Clemens Wendtner

References For Small And Medium Sized Public Libraries:

Selecting and Using a Core-Reference Collection Margaret I. Nichols,1995-09 Identifies a small number of sources which will meet the basic needs of libraries of all sizes Designed specifically to help small libraries select a reference collection which will meet their essential needs Focuses on 105 annotated sources and 68 notes citing another 75 reference titles which may be substituted for those recommended in the text or purchased in addition to them Section II is designed to help small libraries in the acquisition process Also contains 9 exercises on using basic types of sources and is intended for new reference workers

Encyclopedia of Library and Information Science: Volume 1 - Abbreviations Allen Kent,Harold Lancour,1968-08-01 The Encyclopedia of Library and Information Science provides an outstanding resource in 33 published volumes with 2 helpful indexes This thorough reference set written by 1300 eminent international experts offers librarians information computer scientists bibliographers documentalists systems analysts and students convenient access to the techniques and tools of both library and information science Impeccably researched cross referenced alphabetized by subject and generously illustrated the Encyclopedia of Library and Information Science integrates the essential theoretical and practical information accumulating in this rapidly growing field

Wisconsin Public Library Standards Wisconsin. Division for Library Services,1987

Serials and Reference Services Robin Kinder,William A. Katz,1990 Here is one of the first books to address the problems of serials as they relate to the user the reference librarian and the library itself Opening a crucial dialogue serials librarians and reference librarians explore ways in which they can work together to make serials more accessible to the user With this vital new book public services librarians will gain a better understanding of the unique nature of serials especially concerning their acquisition and cataloguing and technical services librarians will gain a clearer view of the problems involved in interpreting the record for the user Serials and Reference Services provides a wealth of information that will help the cataloguer who must create a record out of a dizzying change of titles volumes and frequency the reference librarian who must interpret the record for the user the bibliographer who must select titles the manager who will be viewing the new formats for serials and the administrator who needs an overview in order to pull disparate services together into a functioning whole Automation is also explored and finally a look at the core collection newspapers comic books and poetry magazines gives an eclectic ending to the volume Tillie Krieger Peter Hernon David C Heisser David C Taylor and Laura Peritore are among the well known contributors to the book

Reference Services and Technical Services Gordon Stevenson,Sally Stevenson,2019-12-05 This book first published in 1984 analyses the provision of more effective library service by relying more heavily on collaboration between reference and technical services librarians

American Reference Books Annual Juneal M. Chenoweth,2019-06-24 Read professional fair reviews by practicing academic public and school librarians and subject area specialists that will enable you to make the best choices from among the latest reference resources This newest edition of American Reference Books Annual ARBA provides librarians with

insightful critical reviews of print and electronic reference resources released or updated in 2017 2018 as well as some from 2019 that were received in time for review in the publication By using this invaluable guide to consider both the positive and negative aspects of each resource librarians can make informed decisions about which new reference resources are most appropriate for their collections and their patrons needs Collection development librarians who are working with limited budgets as is the case in practically every library today will be able to maximize the benefit from their monetary resources by selecting what they need most for their collection while bypassing materials that bring limited value to their specific environment

Evaluation of Reference Services Linda S Katz, 2013-10-18 Library authorities address the increasing significance of reference services and the increasing need for evaluation of those services to further ensure professionalism and efficiency

Guide to Reference Jo Bell Whitlatch, Susan E. Searing, 2014-08-06 Ideal for public school and academic libraries looking to freshen up their reference collection as well as for LIS students and instructors conducting research this resource collects the cream of the crop sources of general reference and library science information Encompassing internet resources digital image collections and print resources it includes the full section on LIS Resources from the Guide to Reference database which was voted a 1 Best Professional Resource Database by Library Journal readers Organized by topic and thoroughly indexed this guide makes it a snap to find the right sources It offers an appealing introduction to reference work and resources for LIS students and also serves as an affordable course book to complement online Guide to Reference access

Fundamentals of Reference Carolyn Mulac, 2012-07-02 The all in one Reference reference you ve been waiting for this invaluable book offers a concise introduction to reference sources and services for a variety of readers from library staff members who are asked to work in the reference department to managers and others who wish to familiarize themselves with this important area of librarianship Written in an accessible style and designed for everyday use it presents an overview of the basic tools and techniques of reference work including Reference Services a section addressing such important topics as telephone reference the reference interview and electronic reference Reference Sources chapters which focus on types of reference tools including encyclopedias dictionaries directories handbooks and almanacs Appendixes with key documents prepared by the Reference and User Services Association RUSA and an annotated bibliography An excellent training tool for both new and experienced staff Fundamentals of Reference will quickly become your fundamental reference

Library Journal Melvil Dewey, Richard Rogers Bowker, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1911 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Library Journal* , 1917

Information and Referral in Reference Services Marcia Stucklen Middleton, Bill Katz, 2013-10-18 This book investigates a wide variety of situations and models which fall under the umbrella of information and referral It examines traditional views in public libraries and library systems as well as descriptions of programs in nontraditional settings such as

academic libraries A human services perspective is explored and research models are presented Reference and Information Services Kay Ann Cassell, Uma Hiremath, 2013 Search skills of today bear little resemblance to searches through print publications Reference service has become much more complex than in the past and is in a constant state of flux Learning the skill sets of a worthy reference librarian can be challenging unending rewarding and yes fun Resources in Education ,1999 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1972 **Continuing Education of Reference Librarians** William A. Katz, 1990 Here is a crucial book on the neglected issue of continuing education of reference librarians For librarians seeking to enhance and maintain a high level of quality reference work and for managers who must assure that their staffs receive the basics in continuing education this is essential reading Continuing Education of Reference Librarians addresses the concerns of all librarians that they must be informed and educated in order to excel in their work In the first several chapters of this comprehensive volume on the job librarians focus on the increased need for nontraditional approaches to continuing education and training of reference staff They offer practical ways of making additional training both useful and relatively easy to carry out within the library setting Teachers of reference offer suggestions for contending with current formal courses and they also examine the responsibilities of not only the reference librarian but also the bibliographer and faculty member in staying abreast of current trends Also in this broad based look at continuing education is a list of critical skills most librarians expect of their reference people including reference interview techniques mastery of basic reference sources and an understanding of new technologies a review of the most revolutionary change in teaching reference librarianship in the last 100 years the online search and a discussion on ethics including the need for librarians to be aware of the basic documents of the American Library Association and more importantly the need to treat all library users equally in terms of access and service regardless of status and personal prejudice Continuing Education of Reference Librarians focuses on specific types of training for librarians Authorities explain pioneering programs in California and Maryland which deal with teaching basic reference tools to beginning librarians and paraprofessionals They also discuss the role of multitype networks in continuing education as the most cost and time efficient means available today and the use of self directed contract learning as a method that requires long term planning and rewards in contrast to the immediate results of a short term plan of education The management perspective of continuing education is also included Working library directors offer their observations on sound inspirational approaches to continuing education They also examine the critical role department heads play as mentor to beginning reference librarians **Wisconsin Library Bulletin** ,1973 *Digital Reference Services* Linda S Katz, 2013-10-31 Extensive data on the theoretical and practical aspects of electronic reference services Digital Reference Services provides an overview of electronic reference services and software and explores the opportunities that real time digital reference services can offer in a variety of library settings Experts in the field convey numerous opinions and theory about the growth of this new approach to answering reference

questions This book teaches librarians new methods and techniques for offering technologically advanced reference services to the public The first half of Digital Reference Services includes such topics as real time or live online reference services the historical development of digital reference services and the role of the reference librarian mediated online searches how to create a virtual ready reference collection of elite reference Web sitesincludes a list of the top sites available to the public how to start and operate a digital reference desk in your library The second half of Digital Reference Services covers examples of librariesboth large and smallwhich have used revolutionary ideas to bring electronic reference services to their patrons These ideas include utilizing ATM like kiosks in remote locations from library buildings to connect with underserved populations implementing live interactive web based reference servicesthe challenges and benefits cost training and workload requirements evaluating your real time references servicesinvestigating self assessment and blind reviewing incorporating your assessment into an existing evaluative program and obtaining the administrative support essential for an accurate assessment creating a statewide virtual reference systemselecting software developing policy marketing coordinating the project and staffing and training online reference management for smaller librariesbecause of the smaller staff smaller budget and smaller amount of patrons is it a feasible addition to the library much more This well referenced volume contains case examples figures useful Web sites and case histories to show how the basic principles of digital reference services work Librarians and students of information and library science will find Digital Reference Services a helpful resource to enhance their library and electronic reference expertise **Reference and Information Services**

Melissa A. Wong,Laura Saunders,2020-05-04 This revised and updated sixth edition of Reference and Information Services continues the book s rich tradition covering all phases of reference and information services with less emphasis on print and more emphasis on strategies and scenarios Reference and Information Services is the go to textbook for MSLIS and i School courses on reference services and related topics It is also a helpful handbook for practitioners Authors include LIS faculty and professionals who have relevant degrees in their areas and who have published extensively on their topics The first half of the book provides an overview of reference services and techniques for service provision including the reference interview ethics instruction reader s advisory and services to diverse populations including children This part of the book establishes a foundation of knowledge on reference service and frames each topic with ethical and social justice perspectives The second part of the book offers an overview of the information life cycle and dissemination of information followed by an in depth examination of information sources by type including dictionaries encyclopedias indexes and abstracts as well as by broad subject areas including government statistics and data health and legal information This second section introduces the tools and resources that reference professionals use to provide the services described in the first half of the text *Library Notes and News* ,1921
