## Reflections On The Failure Of Socialism:

Reflections on the Failure of Socialism Max Eastman,1962      Up from Communism John P. Diggins,1994 This study explains how the radical experience of a generation of writers influenced the cultural and political climate of post World War II USA and provided much of the conservative rationale for the early years of the Cold War      *The Cold War in the 1950s* Nicolas Lewkowicz,2024-03-12 The book claims that the United States and the Soviet Union attained the mastery of the international order by projecting universalist values that responded to the particularist markers of the domestic order that was generated in the 1950s The geopolitical orientation adopted by the superpowers in the 1950s was shaped by the way in which their societies developed politically socially and economically in the 1950s The main argument of this book is that the quest for the mastery of the international order that informed superpower relations in the 1950s was guided by the need to respond to the local circumstances that emerged in the United States and the Soviet Union The particularist markers that arose in the 1950s led to the establishment of a geopolitical project underpinned by certain universalist values that could be applied in order to build the superpowers sphere of influence      The Eisenhower Years Michael S. Mayer,2009 The 34th U S president to hold office Dwight D Eisenhower won America over with his irresistible I like Ike slogan Bringing to the presidency his prestige as a commanding general during World War II he worked incessantly during his two terms to ease the tensions of the cold war Pursuing the moderate policies of Modern Republicanism he left a legacy of a stronger and more powerful nation From his crucial role in support of Brown v Board of Education to the National Defense Education Act The Eisenhower Years provides a well balanced study of these politically charged years Biographical entries on key figures of the Eisenhower era such as Allen W Dulles Joseph R McCarthy and Rosa Parks combine with speeches such as the Military Industrial Complex speech the Open Skies proposal the disturbance at Little Rock address Eisenhower Doctrine and his speech after the Soviet launch of Sputnik to give an in depth look at the executive actions of this administration      American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History Gina Misiroglu,2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation s history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index      **Political Writings** Simone de Beauvoir,2012-06-21 Political Writings offers an abundance of newly translated essays by Simone de Beauvoir that demonstrate a heretofore unknown side of her political philosophy The

writings in this volume range from Beauvoir's surprising 1952 defense of the misogynistic eighteenth century pornographer the Marquis de Sade to a co-written 1974 documentary film transcribed here for the first time which draws on Beauvoir's analysis of how socioeconomic privilege shapes the biological reality of aging The volume traces nearly three decades of Beauvoir's leftist political engagement from exposés of conditions in fascist Spain and Portugal in 1945 and hard hitting attacks on right wing French intellectuals in the 1950s to the 1962 defense of an Algerian freedom fighter Djamila Boupacha and a 1975 article arguing for what is now called the two state solution in Israel Together these texts prefigure Beauvoir's later feminist activism and provide a new interpretive context for reading her multi-volume autobiography while also shedding new light on French intellectual history during the turbulent era of decolonization

*Marx, Lenin, and the Revolutionary Experience* Paul LeBlanc, 2014-06-03 *Marx Lenin and the Revolutionary Experience* offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de-spiritualization the book shows how the revolutionaries of the past are still relevant to today's struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements

**The New York Intellectuals, Thirtieth Anniversary Edition** Alan M. Wald, 2017-10-10 For a generation Alan M Wald's *The New York Intellectuals* has stood as the authoritative account of an often misunderstood chapter in the history of a celebrated tradition among literary radicals in the United States His passionate investigation of over half a century of dissident Marxist thought Jewish internationalism fervent political activism and the complex art of the literary imagination is enriched by more than one hundred personal interviews unparalleled primary research and critical interpretations of novels and short stories depicting the inner lives of committed writers and thinkers Wald's commanding biographical portraits of rebel outsiders who mostly became insiders retains its resonance today and includes commentary on Max Eastman Elliot Cohen Lionel Trilling Sidney Hook Tess Slesinger Philip Rahv Mary McCarthy James T Farrell Irving Kristol Irving Howe Hannah Arendt and more With a new preface by the author that tracks the rebounding influence of these intellectuals in the era of Occupy and Bernie Sanders this anniversary edition shows that the trajectory and ideological ordeals of the New York intellectual Left still matters today

*An American Dissenter* Kent Kreuter, Gretchen Kreuter, 2014-07-15 In this biography of Algie Martin Simons a major figure in the Socialist party of America Kent and Gretchen Kreuter show the widely ranging social activities that brought Simons into touch with many of the movements and personalities of his time As a propagandist and historian Simons wrote the first thoroughgoing Marxist account of American history As a journalist he furnished Upton Sinclair with much of the material that he used in *The*

Jungle and as a party politician Simons was a significant force in unifying the party in establishing the International Workers of the World IWW and in trying to make socialism an acceptable alternative for the American voter Although he broke with the party in 1917 Simons as a teacher and a writer on industrial relations continually struggled with the major problems that faced industrial society in the twentieth century

**Max Eastman** Christoph Irmscher,2017-06-27 The definitive biography of a radical activist and intellectual Max Eastman 1883 1969 was a prolific writer radical and public intellectual who helped shape the twentieth century While researching this masterful work acclaimed biographer Christoph Irmscher was granted unprecedented access to the Eastman family archive allowing him to document little known aspects of the famously handsome and charismatic radical Considered one of the hottest radicals of his time Eastman edited two of the most important modernist magazines The Masses and The Liberator and campaigned for women s suffrage and world peace A fierce critic of Joseph Stalin Eastman befriended and translated Leon Trotsky and remained unafraid to express unpopular views drawing criticism from both conservatives and the Left Set against the backdrop of several decades of political and ideological turmoil and interweaving Eastman s singular life with stories of the fascinating people he knew and loved this book will have broad interdisciplinary appeal in twentieth century history and politics intellectual history and literary studies

**America's Destiny: Choosing God's Will or Ours (A Historical & Latter-day Saint Perspective)** Tad R.

Callister,2023-07-10 America s Destiny sets forth compelling evidence of America s divine origin and destiny that it was a nation founded upon divine providence not coincidence as testified repeatedly by the Founding Fathers respected historians and statesmen This revised edition also adds numerous scriptures and statements from prophets of God attesting to this truth With that perspective America s Destiny asks the question that should be on all of our minds What is the greatest challenge facing our nation today and how should we confront it in a way that pleases God The economy national security immigration gun control poverty racism crime national pandemics climate change While each of these is a valid concern and deserves attention none of them strikes at the heart of our greatest challenge namely finding a way to build stronger homes and bring about a return to family God and moral values To put our prime focus on challenges other than these is to strike at the leaves not the root of the problem It is now our choice and America s choice to place our trust in the wisdom of God or the wisdom of the world to be a nation under God or without God If we become a nation under God then we become eligible to receive the promise Blessed is the nation whose God is the Lord Psalm 33 12

*Be Reasonable* Laird Wilcox,2011-01-27 A remarkable collection of quotations aphorisms and epigrams relating to beliefs ideologies superstitions and fanaticism covering more than fifteen categories among them civil liberties fanatics and true believers intolerance individual liberties and personal freedom mysticism and religion public opinion and mass media rationalism skepticism state power utopianism idealism and reformist zeal Included are selections from classic and modern authors in all literary genres both prose and poetry including Brooks Adams Aristotle Francis Bacon William F Buckley Jr G K Chesterton Clarence Darrow Henry Fielding

Thomas Jefferson Baron de Montesquieu Friedrich Nietzsche Thomas Paine Jean Jacques Rousseau Bertrand Russell Seneca William Shakespeare G B Shaw Jonathan Swift Margaret Thatcher Voltaire W B Yeats and hundreds of others Quotations in all categories are listed alphabetically by author and indexed for ease of reference This will prove a standard reference work for writers educators students and all those committed to intellectual freedom and individual liberties **Young Radicals** Jeremy McCarter, 2017-06-13 From the co author of the 1 New York Times bestseller Hamilton The Revolution the stunning story of five American radicals fighting for their ideals as the country goes mad around them Inspiring and entertaining David Brooks The New York Times It s not difficult to see why Lin Manuel Miranda would have been attracted to Jeremy McCarter as a writing partner The Wall Street Journal One of the exciting new nonfiction books this summer Time Where do we find our ideals What does it mean to live for them and to risk dying for them For Americans during World War I these weren t abstract questions Young Radicals tells the story of five activists intellectuals and troublemakers who agitated for freedom and equality in the hopeful years before the war then fought to defend those values in a country pitching into violence and chaos Based on six years of extensive archival research Jeremy McCarter s dramatic narrative brings to life the exploits of Randolph Bourne the bold social critic who strove for a dream of America that was decades ahead of its time Max Eastman the charismatic poet propagandist of Greenwich Village whose magazine The Masses fought the government for the right to oppose the war Walter Lippmann a boy wonder of socialism who forged a new path to seize new opportunities Alice Paul a suffragist leader who risked everything to win women the right to vote and John Reed the swashbuckling journalist and impresario who was an eyewitness to and a key player in the Russian Revolution Each of these figures sensed a moment of unprecedented promise for American life politically socially culturally and struggled to bring it about only to see a cataclysmic war and reactionary fervor sweep it away A century later we are still fighting for the ideals these five championed peace women s rights economic equality freedom of speech all aspects of a vibrant American democracy The story of their struggles brings new light and fresh inspiration to our own Praise for Young Radicals In this lively if at times swooningly earnest portrait of artists activists writers and intellectuals McCarter chronicles a moment in American history when socialism progressivism modernism and feminism all exploded at once Newsday A brisk pace and sympathetic portraits make for an entertaining well researched history of a decade marked by ebullience hope and pain Kirkus Reviews McCarter s prose is engaging moving and at times laugh out loud funny Recommended for young radicals today who want to understand past attempts to change the world in the face of repression Library Journal starred review **Business Tides** ,

**Non-Design** Anthony Fontenot, 2021-07-09 Anthony Fontenot s staggeringly ambitious book uncovers the surprisingly libertarian heart of the most influential British and American architectural and urbanist discourses of the postwar period expressed as a critique of central design and a support of spontaneous order Non Design illuminates the unexpected philosophical common ground between enemies of state support most prominently the economist Friedrich Hayek and

numerous notable postwar architects and urbanists like Robert Venturi Denise Scott Brown Reyner Banham and Jane Jacobs These thinkers espoused a distinctive concept of non design characterized by a rejection of conscious design and an embrace of various phenomenon that emerge without intention or deliberate human guidance This diffuse and complex body of theories discarded many of the cultural presuppositions of the time shunning the traditions of modern design in favor of the wisdom freedom and self organizing capacity of the market Fontenot reveals the little known commonalities between the aesthetic deregulation sought by ostensibly liberal thinkers and Hayek s more controversial conception of state power detailing what this unexplored affinity means for our conceptions of political liberalism Non Design thoroughly recasts conventional views of postwar architecture and urbanism as well as liberal and libertarian philosophies
