Reflections on the Conduct of the Modern Deists Samuel Chandler, 1995 *Reflections on the Conduct of the Modern Deists* Samuel Chandler, 1995 *Reflections on the conduct of the modern deists in their late writings against Christianity* Samuel Chandler, 1727 **Reflections on the Conduct of the Modern Deists in Their Late Writings Against Christianity** Samuel Chandler, 1727 **Deism in Enlightenment England** Jeffrey R Wigelsworth, 2013-07-19 This is the first complete study of English deists as a group in several decades and it argues for a new interpretation of deism in the English Enlightenment While there have been many recent studies of the deist John Toland the writings of other contemporary deists have been forgotten With extensive analysis of lesser known figures such as Anthony Collins Matthew Tindal Thomas Chubb and Thomas Morgan in addition to unique insights into Toland *Deism in Enlightenment England* offers a much broader assessment of what deism entailed in the eighteenth century Readers will see how previous interpretations of English deists which place these figures on an irreligious trajectory leading towards modernity need to be revised This book uses deists to address a number of topics and themes and theme in English history and will be of particular interest to scholars of Enlightenment history history of science theology and politics and the early modern era **Hinterland Theology** Alan P.F. Sell, 2008-12-01 Alan Sell maintains that systematic and constructive theology are best understood as the product of a conversation with the biblical writers the heritage of Christian thought and the current intellectual environment The conversation will benefit if the voices of hinterland writers are heard as well as those of the theological and philosophical giants In this book ten hinterland theologians associated with English Dissent are introduced and their writings are discussed Thomas Ridgley Abraham Taylor and Samuel Chandler wrote in the wake of the Toleration Act of 1689 George Payne and Richard Alliot responded to the Enlightenment and the Evangelical Revival D W Simon T Vincent Tymm and Walter F Adeney took account of modern biblical criticism and Robert S Franks and Charles S Duthie respectively lived through and followed the heyday of liberal theology The study reveals both adjustments and time lags in theology and shows how hinterland theologians can stimulate the ongoing conversation concerning theological method philosophico theological relations the Trinity the atonement and ecumenism **The Cambridge History of English Literature: The age of Johnson** Sir Adolphus William Ward, Alfred Rayney Waller, 1913 *Prophecy, Piety, and the Problem of Historicity* Jan Stievermann, 2016-03-11 Jan Stievermann's pioneering study of Cotton Mather's *Biblia Americana* examines this Puritan scholar's engagement with the Hebrew Bible as Old Testament The author focuses specifically on Mather's struggle to uphold or modify traditional typological and allegorical readings in the face of a growing awareness of the historicity of Scriptures Other key issues include Mather's interventions in the contemporary debates over the legitimacy of Christian interpretations of the prophets as well as over the authorship provenance genre and spiritual import of texts such as Ecclesiastes and Canticles Stievermann's book yields fascinating insights into an underappreciated phase of exegesis that

was at once traditionalist and innovative apologetically oriented pious and open to new modes of historical textual criticism Moreover it shows how Mather s biblical exegesis fits into the broader development of Puritan theology and identity
