Deconstructing Racism they propose the deconstruction of racism's roots within systems and institutions that have been created both structurally and legally to serve white people. The authors propose that the deconstruction of racism must take place through the reconstruction of these systems and institutions. The authors seek to unmask the complexities of racism and the invisible patterns that keep it in place. There is no quick fix but they believe racism can be deconstructed and undone. In order to do this they identify and address race-based identity history and cultural issues rooted in current systems. Three chapters specifically address societal systems and provide anti-racism strategies for community organizers. Three chapters address racism as rooted in systems in the church and challenge people of faith to seek racial healing through understanding, honest confession, true reconciliation, and reconstructed church institutions. A final chapter outlines a way forward to and through a new era of anti-racist reconstruction. This way forward includes a new anti-racist mission statement, a new model of decision making, power, and new processes for accountability.

Protestantism Peter J. Leithart, 2016-10-18. The Failure of Denominationalism and the Future of Christian Unity. One of the unforeseen results of the Reformation was the shattering fragmentation of the church. Protestant tribalism was and continues to be a major hindrance to any solution to Christian division and its cultural effects. In this book influential thinker Peter Leithart critiques American denominationalism in the context of global and historic Christianity, calls for an end to Protestant tribalism, and presents a vision for the future church that transcends post-Reformation divisions. Leithart offers pastors and churches a practical agenda backed by theological arguments for pursuing local unity now. Unity in the church will not be a matter of drawing all churches into a single existing denomination, says Leithart. Returning to Catholicism or Orthodoxy is not the solution. But it is possible to move toward church unity without giving up our convictions about truth. This critique and defense of Protestantism urges readers to preserve and celebrate the central truths recovered in the Reformation while working to heal the wounds of the body of Christ.

Confronting Racial Injustice Gerald Hiestand, Joel Lawrence, 2022-11-30. One of the greatest crises facing the church is the crisis of racial injustice that has so long marred the body of Christ in America. Evangelicals have traditionally had a set of biblical, theological, and cultural tools we have used for dealing with questions about race: the necessity of personal responsibility, the possibility of heart renewal through faith in Jesus, the transformative impact of interpersonal relationships, and the bedrock conviction that every human being is made in the image of God and is thus of equal worth and dignity. But in the world after 2020, the evangelical church must now recognize that our theological playbook has been ineffective in rooting out racism from the church and in confronting our own complicity in racial injustice. We must now ask: What other theological convictions are required of us as we consider the image-bearing humanity of George Floyd, Breonna Taylor, Ahmaud Arbery, and many others? **Confronting Racial Injustice** explores theological vistas to aid the church in our pursuit of racial justice.

Sarita Srivastava,2024-03-19 Shows why diversity workshops fail and offers concrete solutions for a path forward Despite decades of anti racism workshops and diversity policies in corporations schools and nonprofit organizations racial conflict has only increased in recent years Are You Calling Me a Racist reveals why these efforts have failed to effectively challenge racism and offers a new way forward Drawing from her own experience as an educator and activist as well as extensive interviews and analyses of contemporary events Sarita Srivastava shows that racial encounters among well meaning people are ironically hindered by the emotional investment they have in being seen as good people Diversity workshops devote energy to defending recuperating educating and inwardly reflecting with limited results and these exercises often make things worse These Feel Good politics of race Srivastava explains train our focus on the therapeutic and educational rather than on concrete practices that could move us towards true racial equity In this type of approach to diversity training people are more concerned about being called a racist than they are about changing racist behavior Are You Calling Me a Racist is a much needed challenge to the status quo of diversity training and will serve as a valuable resource for anyone dedicated to dismantling racism in their communities educational institutions public or private organizations and social movements

Concerning Prayer Lily Dougall,1916 *The Greatest Letter Ever Written* French L. Arrington, From studying Paul s letter to the Romans we can learn the content of the Christian faith like nowhere else in the New Testament Paul s words are loaded with divine truth and require careful study and thought Indeed the letter to the Romans is a theological jewel but Paul s discussions in the letter are sensible and practical As the name of the letter indicates Paul wrote it to a church in a city known as Rome At the same time without knowing it he wrote it to the whole world and for all the ages supporting the efforts of cross cultural ministry and providing a key to understanding the Bible So even though this great letter was addressed to the saints in Rome during the first century its message is eternal and its mandates are universal French L Arrington

Christianity and Critical Race Theory Robert Chao Romero, Jeff M. Liou, 2023-04-25 Critical race theory has become a lightning rod in contemporary American politics and evangelical Christianity This irenic book offers a critical but constructive and sympathetic introduction written from a perspective rooted in Scripture and Christian theology The authors take us beyond caricatures and misinformation to consider how critical race theory can be an analytical tool to help us understand persistent inequality and injustice and to see how Christians and churches working for racial justice can engage it in faithful and constructive ways The authors explore aspects of critical race theory that resonate with well trod Christian doctrine but also that challenge or are corrected by Christian theology They also address the controversial connection that critics see between critical race theory and Marxism Their aim is to offer objective analysis and critique that go beyond the debates about social identity and the culture wars and aid those who are engaging the issues in Christian life and ministry The book includes a helpful glossary of key terms
