Jones,2009-12-09 During the past decade globalization and democratization have been the major forces that helped transform the structures functions and processes of Asian public sectors These issues were explored at a conference July 7 9 2008 in Bangkok Thailand This book presents some of the works contributed by participating scholars at the conference A Global Political Economy of Democratisation Alison J. Ayers,2018-02-13 The late twentieth century is often portrayed as an Age of Democratisation with democracy heralded as the best of all political systems Yet democracy has multiple meanings values and significances The start of the twenty first century has witnessed a massive revival of interest in the meaning and role of democracy not least as democracy understood in one highly particular sense has been increasingly recognised to be in crisis This book presents these deliberations in a new light by moving beyond the concept of the sovereign state as the dominant framework of enquiry and by rejecting the primacy of the state and the categorical separation of the domestic and the international Instead Ayers elaborates an account of democratisation through the global political economy encompassing a trenchant critique of mainstream democracy promotion in theory and practice and opening up possibilities for different histories of democratisation autonomous of the Western liberal and neoliberal project This innovative work will prove useful to scholars and students in the fields of Politics Political Economy International Relations Development African Studies History Geography and Sociology **The Political Economy of Economic Reform in the Pacific** Ron Duncan,2011-07-01 Over the last several years Vanuatu has become one of the fastest growing economies in the Pacific region driven primarily by tourism construction and aid inflows The achievement of strong economic growth has also occurred on the back of improved economic policy effective fiscal management and improved environment for private sector development While recent gains have been impressive more remains to be done to sustain growth and ensure the benefits are distributed throughout the

nation The Government is now on a sound financial footing and is well placed to address key development issues The report discusses options for responding to these needs with a view to helping guide public policy formulation in Vanuatu

Handbook of Globalization, Governance, and Public Administration Ali Farazmand, Jack Pinkowski, 2006-07-25
Globalization transcends borders and cultures as it develops both from the natural flow of information and communication technologies and as a directed and driven quest for global hegemony by self serving corporations and world political heavyweights It bears a multifaceted web of influence that manifests in inequalities in growth prosperity and Governance for the 21st Century Andrés González, 2007 In recent years corruption has become a major threat to political systems around the world due to its ability to damage and destabilize national as well as international democratic institutions Since the end of the Cold War corruption has not entirely changed in its pathology However this phenomenon has become a serious political and economic danger for states and regions especially in Latin America This book analyzes recent concerns raised by the problem of this region focusing on three countries Argentina Chile and Ecuador It gives an overview of definitions forms and typologies of corruption as well as its causes and effects Moreover the book introduces and discusses different approaches offered as solutions to corruption The case studies allow a possible explanation of the degree of propensity that these countries show towards corruption

Good governance and administrative practices Mootheril Raghavan Biju, 2007 In Indian context IDA's Partnership for Poverty Reduction Catherine Gwin, 2002-01-01 During its 40 year history the International Development Association IDA has worked to improve global welfare by allocating resources to growth and poverty reduction programs In 1990 a new framework for IDA's poverty reduction efforts was created which resulted in significant structural change to its programs The focus of the programs became one of labor intensive growth and expanded access to social services and safety nets to improve incomes levels among the poor Additionally the IDA agenda was expanded to include gender the environment and governance as facets of the poverty reduction framework This report evaluates IDA's performance from 1994 through 2000 against the three specific replenishment commitments of the period While finding the performance level only partially satisfactory the review suggests ways to improve the effectiveness of IDA programs replenishment process and its ability to match corporate and country priorities
