

## *In the Reflection*

*Looking for the reflection  
you can tell it what you've seen  
but will you let it tell you  
what it really means*

*Outer parts are easy  
they are hard to hide  
Inner parts are tricky  
since you still can't see inside*

*Reflections can show you  
all that you have  
it can also leave you wanting  
all you wish you had*

*Things you wish you had  
come from somewhere unseen  
all that reflection shows you  
is the image of a dream*

*Wishes and wants  
are not seen on the out  
they are projected on the inside  
until they're turned about*

*Focus on the inside  
until you can see  
everything you wanted  
in the reflection from your dream*

**Jacket**      *French Symbolist Poetry and the Idea of Music* Joseph Acquisto, 2017-03-02

What role did music play in the creation of a new aesthetics of poetry in French from the 1860s to the 1930s How did music serve as an unassimilable other against which the French symbolist poets crafted a new poetics And why did music gradually disappear from early twentieth century poetic discourse These are among the questions Joseph Acquisto poses in his lively study of the ways in which Baudelaire Mallarmé Ghil and Roy re question the nature and function of the lyric through an ever shifting set of intertextual and cultural contexts Rather than focusing on musicality in verse the author addresses the consequences of choosing music as a site of dialogue with poetry Acquisto argues that memory plays an under acknowledged yet vital role in these poets rewriting of symbolist poetics His reading of their interactions and his focus on both major and neglected poets exposes the myth of a small handful of great authors shaping symbolism while a host of disciples propagated the tradition Rather Acquisto proposes the multiplicity of authors writing and rewriting symbolism invites a dialogic approach to the poetics of the period Moreover music as theorized rather than performed or heard serves as a privileged mobile space of poetic creation and dialogue for these poet critics it is through engagement with music supposedly the purest or most abstract of the arts that one can retrace the textual and cultural transformations accomplished by the symbolist tradition By extension these poets rethinking of poetics is an occasion for present day critics to re examine assumptions not only about the intersections of music and poetry and our understanding of symbolist poetics but also about the role that the aesthetic implicitly plays in the creation preservation or reshaping of cultural memory
