Public Policy in the Community Marilyn Taylor, 2011-07-13 The idea of community involvement and empowerment has become central to politics in recent years Governments keen to reduce public spending and increase civic involvement believe active communities are essential for tackling a range of social economic and political challenges such as crime sustainable development and the provision of care Public Policy in the Community examines the way that community and the ideas associated with it civil society social capital mutuality networks have been understood and applied from the 1960s to the present day Marilyn Taylor examines the issues involved in putting the community at the heart of policy making and considers the political and social implications of such a practice Drawing on a wide range of relevant examples from

around the world the book considers the success of existing approaches and the prospects for further developments Thoroughly updated to reflect advances in research and practice the new edition of this important text gives a state of the art assessment of the place of community in public policy *Urban Regeneration, Community Power and the (In)Significance of 'Race'* Paul J. Maginn, 2017-11-30 The concepts of community consultation and participation have come to dominate academic and policy debate about urban regeneration partnerships However there has been relatively little discussion about the nature of community power within regeneration partnerships Adopting an ethnographic approach in the study of community participation and power and the significance of race in three ethnically diverse neighbourhoods in London this book highlights that there has been a pluralistic turn in British urban regeneration policy Local communities often portrayed as the least powerful partner within partnerships are shown to use various strategies to influence decision making thus giving rise to a new typology of pluralism pragmatic hyper and paternalistic Furthermore the significance of race and racism within community forums and regeneration partnerships is challenged The playful use of the term In Significance in the title is linked to the argument that although racism exists race does not always matter The well-connected community Gilchrist, Alison, 2009-07-22 Since the publication of the first edition of *The well connected community* there has been a growing recognition in practice and policy of how networks contribute to the vitality of community life and civil society Government policy has increasingly emphasised the need to involve communities in decision making while social capital is increasingly associated with health low levels of crime educational achievement and a strong sense of community *The well connected community* aims to strengthen and extend informal networks support partnership working across boundaries and promote social cohesion It explores the concept of community in relation to patterns of interaction social identity and mutual influence advocating a new model of community development that promotes networking as a skilled and strategic intervention and providing recommendations for good networking practice This fully updated second edition includes new ideas drawn from recent research on social capital and the policy context for community practice reflecting the increasing emphasis on community engagement and empowerment Recent case studies and examples have been added throughout *The well connected community* is aimed at practitioners trainers policy makers and managers working with communities or responsible for community participation strategies both in the UK and internationally Academics will also find it a useful source for teaching and research The Well-Connected Community Alison Gilchrist, 2019-09-18 There is growing recognition in practice and policy of how networking contributes to the vitality and cohesion of community life and civil society *The Well Connected Community* provides theoretical insights and practical guidance for people working with and for communities This updated edition takes account of the changing political and economic context including rising social inequalities and community tensions It considers new approaches to well being such as social prescribing and the use of social media for local and global organising This model of community development explains and promotes networking as a

skilled and strategic intervention and provides recommendations for good practice **DIY Community Action** Liz Richardson, 2008-03-12 How people can be persuaded to take more control of their own lives continues to be a subject of policy and academic debate and the contribution of active citizens to improving societal well being is high across different policy agendas But the promotion of community self help raises a wide range of questions for people working in neighbourhoods for policy makers for politicians and for residents themselves about how we promote engagement what would motivate people to become active and more fundamentally about the ongoing relevance and value of community activity DIY Community Action offers thought provoking answers to these questions based on detailed real life evidence from over 100 community groups each trying to combat neighbourhood problems It presents a lively challenge to the existing thinking on contested debates and proposes ways forward for community building This timely publication is an engaging resource for policy makers practitioners academics students and general readers interested in exploring community engagement and active citizenship Its insightful analysis will be of interest to students of social policy sociology community work housing and regeneration local government studies and public policy **Community Resilience** Katy Wright, 2021-11-29 This book provides an alternative perspective on community resilience drawing on critical sociological and social policy insights about how people individually and collectively cope with different kinds of adversity Based on the idea that resilience is more than simply an invention of neoliberal governments this book explores diverse expressions of resilience and considers what supports and undermines people s resilience in different contexts Focusing on the United Kingdom it examines the contradictions and limitations of neoliberal resilience policies and the role of policy in shaping how vulnerabilities are distributed and how resilience is manifested The book explores different types of resilience including planning response recovery adaptation and transformation which are examined in relation to different types of threat such as financial hardship disasters and climate change It argues that resilience cannot act as an antidote to vulnerability and aims to demonstrate the importance of shared institutions in underpinning resilience and in preventing socially created vulnerabilities It will be of interest to academics students and well informed practitioners working with the concept of resilience within the subject areas of Sociology Social Policy Human Geography Environmental Humanities and International Development **New Practitioners in the Future Health Service** Liz Kendall, Rachel Lissauer, 2002 **Local Economic and Employment Development (LEED) Community Capacity Building Creating a Better Future Together** OECD, 2009-11-17 This book presents and analyses interesting recent developments in the field of community capacity building in a variety of OECD and non OECD countries The focus is on how CCB has effected change in three major areas social policy local economic policy and environmental policy **Women and Community Action** Lena Dominelli, 2006-05-17 Including case studies to illustrate the topics discussed this title highlights women s role in a community s growth and development taking into account the considerable changes in society since the first edition

Women and Community Action Dominelli, Lena, 2019-05-22 Historically women and men have been assigned to different spaces in their communities Although several decades of feminist social action have made significant progress to the social economic and political condition of many women change has been uneven and there remain considerable advancements to be made globally This valuable third edition considers women s changing position in the world today updating some of the perennial challenges that women face and examining new and emerging issues including digital exclusion sustainable community development and environmental justice Published in association with the British Association of Social Workers this book is an invaluable resource for students and practitioners of social work community work sociology and social policy

Regeneration in the 21st Century Michael Carley, 2000 Decades of regeneration activity have not halted the decline in prosperity and the social exclusion of sections of British society Starting in 1996 the Joseph Rowntree Foundation took action to assess the nature of this activity to discover what works and what does not and to search out examples of good practice Its Area Regeneration Programme covered every aspect of regeneration policy and practice from the national to the neighbourhood level from labour market analysis to community development Regeneration in the 21st century summarises the findings of the programme which include over 60 research studies It provides an overview of knowledge to date and identifies the key challenges that we face in the 21st century Analysed by specialists in each field the report considers the impact of geography and reputation on area disadvantage why community involvement is vital and how it can be implemented the effect of joblessness on regeneration and how it can be mitigated why and how some partnerships succeed the need for integration including between top down bottom up and national local initiatives

Regeneration in the 21st century is vital reading for policy makers regeneration partnerships local regional and national and for anyone interested in the regeneration of Britain

Tackling Social Exclusion John Pierson, 2003-09-02 The concept of social exclusion is a central focus of government policy and is rapidly moving to the core of practitioner activity This textbook shows how social workers can combat the social exclusion experienced by service users and at the same time promote social inclusion Tackling Social Exclusion covers the meanings of social exclusion and the common elements of practice needed to reverse it the skills needed when working with specific groups of people including children and families young people and vulnerable adults the neighbourhood dimension in social exclusion the link between race and ethnic minorities and social exclusion and the implications of the Macpherson Report for practice how service agencies can change their organisation to promote inclusion how to work with communities to effect change Each chapter is grounded in real practice examples and explores through activities case studies and exercises how the perspective of social exclusion is changing social work today

Learning Citizenship by Practicing Democracy Elizabeth Pinnington, Daniel Schugurensky, 2009-12-14 For many years the fields of citizenship education and participatory democracy have often operated independently from each other During the last decade the Transformative Learning Centre of the University of Toronto has nurtured multiple spaces for an

interdisciplinary dialogue among scholars practitioners and students from these two fields One of those spaces was the Second International Conference on Citizenship Learning and Participatory Democracy where close to 300 participants from all over the world shared ideas in more than 150 sessions including discussions round tables workshops and keynote addresses This volume brings together a selected collection from the many papers submitted to the conference Learning Citizenship by Practicing Democracy International Initiatives and Perspectives includes an introductory essay 18 chapters and a postscript and is organized in three sections I Learning democracy in educational institutions II Learning democracy in communities III Learning democracy in participatory budgeting The articles in this book represent a variety of perspectives as the authors come from different geographical and disciplinary locations but they all share a commitment to improvements in theory research and practice in the worldwide movement for deepening democracy and for an emancipatory citizenship education

Urban renaissance? Imrie, Rob, Raco, Mike, 2003-05-21 This book documents and assesses the core of New Labour's approach to the revitalisation of cities that is the revival of citizenship democratic renewal and the participation of communities to spear head urban change In doing so the book explores the meaning and relevance of community as a focus for urban renaissance It interrogates the conceptual and ideological content of New Labour's conceptions of community and through the use of case studies evaluates how far and with what effects such conceptions are shaping contemporary urban policy and practice The book is an important text for students and researchers in geography urban studies planning sociology and related disciplines It will also be of interest to officers working in local and central government voluntary organisations community groups and those with a stake in seeking to enhance democracy and community involvement in urban policy and practice
