document of rabbinic and all later Judaism These findings are compared with the aggadah the realm in which almost all explicit statements about classic Jewish religious belief occur of some other early rabbinic writings Two issues drive Borowitz s inquiry What if anything constrains the unprecedented freedom of this realm and How might one positively characterize the aggadah Borowitz introduces us to the rabbis not only in their amazing profundity but also in their unguarded humanity He concludes with a

reflection on how this old Jewish language game should influence contemporary Jewish thought and perhaps other religious thought as well **Must a Jew Believe Anything?** Menachem Kellner,2022-03-09 The crucial question for today s Jewish world Kellner argues is not whether Jews will have Jewish grandchildren but how many different sorts of mutually exclusive Judaisms those grandchildren will face This accessible book examines how the split that threatens the Jewish future can be avoided For this second edition the author has added a substantial Afterword reviewing his thinking on the subject and addressing the reactions to the original edition The A to Z of Judaism Norman Solomon,2009 This book includes a chronology and an introduction that presents an overview of all aspects of Judaism Numerous cross referenced dictionary entries detail important people writings institutions concepts Hebrew words philosophy theology and religious law and an extensive bibliography provides access for further study Jacket The A to Z of Judaism Norman Solomon,2009-08-13 Judaism the religion of the Jewish people is one of the first recorded monotheistic religions and as such is one of the oldest religious traditions still practiced today While its influences can be seen in the religions of both Christianity and Islam many of its beliefs traditions and practices are unknown The second edition of The A to Z of Judaism doesn t just present religious beliefs in a traditional sense but investigates the complex intermingling of religion devotion lifestyle and culture as it is found in diverse Jewish populations around the world and as it has evolved over the course of recent human history Judaism like many other cultural institutions has rarely remained static instead continually investigating and questioning itself metamorphosing in relation to the world By means of a chronology an introductory essay a bibliography and numerous cross referenced dictionary entries on important persons writings institutions concepts Hebrew words philosophy theology and religious law author Norman Solomon provides an important reference source for the study of Judaism The Peace and Violence of Judaism Robert Eisen,2011-02-09 Religious violence has become one of the most pressing issues of our time Robert Eisen provides the first comprehensive analysis of Jewish views on peace and violence by examining texts in five major areas of Judaism the Bible rabbinic Judaism medieval Jewish philosophy Kabbalah and modern Zionism He demonstrates that throughout its history Judaism has consistently exhibited ambiguity regarding peace and violence To make his case Eisen presents two distinct analyses of the texts in each of the areas under consideration one which argues that the texts in question promote violence toward non Jews and another which argues that the texts promote peace His aim is to show that both readings are valid and authentic interpretations of Judaism Eisen also explores why Judaism can be read both ways by examining the interpretive techniques that support each reading The Peace and Violence of Judaism will be an essential resource not only for students of Judaism but for students of other religions Many religions exhibit ambiguity regarding peace and violence This study provides a model for analyzing this important phenomenon The Pentateuch According to the Talmud Paul Isaac Hershon,1883 **A Handbook on the Jewish Roots of the Christian Faith** Craig Evans,David Mishkin,2021-04-18 A Handbook on the Jewish Roots of the Christian Faith is a comprehensive handbook that

serves as an introduction to the Jewish roots of the Christian Faith It includes Old Testament background Second Temple Judaism the life of Jesus the New Testament and the early Jewish followers of Jesus It is intended as a resource for college and or higher education It is no longer a novelty to say that Jesus was a Jew In fact the term Jewish roots has become something of a buzzword in books articles and especially on the internet But what does the Jewishness of Jesus actually mean and why is it important This collection of articles aims to address those questions and serve as a comprehensive yet concise primer on the Jewish roots of the Christian faith It consists of thirteen chapters most of which are divided into four or five articles It is in a handbook format meaning that each article is brief but informative The thirteen chapters are grouped into four major sections 1 The Soil 2 The Roots 3 The Trunk and 4 The Branches Craig A Evans PhD DHabil is the John Bisagno Distinguished Professor of Christian Origins at Houston Baptist University in Texas He is a frequent contributor to scholarly journals and the author or editor of over seventy books Evans resides in Houston TX David Mishkin PhD serves on the faculty of Israel College of the Bible in Netanya Israel He is the author of *The Wisdom of Alfred Edersheim and Jewish Scholarship on the Resurrection of Jesus*

Three Powers in Heaven Emanuel Fiano,2023-06-20 A fresh look at how Christianity and Judaism became two distinct religions through the parting of their intellectual traditions How when and why did Christianity and Judaism diverge into separate religions Emanuel Fiano reinterprets the parting of the ways between Jews and Christians as a split between two intellectual traditions a split that emerged within the context of ancient debates about Jesus s relationship to God and the world Fiano explores how Christianity moved away from Judaism through the development of new practices for religious inquiry By demonstrating that the constitution of communal borders coincided with the elaboration of different methods for producing religious knowledge the author shows that Christian theological controversies often thought to teach us nothing beyond the history of dogma can cast light on the broader religious landscape of late antiquity *Three Powers in Heaven* thus marks not only a historical but also a methodological intervention in the study of the parting of the ways and in scholarship on ancient religion

The Gospel of John F. F. Bruce,1994-10-18 This popular verse by verse exposition of John based on Bruce s own translation of the Gospel reflects Bruce s customary ability to make the benefits of his scholarship accesible to the general reader Footnotes and bibliography are included pointing the reader to resources for further study

The Marrano Way Agata Bielik-Robson,2022-05-09 The Marrano phenomenon is a still unexplored element of Western culture the presence of the borderline Jewish identity which avoids clear cut cultural and religious attribution and precisely as such prefigures the advent of the typically modern free oscillating subjectivity Yet the aim of the book is not a historical study of the Marranos or conversos who were forced to convert to Christianity but were suspected of retaining their Judaism undercover The book rather applies the Marrano metaphor to explore the fruitful area of mixture and cross over which allowed modern thinkers writers and artists of the Jewish origin to enter the realm of universal communication without at the same time making them relinquish their Jewishness which they subsequently developed as a

hidden tradition The book poses and then attempts to prove the Marrano hypothesis according to which modern subjectivity derives to paraphrase Cohen out of the sources of the hidden Judaism modernity begins not with the Cartesian abstract ego but with the rich self reflexive self of Michel de Montaigne who wrestled with his own marranismo in a manner that soon became paradigmatic to other Jewish thinkers entering the scene of Western modernity from Spinoza to Derrida The essays in the volume offer thus a new view of a Marrano modernity which aims to radically transform our approach to the genesis of the modern subject and shed a new light on its secret religious life as surviving the process of secularization although merely in the form of secret traces

The Holy and the Hereafter or is it Hooey? J L Miller, 2013-10 The original purpose of this book was to explore various religious ideas and beliefs relating to the hereafter The title was to be The Hereafter Maybe On completion of the first few chapters the author concluded that every major religion s philosophy theology had included much nonsense at least if viewed solely from common sense Thus this text took on an increased scope It has a wealth of imagination on holy belief and the possibilities of an afterlife Most nonfiction writers on the subject of religion generally endorse a preconditioned accepted view as truth and even the only truth This book s author believes all truth is partial and that any human belief about God from any religion is at best partial Both the expert and the layman will find food for thought regarding the reality of their own religious philosophy

T&T Clark Companion to the Doctrine of Sin Keith L. Johnson, David Lauber, 2016-06-16 The T 2 Major Figures and Traditions and 3 Dogmatic Concerns The first set of essays explores the biblical and rabbinic accounts of sin to bring out the complexities of the biblical presentation and its implications The second section discusses the role of the doctrine of sin in the theology of key theologians with a special attention to explaining how the doctrine contributes to an understanding of their overall theology The final section explores key dogmatic questions and concerns related to the doctrine of sin e g original sin sin and the question of evil and providence sin and the freedom of the will

The Talmud's Red Fence Shai Secunda, 2020-06-16 The Talmud s Red Fence explores how rituals and beliefs concerning menstruation in the Babylonian Talmud and neighboring Sasanian religious texts were animated by difference and differentiation It argues that the practice and development of menstrual rituals in Babylonian Judaism was a product of the religious terrain of the Sasanian Empire where groups like Syriac Christians Mandaeans Zoroastrians and Jews defined themselves in part based on how they approached menstrual impurity It demonstrates that menstruation was highly charged in Babylonian Judaism and Sasanian Zoroastrian where menstrual discharge was conceived of as highly productive female seed yet at the same time as stemming from either primordial sin Eve eating from the tree or evil Ahri-men s kiss It argues that competition between rabbis and Zoroastrians concerning menstrual purity put pressure on the Talmudic system for instance in the unusual development of an expert diagnostic system of discharges It shows how Babylonian rabbis seriously considered removing women from the home during the menstrual period as Mandaeans and Zoroastrians did yet in the end deemed this possibility too heretical Finally it examines three cases of Babylonian Jewish

women initiating menstrual practices that carved out autonomous female space One of these the extension of menstrual impurity beyond the biblically mandated seven days is paralleled in both Zoroastrian Middle Persian and Mandaic texts Ultimately Talmudic menstrual purity is shown to be driven by difference in its binary structure of pure and impure in gendered terms on a social axis between Jews and Sasanian non Jewish communities and textually in the way the Palestinian and Babylonian Talmuds took shape in late antiquity
