Tipton,2022-07-11 Amandus Polanus 1561 1610 has often been described as a highly significant theologian but also a neglected one Part of Polanus significance comes from his inclusion of ethics and practical application in his discussion of theology and the way in which his theology mixes Ramist dichotomies and the scholastic distinctions common in Christian Aristotelianism Stephen B Tipton shows how Polanus understanding of God s essence and attributes is built upon the ground of scripture arranged with the aid of logical arguments and reasoning and aimed at the worship and glory of the Triune God Tipton defends this conclusion against previous research which suggests that Polanus theology is grounded in rationalism and subordinates the Trinity beneath an Aristotelian notion of God s perfect unity This research not only corrects these previous notions about Polanus

but it also provides greater insight into the early Reformed Orthodox period and the theology that arose from that time

Bidwell, 2011-06-10 A resurgence of Trinitarian interest gained momentum in the twentieth century and it is showing little sign of abating in the twenty first century This research endeavors to critically evaluate Miroslav Volf's ecclesial model for the church as the image of the Trinity one that he presents with the English title *After Our Likeness* Volf proposes a social doctrine of the Trinity one that is heavily influenced by the theological writings of Jurgen Moltmann and he puts forward that this nonhierarchical Trinity should be reflected in the structures and theology of the church If Volf is correct then a radical reshaping is needed for the church to conform to an egalitarian pattern one that is after the likeness Gen 1:26 of an egalitarian God In this critical examination Kevin J Bidwell begins by stating the theological influences that are pertinent to Volf's thesis in *After Our Likeness* and the assumptions that undergird and inform his whole theological paradigm An important theological excursus is offered to assess the theology of John Smyth the first English Baptist who is Volf's representative figure for the location of his own ecclesiology the Free Church A critical analysis follows

of Volf's engagement with his two chosen dialogue partners who represent both Western and Eastern theological traditions Joseph Ratzinger and John D Zizioulas Volf presents five theses for the church as the image of the Trinity which could be labeled as Volf's Free Church in the image of Volf's revised doctrine of the Trinity This monograph offers extensive insight into the contemporary debate on the doctrine of the Trinity but it also assesses many aspects of ecclesiology from both Eastern and Western perspectives Unquiet Things Colin Jager,2015 In Great Britain during the Romantic period governmental and social structures were becoming more secular as religion was privatized and depoliticized If the discretionary nature of religious practice permitted spiritual freedom and social differentiation however secular arrangements produced new anxieties Unquiet Things investigates the social and political disorders that arise within modern secular cultures and their expression in works by Jane Austen Horace Walpole Samuel Taylor Coleridge Lord Byron and Percy Shelley among others Emphasizing secularism rather than religion as its primary analytic category Unquiet Things demonstrates that literary writing possesses a distinctive ability to register the discontent that characterizes the mood of secular modernity Colin Jager places Romantic era writers within the context of a longer series of transformations begun in the Reformation and identifies three ways in which romanticism and secularism interact the melancholic mood brought on by movements of reform the minoritizing capacity of literature to measure the disturbances produced by new arrangements of state power and a prospective romantic thinking Jager calls after the secular The poems novels and letters of the romantic period reveal uneasy traces of the spiritual past haunted by elements that trouble secular politics at the same time they imagine new and more equitable possibilities for the future In the twenty first century Jager contends we are still living within the terms of the romantic response to secularism when literature and philosophy first took account of the consequences of modernity The Necessity of Christ's Satisfaction Joshua D. Schendel,2022-10-04 The seventeenth century Reformed Orthodox discussions of the work of Christ and its various doctrinal constitutive elements were rich and multifaceted ranging across biblical and exegetical historical philosophical and theological fields of inquiry Among the most contested questions in these discussions was the question of the necessity of Christ's satisfaction This study sets that great controverted point as Richard Baxter called it in its historical and traditionary contexts and provides a philosophical and theological analysis of the arguments offered by two representative Reformed scholastic theologians William Twisse and John Owen **Peter Martyr Vermigli (1499-1562) and the Outward Instruments of Divine Grace** Jason Zuidema,2008-08-20 Der reformierte Theologe Peter Martyr Vermigli 1499 1562 war ein Moderator Er suchte den Mittelweg zwischen theologischen Extremen Da f r typisch waren seine Berlegungen zu den u eren Zeichen der g ttlichen Gnade Solche Zeichen die menschliche Natur Christi die vernehmbaren Worte der Schrift und die sichtbaren Worte der Sakramente sollten laut Vermigli weder zu stark verfleischlicht noch zu stark spiritualisiert werden Obwohl Gott auch direkt ohne dazwischen geschaltete Zeichen handeln k nnte hat er verf gt Heil durch diese Zeichen zu erwirken Deshalb lassen sich die innere

spirituelle Kraft und das u ere Zeichen nicht voneinander trennen Vermigli ein gebildeter humanistischer Forscher vertrat wohl bedachte distinguierte Positionen Ein tieferer Blick in seine Theologie wie ihn Zuidema wagt lohnt sich um die inneren theologischen Vernetzungen seiner Zeit besser kennen zu lernen

"An Educated Clergy" Jack C. Whytock,2008-02-01 Scotland has long been known for its emphasis upon an educated clergy yet little serious historical attention has been given to how this was actually fostered This book begins to fill that gap While a
