## **Race And Ethnicity Comparative And Theoretical Approaches Blackwell Readers:**

**Race and Ethnicity** Warren I. Cohen, 2003-03-07 This course reader collects the essential texts necessary for a comparative and theoretically informed approach to the study of race and ethnicity The introduction gives an account of race and ethnicity in contemporary society

**Racism and Ethnicity** Ian Law, 2013-09-05 Racism and Ethnicity Global Debates Dilemmas Directions examines in detail the theories histories and principal debates of race racism and ethnicity within a global context The text offers critical evaluation of the work of major figures from Du Bois to Goldberg and presents new research on pre modern racisms contemporary scientific racisms racist violence racism reduction ethnicity in the UK and European patterns of exclusion and discrimination Richly illustrated throughout with examples and case studies drawn from across the world and time the book also offers a range of in text features to aid study including chapter summaries key concept boxes chapter activities and further reading Racism and Ethnicity Global Debates Dilemmas Directions will be core reading for students at all levels across the social sciences and the humanities ranging from history and cultural studies through sociology to political and policy analysis It will also be of significant interest to researchers and policy makers in a range of fields

*Ethnicity and Inclusion* David G. Horrell, 2020-10-29 Some of today s problematic ideologies of racial and religious difference can be traced back to constructions of the relationship between Judaism and early Christianity New Testament studies which developed contemporaneously with Europe s colonial expansion and racial ideologies is David Horrell argues therefore an important site at which to probe critically these ideological constructions and their contemporary implications In Ethnicity and Inclusion Horrell explores the ways in which ethnic and religious characteristics feature in key Jewish and early Christian texts challenging the widely accepted dichotomy between a Judaism that is ethnically defined and a Christianity that is open and inclusive Then through an engagement with whiteness studies he offers a critique of the implicit whiteness and Christianness that continue to dominate New Testament studies today arguing that a diversity of embodied perspectives is epistemologically necessary

**The Early Christian World** Philip Esler, 2017-07-20 Since its publication in 2000 The Early Christian World has come to be regarded by scholars students and the general reader as one of the most informative and accessible works in English on the origins development character and major figures of early Christianity In this new edition the strengths of the first edition are retained These include the book s attractive architecture that initially takes a reader through the context and historical development of early Christianity the essays in critical areas such as community formation everyday experience the intellectual and artistic heritage and external and internal challenges and the profiles on the most influential early Christian figures The book also preserves its strong stress on the social reality of early Christianity and continues its distinctive use of hundreds of illustrations and maps to bring that world to life Yet the years that have passed since the first edition was published have seen great advances made in our understanding of early Christianity in its world This new edition fully reflects these developments and provides the reader with authoritative lively

and up to date access to the early Christian world A quarter of the text is entirely new and the remaining essays have all been carefully revised and updated by their authors Some of the new material relates to Christian culture including book culture canonical and non canonical scriptures saints and hagiography and translation across cultures But there are also new essays on Jewish and Christian interaction in the early centuries ritual the New Testament in Roman Britain Manichaeism Pachomius the Great and Gregory of Nyssa This new edition will serve its readers for many years to come *Assessing Race, Ethnicity and Gender in Health* Sana Loue, 2006-12-22 This book deals specifically with the historical basis for use of terms in race gender ethnicity sex and sexual orientation It brings much needed clarity to the debate by identifying the ethical issues as well as the technical challenges inherent in measuring these elusive concepts The author expands on her work begun in *Gender Ethnicity and Health Research* by paralleling the evolution of racial and sexual categories with the development of health research In addition the book provides a salient guide to assessment tools currently used in measuring racial and sexual constructs identity and experience **Reading 1-2 Peter and Jude** Eric F. Mason, Troy W. Martin, 2014-03-31 An essential textbook on 1 2 Peter and Jude for readers of all levels Scholars engage the best contemporary work on 1 2 Peter and Jude in this student oriented book The first four chapters in this collection on authorship and pseudonymity literary relationships among the three books epistolary rhetoric and apocalyptic elements consider important foundational issues related to all three epistles These essays lay the groundwork for more focused chapters that examine theology and theory in 1 Peter as well a stylistic theological and thematic overlap in Jude and 2 Peter Features A range of theological literary and theoretical approaches Definitions for specialized terminology Historical and cultural background information Explanations of methodologies **The Social Movements Reader** Jeff Goodwin, James M. Jasper, 2009-04-20 Combining the strengths of both a reader and a textbook this second edition of *The Social Movements Reader* not only expands on the collection of classic texts but also provides the most important and readable articles and book selections on social movements from recent decades Requiring no prior knowledge about social movements this new edition includes definitions of key concepts biographies of exemplary leaders new developments in the field and timelines of several ongoing social movements Analysing the specific resources networks structures and environments of social movements as well as the motivating psychology ideas political debates emotions and personal and collective identities behind them this is an engaging and illuminating collection for anyone curious about social movements Becoming Christian David G. Horrell, 2013-07-04 The first letter of Peter remains a relatively neglected corner of the New Testament the number of monographs devoted to it is tiny compared with those on the Gospels and Pauline letters Yet it is a text so this book argues that offers much insight into crucial processes in the development of Christian identity In particular 1 Peter illustrates with particular clarity the complex ways in which Christian identity was forged from Jewish traditions and negotiated in the generally hostile Roman empire As such studies of this particular letter illuminate central themes in the

making of Christianity in the earliest centuries

**Becoming Christian** is a collection of essays that treat various facets of the first letter of Peter in its social and historical setting in some cases using new social scientific and postcolonial methods to shed light on the ways in which the letter contributes to the making of Christian identity At the heart of the book are chapters 5-7 which examine the contribution of 1 Peter to the construction of Christian identity the persecution and suffering of Christians in Asia Minor the significance of the name Christian and the response of the letter to the hostility encountered by Christians in society There are no recent books which bring together such a wealth of information and analysis of this crucial early Christian text **Becoming Christian** has developed out of Horrell's ongoing research for the International Critical Commentary on 1 Peter Together these essays will offer a series of significant and original engagements with this letter and a resource for studies of 1 Peter for some time to come

**Walking in Their Sandals** Markus Cromhout, 2010-06-01 This volume invites readers to walk in Israelite sandals that is to take a journey of the imagination and to immerse themselves in the identity values and institutions of first century CE Israelites with the help of contemporary social scientific studies and theories What emerges is that the Israelites did not practice a religion Rather they were an ethnos or as this book describes it an ethnic identity who lived out a particular way of life and culture the customs of the fathers It is to belong to a people who obtained their collective identity honor and sense of worth from their socialization and membership in Israel and from the social convention of loyalty to their rich cultural tradition It was to belong to a world or having a perspective on the world with its own quality of knowledge which among other things preferred collectivism over individualism and orthopraxy over orthodoxy

**The Concise Encyclopedia of Sociology** George Ritzer, J. Michael Ryan, 2011-01-25 This concise encyclopedia is the most complete international survey of sociology ever created in one volume Contains over 800 entries from the whole breadth of the discipline Distilled from the highly regarded Blackwell Encyclopedia of Sociology with entries completely revised and updated to provide succinct and up to date coverage of the fundamental topics Global in scope both in terms of topics and contributors Each entry includes references and suggestions for further reading Cross referencing allows easy movement around the volume

**An Introduction to the Sociology of Religion** Inger Furseth, Pål Repstad, 2023-09-05 What are religion and nonreligion How do fundamentalism and religious radicalization emerge and grow How do social class gender sexuality race ethnicity and other factors affect religious beliefs practices and organizations Is religion a fundamental driving force or do political leaders use religion for their own purposes In exploring these pertinent questions **An Introduction to the Sociology of Religion** provides an overview of sociological theories of contemporary religious life Theoretical discussion is accompanied by presentations of empirical research from several religious traditions in many parts of the world The sociology of religion is linked closely to developments in general sociology Some chapters are organized according to topic while others offer brief presentations of classical and contemporary sociologists from Karl Marx to Patricia Hill Collins and their perspectives on social life including on religion This second edition has been thoroughly

updated throughout with new chapters on religion and social inequalities social and religious movements and extremism Covering classical sociology of religion as well as contemporary debates and topics this book is ideal reading for students approaching the sociology of religion for the first time      **An Introduction to the Sociology of Religion** Inger Furseth,Pål Repstad,2006-01-01 An Introduction to the Sociology of Religion provides an overview of sociological theories of contemporary religious life Some chapters are organized according to topic Others offer brief presentations of classical and contemporary sociologists from Karl Marx to Zygmunt Bauman and their perspectives on social life including religion Throughout the book illustrations and examples are taken from several religious traditions      **The Oxford Handbook of the Sociology of Religion** Peter Clarke,2011-02-04 The Oxford Handbook of the Sociology of Religion draws on the expertise of an international team of scholars providing both an entry point into the sociological study and understanding of religion and an in depth survey into its changing forms and content in the contemporary world The role and impact of religion and spirituality on the politics culture education and health in the modern world is rigorously discussed and debated The study of the sociology of religion forges interdisciplinary links to explore aspects of continuity and change in the contemporary interface between society and religion Using a combination of theoretical methodological and content led approaches the fifty seven contributors collectively emphasise the complex relationships between religion and aspects of life from scientific research to law ecology to art music to cognitive science crime to institutional health care and more The developing character of religion irreligion and atheism and the impact of religious diversity on social cohesion are explored An overview of current scholarship in the field is provided in each themed chapter with an emphasis on encouraging new thinking and reflection on familiar and emergent themes to stimulate further debate and scholarship The resulting essay collection provides an invaluable resource for research and teaching in this diverse discipline      **Routledge Handbook of Identity Studies** Anthony Elliott,2012-04-27 The Routledge Handbook of Identity Studies offers an exceptionally clear overview of the analysis of identity in the social sciences and in so doing seeks to develop a new agenda for identity studies in the twenty first century The key theories of identity ranging from classical accounts to postmodern psychoanalytic and feminist approaches are drawn together and critically appraised and there are substantive sections looking at racial ethnic gendered queer consumerist virtual and global identities The Handbook also makes an essential contribution to the debate now opening up over identity politics and its cultural consequences From anti globalization protestors to new ecological warriors from devotees of therapy culture to defenders of international human rights the culture of identity politics is fast redefining the public political sphere What future for politics is there after the turn to identity Throughout there is a strong emphasis on interdisciplinarity with essays covering sociology psychology politics cultural studies and history The Handbook s clear and direct style will appeal to a wide undergraduate audience in the social sciences and humanities      The Bloomsbury Companion to New Religious Movements George D. Chryssides,Benjamin E. Zeller,2014-01-02 The Bloomsbury

Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events

**Cultures of Colour** Chris Horrocks, 2012 Colour permeates contemporary visual and material culture and affects our senses beyond the superficial encounter by infiltrating our perceptions and memories and becoming deeply rooted in thought processes that categorise and divide along culturally constructed lines Colour exists as a cultural as well as psycho physical phenomenon and acquires a multitude of meanings within differing historical and cultural contexts The contributors examine how colour becomes imbued with specific symbolic and material meanings that tint our constructions of race gender ideal bodies the relationship of the self to others and of the self to technology and the built environment By highlighting the relationship of colour across media and material culture this volume reveals the complex interplay of cultural connotations discursive practices and socio psychological dynamics of colour in an international context

The Persistence of Racialization Luz Angélica Kirschner, 2024-10-18 The Persistence of Racialization Literature Gender and Ethnicity represents an attempt at unpacking the legacy of modern ideas of race initiated and established during the conquest of the Americas and their current relevance for literary criticism of ethnic writing also known as minority writing The book challenges ideas of a post racial globalized world to question the tendency to devalue ethnic literary writing in general and ethnic women s productions in particular by questioning reductive literary criticism of ethnic writing that perpetuates bias against ethnic writing and its authors By advocating for a decolonial literary imagination the book urges literary critics of ethnic writing to consider the complexities of modern race and its enduring impact on contemporary social and cultural narratives Updated literary analyses of Jewish Argentine Turkish German and Chinese American women writers encourage literary critics of ethnic writing to explore alternative transnational frameworks that prioritize equity diversity and social justice

**Forthcoming Books** Rose Army, 2003-04 **Cities and Society** Nancy Kleniewski, 2008-04-15 This distinctive anthology contains classic and first rate contemporary writings that have had a major impact on the field of urban studies The expert and well known scholars who have written these essays cover central topics that have evolved over the past 25 years Brings together 20 of the most important classic and contemporary readings on cities and society in one accessible volume Offers an international focus as

well as case studies all by leading experts in the field Includes an analytical introduction by the editor Provides coverage of current trends theoretical perspectives and policy issues Features diverse topics such as space housing globalization the economy and social inequalities

**Theories of Race and Racism** Les Back, John Solomos, 2000 Theories of Race and Racism is an important and innovative collection that brings together the work of scholars who have helped to shape the study of race and racism as a historical and contemporary phenomenon The Reader's contributions have been chosen to reflect the different theoretical perspectives and to help readers gain a feel for the changing terms of the race and racism debate over time Theories of Race and Racism is divided into the following main sections Origins and Transformations Sociology Race and Social Theory Racism and Anti-Semitism Colonialism Race and the Other Feminism Difference and Identity Changing Boundaries and Spaces The editors go further to shed light on the relatively new areas of interest that are likely to attract attention in years to come Contributors include Theodor Adorno K Anthony Appiah Michael Banton Zygmunt Bauman Ruth Benedict Homi Bhabha Chetan Bhatt Gargi Bhattacharyya Avtar Brah Hazel Carby Barbara Christian Oliver C Cox Richard Dyer Frantz Fanon Ruth Frankenberg Sander Gilman Paul Gilroy David T Goldberg Stuart Hall Patricia Hill Collins bell hooks Max Horkheimer Winthrop Jordan Michael Keith Anne McClintock Kobena Mercer Robert Miles Chandra Talpade Mohanty George Mosse Gunnar Myrdal Robert Park John Rex John Solomos Stephen Steinberg Ann Laura Stoler Tzvetan Todorov Russo and Lourdes Torres Patricia Williams Kimberle Williams Crenshaw Howard Winant Lola Young Slavoj Žižek
