Reference Collection Development Alice J. Perez (ed),2004 **Reference Collection Development** ,2004

Fundamentals of Managing Reference Collections Carol A. Singer,2012-06-21 This important new book will help librarians make better reference decisions aligned to customer needs and expectations especially significant with today's limited budgets **Reference and Information Services** Richard E. Bopp,Linda C. Smith,2011-05-23 Reflecting the dramatic changes shaped by rapidly developing technologies over the past six years this new fourth edition of Reference and Information Services takes the introduction to reference sources and services significantly beyond the content of the first three editions In Part I Concepts and Processes chapters have been revised and updated to reflect new ideas and methods in the provision of reference service in an era when many users have access to the Web In Part II Information Sources and Their Use discussion of each source type has been updated to encompass key resources in print and on the Web where an increasing number of freely available sources join those purchased or licensed by libraries A number of new authors are contributors to this new edition bringing to their chapters their experience as teachers of reference and as practitioners in different types of libraries Discussions of services in Part I integrate digital reference as appropriate to each topic such as how to conduct a reference interview online using instant messaging Boxes interspersed in the text are used to present scenarios for discussion to highlight key concepts or to present excerpts from important documents Discussions of sources in Part II place more emphasis on designing effective search strategies using both print and digital resources The chapter on selection and evaluation of sources addresses the changing nature of reference collections and how to evaluate new types of sources Each chapter concludes with an updated list of additional readings to guide further study A new companion website will provide links to Web accessible readings and resources as well as additional scenarios for discussion and example search strategies to supplement those presented in the text Reference Collection Development Alice J. Perez,2004 The second edition of this popular title has been completely revised to account for the many changes in reference services since 1992 The recent proliferation of electronic products including periodical indexes standard reference tools and full text materials are having a serious impact on reference budgets Because of the impact of electronic products a new section on electronic reference sources has been added **RUSA Update** Reference and User Services Association,1993 American Reference Books Annual Bohdan S. Wynar,2006 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering Reference Collection Development Alice Jane Perez,American Library Association. Reference Collection Development and Evaluation Committee,Reference and User Services Association,2004 Reference & User Services Quarterly ,2002 **5-Star Programming and Services for Your 55 Library Customers** Barbara T. Mates,2003-02-07 As the population approaches 55 and above libraries are faced with an opportunity to serve an underserved population In this handbook Barbara Mates explains the ins and outs of planning developing marketing and

finding successful programmes and services for the greying population Encyclopedia of Library and Information Sciences
 John D. McDonald, Michael Levine-Clark, 2017-03-15 The Encyclopedia of Library and Information Sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online The new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance **Reference and Information Services in the 21st Century** Kay Ann Cassell, Uma Hiremath, 2006 Specifies the top resources in major subject areas and genres and shows students how to approach the reference transaction by matching specific types of questions to the best available resources regardless of format **Resources in Education**, 2001-04 **Ency of Library and Inform Sci 2e V4 (Print)** Miriam A. Drake, 2003 A revitalized version of the popular classic the Encyclopedia of Library and Information Science Second Edition targets new and dynamic movements in the distribution acquisition and development of print and online media compiling articles from more than 450 information specialists on topics including program planning in the digital era recruitment information management advances in digital technology and encoding intellectual property and hardware software database selection and design competitive intelligence electronic records preservation decision support systems ethical issues in information online library instruction telecommuting and digital library projects *Library Literature*, 1998 Evaluation of Library Collections, Access and Electronic Resources Thomas Nisonger, 2003-11-30 An annotated bibliography and literature guide this resource is extremely useful for course work in collection development and management Coverage includes print and electronic materials appropriate for academic public school and special libraries *Librarian's Guide to Writing for Professional Publication* Marta Mestrovic Deyrup, 2018-12-04 Professional publication can take your career to the next level Use this guide to learn the best ways to share your expertise and show commitment to the profession through publishing Even if you are not yet confident about your experience ideas or writing skills more than likely you are ready to consider publishing This practical guide will supply the encouragement and direction for you to effectively communicate using the written word and start publishing which will likely serve to boost your career It explains the difference between traditional and self publishing supplies advice on picking a publisher and working successfully with a publisher and provides useful information on copyright open access publishing and contract signing While geared to all librarians this book also includes text intended specifically for librarians on the tenure track and those who wish to experiment with new media The book supplies writing templates that make it simple to write various types of communication such as a letter to the editor effective emails and memos or compelling letter of recommendation a news release newsletter or feature story and conference proceedings peer reviewed articles technical manuals or brochures You ll

also learn how to write a proposal for a book or journal article to submit to a publisher and how to turn your master's thesis or doctoral thesis into a published work Any librarian who is serious about advancing their career will find this an invaluable resource

Library & Information Science Abstracts, 2000 **ALA Handbook of Organization** American Library Association, 2001 American Book Publishing Record Cumulative 1998 R R Bowker Publishing, 1999-03
