RABINDRANATH TAGORE ,1986 **Rabindranath Tagore** Rabindranath Tagore Festival Committee,1986

Rabindranath Tagore's The Home and the World Pradip Kumar Datta,2005 Designed as a companion to Rabindranath Tagore's *Ghare Baire* *The Home and the World* the ten essays of this volume cover the novel in terms of the complexity of colonial modernity The book will be of great value and interest to those studying Indian literature post coloniality gender representations and nationalism *The Vedantic Relationality of Rabindranath Tagore* Ankur Barua,2018-10-25 This book is a thematic study of the poet thinker Rabindranath Tagore's conceptual project of harmonizing the one and its many Tagore's writings in Bengali and in English on religious and social themes are held together by the leitmotif of a harmony which operates across several existential religious and social polarities the finite and the infinite the temporal and the eternal and the individual and the universal Tagore creatively appropriated materials from diverse sources such as the classical Hindu Vedantic systems the folk piety of Bengal and others to configure a dialectic which shapes his writings on both religious and social themes On the one hand each individual is irreducibly distinct from everyone else and on the other hand each individual gains their spiritual depth precisely by being placed within the dynamic matrices of an interrelated whole Thus we find Tagore rejecting certain monastic forms of Hindu world renunciation and also certain ecstatic dimensions of devotional worship the former because they efface individuality and the latter because they can generate self absorbed styles of living Again Tagore is as sharply opposed to Bengali imitateness of English modes of being in the world as he is to Bengali forms of insularity the former because it dilutes the concrete richness of indigenous lifeforms and the latter because it confines individuals to parochial enclosures Tagore's life long endeavor was to configure a third way by rejecting both the blank homogeneity of an undifferentiated one and the particularistic insularities of a multitude without a deeper center of coherence **Rabindranath Tagore** Rabindranath Tagore,1989-06-18 Tagore a Bengalese writer artist and thinker won the 1913 Nobel Prize for Literature and became an international celebrity These essays arose from an international Tagore Conference held in London in 1986 which aimed to reassess the range of his achievement and the catholicity of his thought *Rabindranath Tagore* Bashabi Fraser,2019-09-15 Polymath Rabindranath Tagore was the first non European to be awarded the Nobel Prize for Literature in 1913 But Tagore was much more than a writer Through his poems novels short stories poetic songs dance dramas and paintings he transformed Bengali literature and Indian art He was instrumental in bringing Indian culture to the West and vice versa and he strove to create a less divided society through mutual respect and understanding following the example of his great contemporary and close friend Mahatma Gandhi In this timely reappraisal of Tagore's life and work Bashabi Fraser assesses Tagore's many activities and shows how he embodies the modern consciousness of India She examines his upbringing in Bengal his role in Indian politics and his interests in international relationships Taking a holistic perspective she also addresses some of the misreadings of his extraordinary life
