Reflections Concerning Innate Moral Principles 1752:

Reflections Concerning Innate Moral Principles Henry Bolingbroke, 2014-03 This Is A New Release Of The Original 1752 Edition **1730-1784** Charles Wells Moulton, 1910 The Library of Literary Criticism of English and American Authors: 1730-1784 Charles Wells Moulton, 1902 **Bolingbroke and France** Rex A. Barrell, 1988-09-14 This text is essentially a monograph since a definitive work on the subject must await publication already in hand of Bolingbroke's complete correspondence First the reader is taken briefly through the different periods of Bolingbroke's life where his francophilic interests and activities are stressed For example attention is paid to his early training his various visits to France his involvement in European philosophical historical and political movements his relationships with French personalities including Voltaire and his exile and death in France Second there is a detailed analysis of his philosophical historical and political ideas with an attempt to assess his debt to France and his impact on French writers The monograph concludes with a sample of critical opinion on both sides of the Channel from Bolingbroke's death to the present day supporting the theory that he continues to have a substantial impact on European thought Full notes a detailed bibliography and an index of persons complete the study Dictionary of National Biography, 1897 *The London Magazine, Or, Gentleman's Monthly Intelligencer*, 1752 1756-1762 Horace Walpole, 1906 *The Letters of Horace Walpole, Earl of Orford* Horace Walpole, 1891 **The letters of Horace Walpole, ed. by P. Cunningham** Horace Walpole, 1891 **The Letters of Horace Walpole, 4th Earl of Orford** Horace Walpole, 1906 **Science and Reading in the Eighteenth Century** Markman Ellis, 2023-02-23 Science and Reading in the Eighteenth Century studies the reading habits of a group of historians and science administrators known as the Hardwicke Circle The research is based on an analysis of the reading recorded in the Weekly Letter an unpublished private correspondence written from 1741 to 1766 between Thomas Birch 1705 1766 Secretary of the Royal Society and Philip Yorke 1720 1790 later second earl of Hardwicke Birch and Yorke were omnivorous voracious and active readers The analysis uses the Weekly Letter to quantify the texts with which they engaged and explores the role of reading in their intellectual life The research argues that this evidence shows that in the early 1750s the Hardwicke Circle pivoted from a focus on early modern British history to a new concern with the reform and renovation of British intellectual institutions especially the Royal Society The New Cambridge Bibliography of English Literature: Volume 2, 1660-1800 George Watson, Ian R. Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to reshape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries
