that we cannot infer necessity or obligation from any description of actual states of affairs His philosophical heirs continue to argue that nothing outside ourselves constrains us The Cage maintains contrary to Humean tradition that reality is a set of nested contexts each distinguished by intrinsic norms Author David Weissman offers an innovative exploration of these norms intrinsic to human life including practical affairs morals aesthetics and culture In this critical examination of character formation and the conditions for freedom Weissman suggests that eliminating context because of regarding it as an impediment to freedom impoverishes character and reduces freedom He concludes that positive freedom the freedom to choose and to act has no leverage apart from the contexts where character forms and circumstances provide opportunities to express one's thoughts tastes or talents
