powers that included the Ottomans Egypt Italy Great Britain and Ethiopia Each had left its mark while fostering a deep distrust of outsiders and a fierce commitment to Eritrea s separate political identity Eritrea and Ethiopia slipped into a chronic state of no peace no war that kept the entire Horn of Africa off balance for nearly two decades the standoff ended in 2018 when a newly installed Ethiopian prime minister reached out to Eritrea and set in motion a rapid fire series of talks among the states of the African Horn that broke down long standing barriers and raised hopes for a new era of regional peace and cooperation This third edition of Historical Dictionary of Eritrea contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Eritrea

The Human Cost of African Migrations Toyin Falola,Niyi Afolabi,2007-11-13 In an era of globalization population growth and displacements migration is now a fact of life in a constantly shifting economic and political world order This book contributes to the discourse on the beneficiaries benefactors and the casualties of African displacement While the few existing studies have emphasized economic motivation as the primary factor triggering African migration this volume treats a range of issues economic socio political pedagogical developmental and cultural Organized with a multidisciplinary thrust in mind this book argues that any discussion of African migration whether internal or external must be conceived as only one aspect of a more complex organic and global patterning of flux and reflux necessitated by constantly shifting dynamics of world socio economic cultural and political order

In This Land of Plenty Benjamin Talton,2019-08-23 On August 7 1989 Congressman Mickey Leland departed on a flight from Addis Ababa with his thirteen member delegation of Ethiopian and American relief workers and policy analysts bound for Ethiopia s border with Sudan This was Leland s seventh official humanitarian mission in his nearly decade long drive to transform U S policies toward Africa to conform to his black internationalist vision of global cooperation antiracism and freedom from hunger Leland s flight never arrived at its destination The plane crashed with no survivors When Leland embarked on that delegation he was a forty four year old deeply charismatic fiercely compassionate black radical American He was also an elected Democratic representative of Houston s largely African American and Latino Eighteenth Congressional District Above all he was a self proclaimed citizen of humanity Throughout the 1980s Leland and a small group of former radical activist African American colleagues inside and outside Congress exerted outsized influence to elevate Africa s significance in American foreign affairs and to move the United States from its Cold War orientation toward a foreign policy devoted to humanitarianism antiracism and moral leadership Their internationalism defined a new era of black political engagement with Africa In This Land of Plenty presents Leland as the embodiment of larger currents in African American politics at the end of the twentieth century But a sober look at his aspirations shows the successes and shortcomings of domestic radicalism and aspirations of politically neutral humanitarianism during the 1980s and the extent

to which the decade was a major turning point in U S relations with the African continent Exploring the links between political activism electoral politics and international affairs Benjamin Talton not only details Leland s political career but also examines African Americans successes and failures in influencing U S foreign policy toward African and other Global South countries

Insurgent Fragmentation in the Horn of Africa Michael Woldemariam,2018-02-15 When insurgent organizations factionalize and fragment it can profoundly shape a civil war its intensity outcome and duration In this extended treatment of this complex and important phenomenon Michael Woldemariam examines why rebel organizations fragment through a unique historical analysis of the Horn of Africa s civil wars Central to his view is that rebel factionalism is conditioned by battlefield developments While fragmentation is caused by territorial gains and losses counter intuitively territorial stalemate tends to promote rebel cohesion and is a critical basis for cooperation in war As a rare effort to examine these issues in the context of the Horn of Africa region based upon extensive fieldwork this book will interest both scholarly and non scholarly audiences interested in insurgent groups and conflict dynamics

against Humanity in the 21st Century Robert Dubler SC, Matthew Kalyk, 2018-07-23 In Crimes Against Humanity in the 21st Century Dr Robert Dubler SC and Matthew Kalyk provide a comprehensive analysis of crimes against humanity in international criminal law The text tracks the crime from its conceptual origins in antiquity to its emergence in customary international law at Nuremberg to the establishment of the modern definition at the Hague with the ICTY ICTR and ICC and finally to recent state practice and jurisprudence The text sets out conclusions about the legal elements of the crime and contends that the *raison d'être* of the crime is located not in the inhumanity of its authors actions but in the extent to which its authors threaten international peace and security so as to justify international intervention With a foreword by Geoffrey Robertson QC
