- 1 to acknowledge the ways our species has funded particular histories of environmental exploitation alienation and collapse
- 2 to unpack inherited assumptions that impact our views of nature and interspecies relations
- 3 to suggest ways of thinking and acting that seek to repair the damage and promote mutual flourishing for all of earth inhabitants

This volume brings together scholars in philosophy theology and religion who take up this urgent ethical task from a broad range of perspectives and locations

**Reading, Desire, and the Eucharist in Early Modern**

**Religious Poetry** Ryan Netzley, 2011-01-01 The courtly love tradition had a great influence on the themes of religious poetry just as an absent beloved could be longed for passionately so too could a distant God be the subject of desire But when authors began to perceive God as immanently available did the nature and interpretation of devotional verse change Ryan Netzley argues that early modern religious lyrics presented both desire and reading as free loving activities rather than as endless struggles or dramatic quests

**Reading Desire and the Eucharist** analyzes the work of prominent early modern writers including John Milton Richard Crashaw John Donne and George Herbert whose religious poetry presented parallels between sacramental desire and the act of understanding written texts Netzley finds that by directing devotees to crave spiritual rather than worldly goods these poets questioned ideas not only of what people should desire but also how they should engage in the act of yearning

Challenging fundamental assumptions of literary criticism **Reading Desire and the Eucharist** shows how poetry can encourage love for its own sake rather than in the hopes of salvation

**Boundless Innocence in**

**Thomas Traherne's Poetic Theology** Elizabeth S. Dodd, 2016-03-16 The seventeenth century poet and divine Thomas Traherne finds innocence in every stage of existence He finds it in the chaos at the origins of creation as well as in the blessed order of Eden He finds it in the activities of grace and the hope of glory but also in the trials of misery and even in the abyss of the Fall

**Boundless Innocence in Thomas Traherne's Poetic Theology** traces innocence through Traherne's works

as it transgresses the boundaries of the estates of the soul Using grammatical and literary categories it explores various aspects of his poetic theology of innocence uncovering the boundless desire which is embodied in the yearning cry Were all Men Wise and Innocent Recovering and reinterpreting a key but increasingly neglected theme in Traherne s poetic theology this book addresses fundamental misconceptions of the meaning of innocence in his work Through a contextual and theological approach it indicates the unexplored richness complexity and diversity of this theme in the history of literature and theology

**The Bible in American Poetic Culture** Shira Wolosky, 2023-10-16 Although the Bible is the foundation of American poetic tradition there is no study of the Bible as an ongoing force in American poetry Not only a source of imagery allusion rhythm and style the Bible is central to how poetry has both shaped and been shaped by American civic political and social history including issues of ethnicity race and gender Through poetry core issues of the Bible in American culture emerge in a new light What defines America as a nation What are its historical political and religious meanings and direction Vitally how is it that the Bible is at once a shared common text binding community and yet was throughout American culture also contested disputed and politicized as a weapon of war This study begins with the Puritans and goes on to examine poetry of the Revolutionary and Civil Wars as well as claims and counterclaims in abolition slavery and women s rights In doing so it treats both popular and major writers including Edward Taylor Frances Harper Emerson Whitman Dickinson Moore and Gwendolyn Brooks concluding with Amanda Gorman

**Innocence, Heterosexuality, and the Queerness of Children's Literature** Tison Pugh, 2010-12-14 Innocence Heterosexuality and the Queerness of Children s Literature examines distinguished classics of children s literature both old and new including L Frank Baum s Oz books Laura Ingalls Wilder s Little House series J K Rowling s Harry Potter novels Lemony Snicket s A Series of Unfortunate Events and Stephenie Meyer s Twilight series to explore the queer tensions between innocence and heterosexuality within their pages Pugh argues that children cannot retain their innocence of sexuality while learning about normative heterosexuality yet this inherent paradox runs throughout many classic narratives of literature for young readers Children s literature typically endorses heterosexuality through its invisible presence as the de facto sexual identity of countless protagonists and their families yet heterosexuality s ubiquity is counterbalanced by its occlusion when authors shield their readers from forthright considerations of one of humanity s most basic and primal instincts The book demonstrates that tensions between innocence and sexuality render much of children s literature queer especially when these texts disavow sexuality through celebrations of innocence In this original study Pugh develops interpretations of sexuality that few critics have yet ventured paving the way for future scholarly engagement with larger questions about the ideological role of children s literature and representations of children s sexuality Tison Pugh is Associate Professor in the Department of English at the University of Central Florida He is the author of Queering Medieval Genres and Sexuality and Its Queer Discontents in Middle English Literature and has published on children s literature in such journals as Children s Literature The Lion and

Shoulson, 2013-03-21 The fraught history of England's Long Reformation is a convoluted if familiar story in the space of twenty five years England changed religious identity three times In 1534 England broke from the papacy with the Act of Supremacy that made Henry VIII head of the church nineteen years later the act was overturned by his daughter Mary only to be reinstated at the ascension of her half sister Elizabeth Buffeted by political and confessional cross currents the English discovered that conversion was by no means a finite discrete process In *Fictions of Conversion* Jeffrey S Shoulson argues that the vagaries of religious conversion were more readily negotiated when they were projected onto an alien identity one of which the potential for transformation offered both promise and peril but which could be kept distinct from the emerging identity of Englishness the Jew Early modern Englishmen and women would have recognized an uncannily familiar religious chameleon in the figure of the Jewish converso whose economic social and political circumstances required religious conversion conformity or counterfeiting Shoulson explores this distinctly English interest in the Jews who had been exiled from their midst nearly three hundred years earlier contending that while

Jews held out the tantalizing possibility of redemption through conversion the trajectory of falling in and out of divine favor could be seen to anticipate the more recent trajectory of England's uncertain path of reformation In translations such as the King James Bible and Chapman's Homer dramas by Marlowe Shakespeare and Jonson and poetry by Donne Vaughan and Milton conversion appears as a cypher for and catalyst of other transformations translation alchemy and the suspect religious enthusiasm of the convert that preoccupy early modern English cultures of change *History of the Christian Church: A.D. 1517-1648, reformation and counter-reformation; edited by Dr. G. *LITTLE WOMEN and THE FEMINIST IMAGINATION* Janice M. Alberghene, Beverly Lyon Clark, 2014-04-08 Raising key questions about race class sexuality age material culture intellectual history pedagogy and gender this book explores the myriad relationships between feminist thinking and Little Women a novel that has touched many women's lives A critical introduction traces 130 years of popular and critical response and the collection presents 11 new essays two new bibliographies and reprints of six classic essays The contributors examine the history of illustrating Little Women Alcott's use of domestic architecture as codes of female self expression the tradition of utopian writing by women relationship to works by British and African American writers recent thinking about feminist pedagogy the significance of the novel for women writers and its implications from the vantage points of middle aged scholar parent and resisting male reader Of Paradise and Light Donald R. Dickson, Holly Faith Nelson, 2004 This collection examines intertextual intersections in the works of Henry Vaughan and John Milton and considers their aesthetic philosophical or political implications The theoretical pluralism of the volume reveals the variety and complexity of textual relations in the words of these early modern authors Some of the essays focus on the author's conscious creation of intertext others explore the reader's negotiation of books within books while still others examine the linguistic effect of textual intersections The essays not only consider material borrowing but also explore the absorption of concepts or formal structures from antecedent texts The volume not only adds to the debate on

Milton's iteration, duplication and renovation of precursor texts but represents the first collection of original essays on the poetry and prose of Henry Vaughan, essays authored by experts in the field. Donald Dickson is Professor of English at Texas A M University. Holly Faith Nelson is Assistant Professor of English at Trinity Western University. Children of God Revd Dr Edmund Newey, 2012-12-28. Children of God uncovers the significant but largely unnoticed place of the child as a prototype of human flourishing in the work of four authors spanning the modern period. Shedding new light on the role of the child figure in modernity and in theological responses to it, the book makes an important contribution to the disciplines of historical theology, theology and literature, and ecumenical theology. Through a careful exploration of the continuities and differences in the work of Thomas Traherne, Jean Jacques Rousseau, Friedrich Schleiermacher, and Charles P. Guy, it traces the ways in which their distinctive responses to human childhood structured the broader pattern of their theology, showing how they reached beyond the confines of academic theology and exercised a lasting influence on their literary and cultural context.
