McDougall, 2003 The magnitude of the current ecological crisis demands a fundamental redefinition of human identity It is no longer viable to regard human beings as the apex of creation rather humans must be recognized as existing within an intricate web of cosmic relations For Christian sacramental theology this redefinition requires that the horizon of theological reflection be shifted from a redemption centered focus to a cosmocentric one In this book Dorothy C McDougall elaborates the construction of an ecological sacramental theology based on the metaphor of the cosmos as the primary sacrament McDougall draws on the work of Thomas Berry with its foundation in a new and emergent scientific perspective as well as the social critique of ecofeminism as two significant resources

Schillebeeckx,2014-09-25 This is a new edition of the 1963 classic which gave Christological thought a new direction As far back as his first major book Schillebeeckx propounded an anthropological approach to the sacraments In Christ the Sacrament of the Encounter with God he draws on theologically fruitful work by phenomenological anthropologists like Merleau Ponty Buytendijk and Binswanger That makes Schillebeeckx s distinctive idiom and modern approach appealing even today He rediscovers as it were from within the notions forged by scholastic theology and thus restores to us a theology of the sacraments rooted in the biblical and patristic soil from which they first sprang Schillebeeckx s speculative synthesis of this quest still has a fresh ring to it He describes Christ as the primordial sacrament in a reflection on his public ministry death and resurrection inspired by the universal human search for such a sacrament He concludes that the church s sacraments have to be an earthly extension of the liberation brought by Christ s story Schillebeeckx ends by describing sacraments as grace made visible that gives crowning moments in Christian life a mystical quality Edward Schillebeeckx Collected Works bring together the most important and influential works of the Dutch Dominican and theologian Edward Schillebeeckx 1914 2009 in a reliable edition All translations have been carefully checked or revised some texts are presented in English for the first time The page numbers of earlier editions are included Each volume carries a foreword by an internationally renowned Schillebeeckx expert This edition makes Schillebeeckx available for a new generation of scholars and students

Sacramental Streams Richard Davenport, 2025-02-04. The church has long seen baptism as one of the means by which God delivers his grace to his people. Many passages in the New Testament detail the value of baptism and indicate its status as one of the primary gifts God gives. At the same time, Jesus' conversation with Nicodemus indicates the benefits of baptism should already be evident. The early church understood this and saw that God had been preparing his people for the sacrament from the very beginning. This book goes back through the Old Testament to draw on the various themes God has presented to inform and instruct his people about the sacrament he would later institute. By examining these themes in detail, it is shown that though baptism is a one-time event in the life of the Christian, the baptized continue to receive its benefits. Baptism not only functions as an ongoing means of God's grace but as the means by which God shapes his people into the holy nation he has called them to be.

[The Artistic Vision](#) Alex Sosler, Gary Ball, 2024-07-25. When you look at the world, what do you see? As an artist, your creativity stems from your vision. The problem in the modern world is how often one's imagination is fragmented and reduced between worship and work, the body and soul, the material and the spiritual. Written to practicing artists and those who pastor them, *The Artistic Vision* encourages artists who long for a greater sense of purpose and a greater sense of wholeness, proposing that seeing the material world as a shadow of spiritual realities will lead them toward an expression that joins faith and practice. Drawing from the Oxford Movement and artistic examples like Christina Rossetti and Flannery O'Connor, Ball and Sosler present a sacramental way of

seeing the world the invisible through the visible the spiritual through the material the divine through creation Interspersed with practical vignettes from artists and pastoral reflection The Artistic Vision helps artists regain an enchanted mysterious and reverent vision of life Artists neither have to check their faith at the studio door nor produce kitschy or easy art By creating with a sacramental vision they are seeing the world charged with the grandeur of God and inviting viewers into that participation
