Race Class And Power In The Building Of Richmond 1870 19:

Race, Class and Power in the Building of Richmond, 1870-1920 Steven J. Hoffman, 2017-08-30 Using post Civil War Richmond Virginia as a case study Hoffman explores the role of race and class in the city building process from 1870 to 1920 Richmond's railroad connections enabled the city to participate in the commercial expansion that accompanied the rise of the New South A highly compact city of mixed residential industrial and commercial space at the end of the Civil War Richmond remained a classic example of what historians call a walking city through the end of the century As city streets were improved and public transportation became available the city's white merchants and emerging white middle class sought homes removed from the congested downtown The city's African American and white workers generally could not afford to take part in this residential migration As a result the mixture of race and class that had existed in the city since its inception began to disappear The city of Richmond exemplified characteristics of both Northern and Southern cities during the period from 1870 to 1920 Retreating Confederate soldiers had started fires that destroyed the city in 1865 but by 1870 the former capital of the Confederacy was on the road to recovery from war and reconstruction reestablishing itself as an important manufacturing and trade center The city's size diversity and economic position at the time not only allows for comparisons to both Northern and Southern cities but also permits an analysis of the role of groups other than the elite in city building process By taking a look at Richmond we are able to see a more complete picture of how American cities have come to be the way they are

Gin, Jesus, and Jim Crow Brendan J. J. Payne, 2022-04-20 In Gin Jesus and Jim Crow Brendan J J Payne reveals how prohibition helped realign the racial and religious order in the South by linking restrictions on alcohol with political preaching and the disfranchisement of Black voters While both sides invoked Christianity prohibitionists redefined churches doctrines practices and political engagement White prohibitionists initially courted Black voters in the 1880s but soon dismissed them as hopelessly wet and sought to disfranchise them stoking fears of drunken Black men defiling white women in their efforts to reframe alcohol restriction as a means of racial control Later as the alcohol industry grew desperate it turned to Black voters many of whom joined the brewers to preserve their voting rights and maintain personal liberties Tracking southern debates about alcohol from the 1880s through the 1930s Payne shows that prohibition only retreated from the region once the racial and religious order it helped enshrine had been secured

The South at Work William Garrott Brown, 2014-07-10 In 1904 William Garrott Brown traveled the American South investigating the region's political economic and social conditions Using the pen name Stanton Brown published twenty epistles in the Boston Evening Transcript detailing his observations The South at Work is a compilation of these newspaper articles providing a valuable snapshot of the South as it was simultaneously emerging from post Civil War economic depression and imposing on African Americans the panoply of Jim Crow laws and customs that sought to exclude them from all but the lowest rungs of Southern society A Harvard educated historian and journalist originally from Alabama Brown had been commissioned by the Evening Transcript

to visit a wide range of locations and to chronicle the region with a greater depth than that of typical travelers accounts Some articles featured familiar topics such as a tobacco warehouse in Durham North Carolina a textile mill in Columbia South Carolina and the vast steel mills at Birmingham However Brown also covered atypical enterprises such as citrus farming in Florida the King Ranch in Texas and the New Orleans Cotton Exchange To add perspective he talked to businessmen and politicians as well as everyday workers In addition to describing the importance of diversifying the South s agricultural economy beyond cotton Brown addressed race relations and the role of politicians such as James K Vardaman of Mississippi the growth of African American communities such as Hayti in Durham and the role universities played in changing the intellectual climate of the South Editor Bruce E Baker has written an introduction and provided thorough annotations for each of Brown s letters Baker demonstrates the value of the collection as it touches on racism moderate progressivism and accommodation with the political status quo in the South Baker and Brown s combined work makes *The South at Work* one of the most detailed and interesting portraits of the region at the beginning of the twentieth century Publication in book form makes *The South at Work* conveniently available to students and scholars of modern Southern and American history

Children of the Streets of Richmond, 1865-1920 Harry M. Ward, 2015-05-23 Richmond in the late 19th century was not the genteel peaceful community historians have made it Virginia s capital was cosmopolitan boisterous and crime ridden From 1905 to 1915 there was an official red light district The police had their hands full with drunks and riffraff and a variety of street urchins and waifs most of whom were very poor found themselves on the wrong side of the law The juvenile delinquents of Richmond some barely out of infancy were held accountable in the Police Court A juvenile court system was not established until 1916 Presiding over the Police Court for 32 years was Justice John Jeter Crutchfield who though unlearned in the law functioned like a biblical Solomon but with great showmanship The Police Court attracted many tourists and some of Virginia s literary figures cut their teeth writing newspaper coverage of the proceedings vying with each other for the most hilarious slant What emerges from the public record is an amusing and touching picture of what life was really like in the post Reconstruction urban South

Bunco Artists in Richmond, 1870-1920 Harry M. Ward, 2017-03-03 Richmond in the late 19th and early 20th centuries was home to a lively underworld of tricksters swindlers confidence men and thieves The former Confederate capital s under staffed police force and dense population large numbers of immigrants and the very poor accommodated the enterprising criminal Newspaper reports of the day offer a glimpse of a wide variety of crimes and misdemeanors often with a bit of humor or pathos Based on reports from the proceedings of the Police Court this book provides a portrait of Richmond then the most congested city in the U S during the Golden Age of the Con when gamblers hustlers and frauds plied their trades across the country

The Uplift Generation Clayton McClure Brooks, 2017-03-22 Offering a fresh look at interracial cooperation in the

formative years of Jim Crow The Uplift Generation examines how segregation was molded not by Virginia's white political power structure alone but rather through the work of a generation of Virginian reformers across the color line who from 1900 to 1930 engaged in interracial reforms This group of paternalists and uplift reformers believed interracial cooperation was necessary to stem violence and promote progress Although these activists had varying motivations they worked together because their Progressive aims meshed finding themselves unlikely allies Unlike later incarnations of interracialism this early work did not challenge segregation but rather helped to build and define it intentionally and otherwise The initiatives whose genesis ranged from private one on one communications to large scale interracial organizations shaped Progressivism the emergence of a race conscious public welfare system and the eventual parameters of Jim Crow in Virginia Through extensive use of personal papers newspapers and other archival materials The Uplift Generation shares the stories of these fascinating yet often forgotten reformers and the complicated and sometimes troubling consequences of their work

Race and the Atlanta Cotton States Exposition of 1895 Theda Perdue, 2011-10-01 The Cotton States Exposition of 1895 was a world's fair in Atlanta held to stimulate foreign and domestic trade for a region in an economic depression Theda Perdue uses the exposition to examine the competing agendas of white supremacist organizers and the peoples of color who participated White organizers had to demonstrate that the South had solved its race problem in order to attract business and capital As a result the exposition became a venue for a performance of race that formalized the segregation of African Americans the banishment of Native Americans and the incorporation of other people of color into the region's racial hierarchy White supremacy may have been the organizing principle but exposition organizers gave unprecedented voice to minorities African Americans used the Negro Building to display their accomplishments to feature prominent black intellectuals and to assemble congresses of professionals tradesmen and religious bodies American

Indians became more than sideshow attractions when newspapers published accounts of the difficulties they faced And performers of ethnographic villages on the midway pursued various agendas including subverting Chinese exclusion and protesting violations of contracts Close examination reveals that the Cotton States Exposition was as much about challenges to white supremacy as about its triumph

Bateman, Ira Katznelson, John S. Lapinski, 2018-07-10 How southern members of Congress remade the United States in their own image after the Civil War No question has loomed larger in the American experience than the role of the South Southern Nation examines how southern members of Congress shaped national public policy and American institutions from Reconstruction to the New Deal and along the way remade the region and the nation in their own image The central paradox of southern politics was how such a highly diverse region could be transformed into a coherent and unified bloc a veritable nation within a nation that exercised extraordinary influence in politics This book shows how this unlikely transformation occurred in Congress the institutional site where the South s representatives forged a new relationship with the rest of the nation Drawing on an innovative theory of southern lawmaking in depth analyses of key historical sources and congressional data Southern Nation traces how

southern legislators confronted the dilemma of needing federal investment while opposing interference with the South's racial hierarchy a problem they navigated with mixed results before choosing to prioritize white supremacy above all else Southern Nation reveals how southern members of Congress gradually won for themselves an unparalleled role in policymaking and left all southerners whites and blacks disadvantaged to this day At first the successful defense of the South's capacity to govern race relations left southern political leaders locally empowered but marginalized nationally With changing rules in Congress however southern representatives soon became strategically positioned to profoundly influence national affairs

Cavalcanti, 2010-07-02 Confounding stereotypes this book details the experiences of a growing but little known group Latinos who have settled in the American South Authors Debra J Schlee and H B Cavalcanti provide rich survey data from Richmond Virginia a midsize city where a Latino community has only recently emerged Notably many of the new arrivals in Richmond are middle class professionals From language use ethnic customs and family life to workplace dynamics and ultimately political and religious participation this book explores what Latinos experience in moving to Richmond and what they bring to a city previously marked by only a black white ethnic divide The intersections of geographic mobility isolation and segmented assimilation processes are discussed and shown to intensify class differences as well educated Latino professionals dominate the cultural and political landscape while less well off immigrants remain marginal
