Reflecting Black Michael Eric Dyson, 1993-01-01 Reflecting Black Michael Eric Dyson, Professor of Communication Studies Michael Eric Dyson, 1993 From rap music to preaching from Toni Morrison to Leonard Jeffries from Michael Jackson to Michael Jordan *Reflecting Black* explores as never before the varied and complex dimensions of African American culture through personal reflection expository journalism scholarly investigation and even homily

Mastery and Drift Brent Cebul, Lily Geismer, 2025-02-11 A revelatory look at modern liberalism's historical evolution and enduring impact on contemporary politics and society Since the 1960s American liberalism and the Democratic Party have been remade along professional class lines widening liberalism's impact but narrowing its social and political vision In *Mastery and Drift* historians Brent Cebul and Lily Geismer have assembled a group of scholars to address the formation of professional class liberalism and its central role in remaking electoral politics and the practice of governance Across subjects as varied as philanthropy consulting health care welfare race immigration economics and foreign conflicts the authors examine not only the gaps between liberals' egalitarian aspirations and their approaches to policymaking but also how the intricacies of contemporary governance have tended to bolster professional class liberals' power The contributors to *Mastery and Drift* all came of age amid the development of professional class liberalism giving them distinctive and important perspectives in understanding its internal limitations and its relationship to neoliberalism and the Right With never ending disputes over the meaning of liberalism the content of its governance and its relationship to a resurgent Left now is the time to consider modern liberalism's place in contemporary American life

African American Nationalist Literature of the 1960s Sandra Hollin Flowers, 2019-09-25 Bringing together political theory and literary works this study recreates the political climate which made the 1960s an unforgettable era for young black Americans A chapter on *The Many Shades of Black Nationalism* for instance explains why black nationalism is known by more than a dozen different names how events in Africa influenced black nationalism in America why Malcolm X's death had a greater impact on nationalism than did his life and how the United States government unwittingly became nationalism's ally Another chapter explores the bitter feud between the dominant factions of the 1960s cultural and revolutionary nationalists This feud erupted in both verbal and armed warfare and generated an abundance of political theory and literary works much of which is out of circulation but is examined in the study Nationalist poetry theater and fiction are each treated in separate chapters which exemplify the aesthetic and political concerns of this memorable period in American history and letters Aside from its unique combination of artistic and political works what makes this book important is the current revival of nationalist sentiment in African American life and arts Though this revival is closely identified with the nationalism of the 1960s it lacks the focus of that

period This study explains what gave the nationalism of the 1960s its focus how that focus was expressed in art forms and why 1960s nationalism continues to influence the African American identity and will probably do so well into the twenty first century

Black Women Abolitionists Shirley J. Yee, 2024-09-04 By virtue of being both black and female in antebellum America black women abolitionists confronted a particular set of tensions Whether they supported the movement directly or indirectly cooperated with whites or primarily with other blacks worked in groups or independently were well off financially or struggled to make ends meet their lives reflected the complex dynamics of race sex and class Against the background of slavery constructing a life in freedom meant adopting many of the values of free white society symbolized in part by male dominance and female subordination In championing both their race and their sex female black abolitionists found themselves caught between the sexism of the antislavery movement and the racism of the white women's movement Throughout their writing speeches petitions and participation in antislavery and self help organizations these women established a pattern of black female activism centered on community building political organizing and forging a network of friendships with other activists that served as a model for later generations of black women Drawing on a wide array of previously untapped primary sources Shirley Yee examines the activism of black women in the Northeast the Midwest and to some extent California and Canada The activists' experiences render heartbreakingly clear the pervasiveness of middle class white values in antebellum America and the contradictions and ironies inherent in prevailing conceptions of freedom

Thoughts ,2010-05-15 *The Womanist Reader* Layli Phillips,2006 Comprehensive in its coverage *The Womanist Reader* is the first volume to anthologize the major works of womanist scholarship Charting the course of womanist theory from its genesis as Alice Walker s African American feminism through Chikwenye Okonjo Ogunyemi s African womanism and Clenora Hudson Weems Africana womanism to its present day expression as a global anti oppressionist perspective rooted in the praxis of everyday women of color this interdisciplinary reader traces the rich and diverse history of a quarter century of womanist thought Featuring selections from over a dozen disciplines by top womanist scholars from around the world plus several critiques of womanism an extensive bibliography of womanist sources and the first ever systematic treatment of womanist thought on its own terms Layli Phillips has assembled a unique and groundbreaking compilation The Harvard Guide to African-American History Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America **I May Not Get There with You** Michael Eric Dyson,2000 A private citizen who transformed the world around him Martin Luther King Jr was arguably the greatest American who ever lived Now after more than thirty years few people understand how truly radical he was In this groundbreaking examination of the man and his legacy provocative author lecturer and professor Michael Eric Dyson restores King s true vitality and complexity and challenges us to embrace the very contradictions that make King relevant in today s world **We Average Unbeautiful Watchers** Noah Cohan,2019-07 Sports fandom often more than religious political or regional affiliation determines how millions of Americans define themselves In *We Average Unbeautiful Watchers* Noah Cohan examines contemporary sports culture to show how mass mediated athletics are in fact richly textured narrative entertainments rather than merely competitive displays While it may seem that sports narratives are written by athletes and journalists Cohan demonstrates that fans are not passive consumers but rather function as readers and writers who appropriate those narratives and generate their own stories in building their sense of identity Critically reading stories of sports fans self definition across genres from the novel and the memoir to the film and the blog post *We Average Unbeautiful Watchers* recovers sports games as sites where fan authors theorize interpretation historicity and narrative itself Fan stories demonstrate how unscripted sporting entertainments function as identity building narratives which in turn enhances our understanding of the way we incorporate a broad range of texts into our own life stories Building on the work of sports historians theorists of fan behavior and critics of American literature Cohan shows that humanistic methods are urgently needed for developing nuanced critical conversations about athletics Sports take shape as stories and it is scholars in the humanities who can best identify how they do so and why that matters for American culture more broadly **Gender Inequality in The Bahamas** Juliette Storr,2023-09-05 This book examines sexual power dynamics long held patriarchal values and other harmful attitudes toward women in The Bahamas and Caribbean through the lens of media and law Though

gender politics is pushing these societies toward inclusivity Storr adopting a phenomenological framework argues that as sites of both reinforcement and resistance to misogynistic norms future progress must focus on deconstructing the inequitable social institutions underlying unhealthy gender relations

African American Nonfiction Books in the 21st Century Harry B. Dunbar, 2005 This work is essentially a bibliography consisting of a representative sampling of 58 nonfiction books published in the year 2004 about African Americans and about the issues that impacted and impact us viewed in the context of the canon of 664 selected from those published in the last two decades of the twentieth century The offerings of the mainstream press in the period 1939 1964 are cited as a backdrop Ninety one titles published over the years 2001 to 2003 constitute the sampling for that period The surge in the publication of books in the canon at the end of the 20th century is analyzed

Civility in the City Jennifer Lee, 2002 Hollywood and the news media have repeatedly depicted the inner city retail store as a scene of racial conflict and acrimony Civility in the City uncovers a quite different story Jennifer Lee examines the relationships between African American Jewish and Korean merchants and their black customers in New York and Philadelphia and shows that in fact social order routine and civility are the norm Lee illustrates how everyday civility is negotiated and maintained in countless daily interactions between merchants and customers While merchant customer relations are in no way uniform most are civil because merchants actively work to manage tensions and smooth out incidents before they escalate into racially charged anger Civility prevails because merchants make investments to maintain the day to day routine recognizing that the failure to do so can have dramatic consequences How then do minor clashes between merchants and customers occasionally erupt into the large scale conflicts we see on television Lee shows how inner city poverty and extreme inequality coupled with the visible presence of socially mobile newcomers can provide fertile ground for such conflicts The wonder is that they occur so rarely a fact that the media ignore
