Reformation And Revolution 1588 1660

A. Johnson Evans

Reformation And Revolution 1588 1660:

The Oxford Handbook of the English Revolution Michael J. Braddick, 2015 This Handbook brings together leading historians of the events surrounding the English revolution exploring how the events of the revolution grew out of and resonated in the politics and interactions of each of the Three Kingdoms England Scotland and Ireland It captures a shared British and Irish history comparing the significance of events and outcomes across the Three Kingdoms In doing so the Handbook offers a broader context for the history of the Scottish Covenanters the Irish Rising of 1641 and the government of Confederate Ireland as well as the British and Irish perspective on the English civil wars the English revolution the Regicide and Cromwellian period The Oxford Handbook of the English Revolution explores the significance of these events on a much broader front than conventional studies The events are approached not simply as political economic and social crises but as challenges to the predominant forms of religious and political thought social relations and standard forms of cultural expression The contributors provide up to date analysis of the political happenings considering the structures of social and political life that shaped and were re shaped by the crisis The Handbook goes on to explore the long term legacies of the crisis in the Three Kingdoms and their impact in a wider European context Reformation, Revolution, Renovation Lyke de Vries, 2021-12-13 At the centre of the Rosicrucian manifestos was a call for general reformation In Reformation Revolution Renovation the first book length study of this topic Lyke de Vries demonstrates the unique position of the Rosicrucian call for reform in the transformative context of the early seventeenth century The manifestos commonly interpreted as either Lutheran or esoteric are here portrayed as revolutionary mission statements which broke dramatically with Luther's reform ideals Their call for reform instead resembles a variety of late medieval and early modern dissenting traditions as well as the heterodox movement of Paracelsianism Emphasising the universal character of the Rosicrucian proposal for change this new genealogy of the core idea sheds fresh light on the vexed question of the manifestos authorship and helps explain their tumultuous reception by both those who welcomed and those who deplored them **An English history note book** Margaret Anne Rolleston, 1900 **War and politics in the Elizabethan counties** Neil Younger, 2017-10-03 War and politics in the Elizabethan counties reassesses the national war effort during the wars against Spain 1585 1603 Drawing on a mass of hitherto neglected sources it finds a political system in much better health than has been thought revising many existing assumptions about the weaknesses of the state in the face of military change It examines politics and government from the court and privy council to the counties and parishes assessing the central regime as well as the local machinery of lord lieutenancies which provided troops to fight Elizabeth's wars and ran the militia which defended against Spanish invasion attempts The problems of government are assessed in a wide ranging set of contexts addressing popular attitudes to the war government propaganda local resistance and the problems of governing a country divided in religion In this way the book covers much more than the war alone providing a new assessment of the

effectiveness of the whole Elizabethan state Whitaker's Cumulative Book List ,1985 **History** ,1991 *A History of England from 1714 to 1770 ...* A. Johnson Evans,1895 *The intermediate text-book of English history, by C.S. Fearenside (A.J. Evans)* Charles Scott Fearenside,1893 Enumeration of the inhabitants of the city of Glasgow and county of Lanark, for the government census of 1831 James Cleland,1832 British Books in Print ,1986 *Britain and the Dutch Revolt, 1560-1700* Hugh Dunthorne,2013-08-08 This book reveals the lasting impact of the Dutch Revolt on Britain's commercial religious and political culture *Puritans and Puritanism in Europe and America* Francis J. Bremer,Tom Webster,2005-12-19 This exhaustive treatment of the Puritan movement covers its doctrines its people its effects on politics and culture and its enduring legacy in modern Britain and America Puritanism began in the 1530s as a reform movement within the Church of England It endured into the 18th century In between it powerfully influenced the course of political events both in Britain and in the United States Puritanism shaped the American colonies particularly New England It was a key ingredient in literature from authors as diverse as John Milton and Nathaniel Hawthorne Although Puritanism as a formal movement has been gone for more than 300 years its influence continues on the mores and norms of America and Britain This ambitious work contains nearly 700 entries covering people events ideas and doctrines the whole of Puritanism Exhaustive and authoritative it draws on the work of more than 80 leading scholars in the field Impeccable scholarship combines with eminent readability to make this a valuable work for all readers and researchers from secondary school up University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects University of California (System). Institute of Library Research,University of California, Berkeley,1972 **Transforming Leadership** James MacGregor Burns,2007-12-01 The New York Times bestselling author and Pulitzer Prize winner examines the history of leadership and the crucial role of leaders in a healthy democracy In *Transforming Leadership* James MacGregor Burns illuminates the evolution of leadership structures from the chieftains of tribal African societies through Europe's absolute monarchies to the blossoming of the Enlightenment's ideals of liberty and happiness during the American Revolution Along the way he looks at key breakthroughs in leadership and the towering leaders who attempted to transform their worlds Elizabeth I Washington Jefferson Gandhi Eleanor Roosevelt Gorbachev and others Culminating in a bold and innovative plan to address the greatest global leadership challenge of the twenty first century the long intractable problem of global poverty *Transforming Leadership* will spark lively discussion in classrooms and boardrooms throughout the country **Between Nations** David Baker,1997-12-01 Fusing historiography with literary criticism *Between Nations* produces an array of unexpected readings of early modern texts Starting from the premise that England has never been able to emerge or define itself in isolation from its neighbors on the British Isles this book places Renaissance England and its literature at a meeting of English Irish Scottish and Welsh histories It ranges from the late sixteenth through the late seventeenth centuries and deals with the reigns of three monarchs and one regicide those of Elizabeth I James I Charles II and Oliver Cromwell

However it shifts the domain they ruled from the customary center into interactions between England and the other British polities The author argues that England was able to develop into what we call a nation only in and by means of its relations with the other proto nations that often it was also suppressing Among the authors who served one or more of the four English rulers are Shakespeare Spenser and Marvell who are studied here in the way they responded to the complexities of British history that encompassed their nation They not only participated in nation building destroying but their works are shown often to be meditations on that process and their own roles in the process In Henry V for example Shakespeare both produces a vision of an ideal Britain and inscribes into his play the voices of various British peoples that are meant to be subsumed Spenser s A View of the Present State of Ireland which is often taken as an anti Gaelic screed is more plausibly seen as a text compounded of heterogeneous cultural influences many of them originating from within Ireland The complexity of the text reflects Spenser s own situation as a colonial official exiled from one British nation England to another Ireland In An Horation Ode upon Cromwell s Return from Ireland Marvell explicitly considers the consequences of a campaign that historians have called the War of the Three Kingdoms In that and in a later poem The Loyal Scot Marvell emerges as a shrewd commentator on the British politics of his day Throughout the book demonstrates that historical readings of this period s English literary works can be as multivalent and multicentric as the British history that produced them

Heaven Upon Earth Jeffrey K. Jue, 2006-02-28 This book contributes to the ongoing revision of early modern British history by examining the apocalyptic tradition through the life and writings of Joseph Mede 1586 1638 The history of the British apocalyptic tradition has yet to undergo a thorough revision Past studies followed a historiographical paradigm which associated millenarianism with a revolutionary agenda A careful study of Joseph Mede one of the key individuals responsible for the rebirth of millenarianism in England suggests a different picture of seventeenth century apocalypticism The roots of Mede s apocalyptic thought are not found in extreme activism but in the detailed study of the Apocalypse with the aid of ancient Christian and Jewish sources Mede s legacy illustrates the geographical prevalence and long term sustainability of his interpretations This volume shows that the continual discussion of millenarian ideas reveals a vibrant tradition that cannot be reconstructed to fit within one simple historiographical narrative

The diary, 1641 to 1706, of John Evelyn John Evelyn, 1892

Beyond Reasonable Doubt and Probable Cause Barbara J. Shapiro, 2023-11-10 Beyond Reasonable Doubt and Probable Cause Historical Perspectives on the Anglo American Law of Evidence delves into the evolution of evidentiary doctrines within the Anglo American legal system focusing on their development from the early modern period to the twentieth century This book examines the historical and intellectual underpinnings of key concepts like beyond reasonable doubt and probable cause exploring their roles in shaping the criminal justice process across various stages from arrest to jury deliberation By engaging with both doctrinal writings and broader philosophical and religious influences the study highlights the interplay between evolving legal standards and cultural notions of truth and certainty The work also

traces the migration of evidentiary principles between institutions such as the grand jury trial jury and pretrial hearings and examines how these concepts were influenced by Romano canon traditions The book is structured thematically addressing three major areas the interaction between legal and philosophical ideas of evidence and proof the transmission of evidentiary concepts across different procedural stages and the impact of Romano canon traditions on English law Individual chapters tackle topics such as the trial jury s reliance on beyond reasonable doubt the grand jury s evidentiary standards and the migration of probable cause across arrest search and pretrial procedures The analysis also revisits philosophical contributions to evidentiary concepts and explores the incorporation of circumstantial evidence and presumption into Anglo American legal thought Ultimately this study sheds light on how these legal doctrines have shaped and reflected the intellectual and institutional foundations of Anglo American legal culture This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1991 Roger Morrice and the Puritan Whigs Mark Goldie, 2016 Mark Goldie s authoritative and highly readable introduction to the political and religious landscape of Britain during the turbulent era of later Stuart rule An exceptionally significant monograph and without doubt one of the most important to appear in the field of Restoration history in the last twenty years Mark Goldie has done more than anyone else to illuminate the political and religious assumptions of late seventeenth century Englishmen Dr Grant Tapsell University of Oxford Roger Morrice and the Puritan Whigs explains a movement illuminates the world of its emblematic representative and explores one of the most remarkable documents of the seventeenth century Morrice s Entering Book was supremely well informed passionately committed and relentlessly opinionated Chronicling the years 1677 to 1691 nearly a million words in length it is the fullest surviving record of the tumultuous final years of the Stuart regime from the Popish Plot and Exclusion Crisis to the Glorious Revolution Morrice was a Puritan clergyman turned confidential reporter for leading Whig politicians a barometer of opinion for whom reliable information was vital for public action Just twenty years after Pepys s Diary the Entering Book depicts a darker England gripped by a new crisis of popery and arbitrary government Mark Goldie s deeply considered book examines the fortunes of Puritanism in the later Stuart age It offers a story of disillusion and diminuendo of struggles for survival in the face of intolerance and of self understanding among those who hoped to transform England through Godly rule Yet the book also tells a countervailing story of revitalized and transformed Puritanism Puritans worked through parliament the royal court and the households of gentry merchants lawyers and clergy Setting out to galvanize civil society they mobilized public opinion organized electorates and deployed the arts of journalism influence and persuasion This book has been adapted with a new substantial introduction and updated bibliography from the first volume of the Entering Book of Roger Morrice Mark Goldie is Professor of Intellectual History at

the University of Cambridge and a Fellow of Churchill College
Leighton, 1840
