Reforming Public Management:

Public Management Reform Christopher Pollitt, Geert Bouckaert, 2004 This is a comprehensive integrated analysis of the wave of management reforms which have swept through many countries including Australia Belgium Canada Finland France Germany Italy the Netherlands New Zealand Sweden the UK the USA and the European Commission

International Handbook of Public Management Reform Shaun Goldfinch, Joe Wallis, 2009-01-01 This volume presents a compelling package for anyone interested in public sector reform It effectively combines a wide range of well researched reviews of national experiences with state of the art thematic chapters in key reform areas such as IT governance public sector leadership and accountability The result is a robust insightful and sometimes sobering series of accounts of the promises and pitfalls of efforts to reform the institutions and practices of public governance around the world A must read Paul t Hart Australian National University This major Handbook provides a state of the art study of the recent history and future development of international public management reform Through a careful cross country analysis spanning the last three decades this timely volume critically evaluates whether countries are converging towards a single public management model The book goes on to investigate unresolved issues surrounding leadership e government accountability and computer systems failure currently facing reformers Shaun Goldfinch and Joe Wallis have brought together a number of eminent scholars from across Europe Asia North America and Australasia to explore the role of economic ideas human resources and the state of public management reform in twelve countries Providing a broad global overview of public management and facilitating a greater understanding of the difficult issue of reform this book will find widespread appeal amongst academics and postgraduate students of public administration as well as practitioners in the field

Transcending New Public Management Professor Per Lægreid, Professor Tom Christensen, 2013-03-28 Following on from the success of the editors previous book New Public Management The Transformation of Ideas and Practice which examined the public reform process up to the end of the last decade this new volume draws on the previous knowledge both theoretically and empirically It examines and debates the post new public management reform development in Denmark Norway Sweden Australia and New Zealand The ideal follow up to the previous volume this book includes many of the same contributors in addition to some fresh voices and is a must for anyone looking for an integrated framework of analysis Comprehensive and analytical it is an important contribution to the study of public administration and particularly to the reform of public management

Reforming Public Management and Governance John Halligan, 2020-05-29 This book examines the impact of several decades of public sector reform in four Westminster systems Australia Canada New Zealand and the United Kingdom Political and managerial change has re defined roles and relationships and how their public sectors function Often this occurs in comparable ways because of a common administrative tradition but choices made in different country contexts also produce divergent outcomes In analysing the results and implications of reform fundamental issues of and tensions in public

administration and management are addressed **Public Management Reform** Christopher Pollitt, Geert Bouckaert, 2011-09-08 Provides a comparative analytic account of public management thinking and reform in twelve developed countries over a period of thirty years page 1 New Public Management Kathleen McLaughlin, Ewan Ferlie, Stephen Osborne P, 2005-07-08 The UK has played a pivotal role in the development of New Public Management NPM This book offers an original comprehensive and multidisciplinary analysis of the impact of the New Public Management in the UK and situates these analyses in a broader comparative perspective Its chapters consider competing typologies of NPM issues of professionalism within NPM debates on social exclusion and equity the role of different research approaches in evaluating NPM the evolving nature of NPM and impact of modernisation evaluations of NPM in mainland Europe North America Africa and the developing World Australia and Pacific Asia Leading authorities from around the world present evaluations of current thinking in NPM and highlight the challenges which will shape future development and research approaches New Public Management presents a timely and constructive overview of the nature and impact of the NPM and offers important lessons for public management across the world *The Ashgate Research Companion to New Public Management* Tom Christensen, Per Lægreid, 2016-03-23 This collection provides a comprehensive state of the art review of current research in the field of New Public Management NPM reform Aimed primarily at a readership with a special interest in contemporary public sector reforms The Ashgate Research Companion to New Public Management offers a refreshing and up to date analysis of key issues of modern administrative reforms This volume comprises a general introduction and twenty nine chapters divided into six thematic sessions each with chapters ranging across a variety of crucial topics in the field of New Public Management reforms and beyond The principal themes to be addressed are Public Management Reform : A Comparative Analysis Christopher Pollitt, Geert Bouckaert, 1999-12-09 In this major new contribution to a rapidly expanding field the authors offer an integrated analysis of the wave of management reforms which have swept through so many countries in the last twenty years The reform trajectories of ten countries are compared and key differences of approach discussed Unlike some previous works this volume affords balanced coverage to the New Public Management NPM and the non NPM or reluctant NPM countries since it covers Australia Canada Finland France Germany the Netherlands New Zealand Sweden the UK and the USA Unusually it also includes a preliminary analysis of attempts to improve management within the European Commission *Public Management Reform and Modernization* Edoardo Ongaro, 2009 Ongaro has made a major contribution to understanding the political and administrative systems of Southern Europe The work goes beyond that however by providing an excellent example of comparative analysis in general This book should be read by all students of comparative administration B Guy Peters University of Pittsburgh US and City University of Hong Kong This is an important book for several reasons Public sector reform debates and policies have been heavily perhaps too heavily influenced by Anglo Saxon models and literature on reforms in the Latin part of Europe has until now only been available in a fragmented way

However this unique new book offers a coherent vision across Southern Europe It refers to important parts of our history and how these still influence current times It also shows that culture does make a difference and that contingencies are important European public sector reform is as diverse as the range of its administrative histories and this book is therefore crucial in our understanding of the future in relation to the past Geert Bouckaert Public Management Institute Katholieke Universiteit Leuven Belgium and European Group for Public Administration This systematic thorough and insightful book offers one of the very rare comparative studies of public management reform in Italy France Greece Portugal and Spain A unique and most valuable study Walter Kickert Erasmus University Rotterdam the Netherlands Scholars of public management reform have been at it for many years but there was always a gap little was really known about southern Europe those countries that come from the Napoleonic tradition Now Professor Edoardo Ongaro of Bocconi University has filled that gap and we will all profit from his diligent and insightful work Jeffrey D Straussman Nelson A Rockefeller College of Public Affairs and Policy University at Albany US Theoretically eclectic and empirically rich this is a much needed volume on the dark side of the moon that is public management reform outside the Anglo Saxon world Edoardo Ongaro sheds light on Italy and four other Napoleonic systems by producing a far reaching comparative analysis that also captures the effects of Europeanization and multi level governance on public management reforms Ambitious yet ultimately accessible this book is a must read for those who want to explain and understand the trajectories of reform in their historical context Claudio Radaelli University of Exeter UK The reader will find in Professor Ongaro s book a clear and thorough discussion of the public sector reform process both in Italy and southern European countries based upon a systematic comparative framework This is a very useful and original work that any student in comparative politics or public administration will highly appreciate Luc Rouban CNRS Centre de Recherches Politiques de Science Po CEVIPOF Paris France This scholarly volume makes an interesting and distinctive contribution to the global public management reform debate by offering an analysis of reform trajectories in an important but rather neglected group of Southern European countries Ewan Ferlie King s College London UK Since the 1980s a wave of reforms of public management has swept the world The investigation into the effects of such major transformations has however been unbalanced important countries have received only limited attention This timely book fills the gap by investigating the dynamics of contemporary public management reform in five European countries that gave shape to the Napoleonic administrative tradition France Greece Italy Portugal Spain Edoardo Ongaro presents an in depth investigation of the reform of public management in these countries revisiting major topics of theoretical interest in the study of public administration He addresses key issues regarding the influence of the past on the transformation of the public se

Democracy and Public Management Reform Luiz Carlos Bresser-Pereira, 2004-10-07 Building the Republican State is an insightful analysis of the new state and the new public management that is emerging in the twenty first century It presents the historical stages that led to the modern state identifies a crisis of the nation state and its origins in a fiscal crisis

and in globalization and situates public management in the last phase the social liberal and republican state To understand such stages the author develops the theory of republican rights as a fourth type of citizenship right after the civil the political and the social rights The book contains an original model of reform in which the roles of the state the forms of ownership the types of public administration and the organizational institutions indicated in each situation are put together Additionally the book discusses the political theories behind the reform and its political implications Throughout the book the author underlines the complementary roles of markets and the state and the importance of building state capacity to assure administrative efficiency always having in count the democratic constraint i.e. the prevalence of the political over the economic realm This is essential reading both for those studying political theory and government reform as well as for anyone interested in state politics and globalization

Handbook of Public Management Practice and Reform Kuo-Tsai Liou, 2019-09-16 Outlining the origins motivations strategies implementations and effectiveness of reform policies and programs Handbook of Public Management Practice and Reform examines changes and challenges in major areas of public administration including budgeting finance human resources and organizational management reviews the lessons of reform and addresses new ideas and emerging issues Discussing the development and contribution of public administration education research and professional associations the book covers decentralization and deregulation institutional arrangement and support and cooperation between public and nonprofit organizations

Staff Participation and Public Management Reform D. Farnham, A. Hondeghe, S. Horton, 2005-06-07 This book explores the role of civil servants and their trade unions in the public management reform process framing it in its economic social cultural and legal contexts Building on neo institutional and stakeholder theories the book shows how staff and their representative organisations have influenced the formulation and implementation of public management reforms in twelve OECD countries This study challenges top down elite theories that have dominated the existing literature explaining how staff participation practices both direct and indirect have impacted on the implementation of reforms in different ways in different countries The book concludes that variations in staff participation in the reform process depend upon institutional and political factors and the distribution of power in the employment relationship

The Many Faces of Public Management Reform in the Asia-Pacific Region Clay Wescott, Bidhya Bowornwathana, L.R. Jones, 2009-12-09 During the past decade globalization and democratization have been the major forces that helped transform the structures functions and processes of Asian public sectors These issues were explored at a conference July 7-9 2008 in Bangkok Thailand This book presents some of the works contributed by participating scholars at the conference

Public Management Occasional Papers Pay Reform in the Public Service Initial Impact on Pay Dispersion in Australia, Sweden and the United Kingdom No. 10 OECD, 1996-09-06 This report assesses the impact of pay reforms on pay dispersion in the public service To do so it draws on recent experiences in Australia Sweden and the United Kingdom

Assessing and Reforming Public Financial Management Richard

Allen, Salvatore Schiavo-Campo, Thomas Columkill Garritty, 2004 This study compares the various instruments and approaches used by the World Bank the European Commission the International Monetary Fund the Strategic Partnership for Africa and several bilateral donor agencies to assess and reform public expenditure management systems in developing and transitional countries It identifies weaknesses in the current system and recommends a new medium term country led multidonor approach which is focused on better budgetary management supplemented by donor aid funds as a key mechanism to reduce poverty and attain other policy goals

The Global Public Management Revolution Donald F. Kettl, 2006-05-24 Over the last quarter century governments around the world have launched ambitious efforts to reform how they manage their programs Citizens have demanded smaller cheaper more effective governments They have also asked for more programs and better services To resolve this paradox governments have experimented with scores of ideas to be more productive improve performance and reduce costs In this new edition of *The Global Public Management Revolution* Donald F Kettl charts the basic models of reform that are being employed worldwide Reviewing the standard strategies and tactics behind these reforms Kettl identifies six common core ideas the search for greater productivity more public reliance on private markets a stronger orientation toward service more decentralization from national to subnational governments increased capacity to devise and track public policy and tactics to enhance accountability for results Kettl predicts that reform and reinvention will likely become mantras for governments of all stripes Ultimately this strategy means coupling the reform impulse with governance government s increasingly important relationship with civil society and the institutions that shape modern life

Evaluating Public Management Reforms Boyne, George, Farrell, Catherine, Law, Jennifer, 2003-01-01 Governments across the world are pursuing reform in an effort to improve public services But have these reforms actually led to improvements in services Evaluating Public Management Reforms develops a framework for a theory based evaluation of reforms and then uses this framework to assess the impact of new arrangements for public service delivery in the UK

Understanding and Improving Public Management Reforms Thomas Elston, 2024-04-30 Why do top down reforms to public services so often over promise and under deliver Using five concepts from psychology economics and organisational sociology and diverse examples of successes and failures Thomas Elston addresses this pressing question of good governance

Assessing Public Management Reforms Patrick Gibert, Jean-Claude Thoenig, 2022-01-28 This book examines why many ambitious public management policies do not materialize Comprehensive reforms do not generate relevant and lasting changes Yet some evolutions may occur that actually improve the efficiency level inside public administrations The book identifies how and why such processes may occur It explores an innovative approach to the way reform policies inside the public sector are assessed The opening chapters examine the contributions of different disciplines to the study of change in the public sector before proposing a framework to better understand management developments The book then reviews eight crosscutting central government programmes successively launched since the late 1960s examines how these

programmes were designed and constructed and analyses the ways in which three toolkits are appropriated dashboards and indicators cost benefit analysis and ex post evaluation The final chapters examine the links between the development of agencification and the way in which central government proceeds to implement it and demonstrate why and how the structure of human resources is crucial for initiating change processes Together the book proposes lessons for public practitioners as well as for academic purposes Public Management Reform in Turkey Fatih Demir, 2020-02-24 This book discusses the Europeanization of Turkish public administration since the early 2000s offering an analysis of the transformation and basic features and problems of Turkish public administration in relation to the EU accession process The book consists of six chapters and a conclusion The first chapter sets the stage by evaluating the public administration reforms in Turkey from the perspective of Europeanization and the European Administrative Space EAS The second chapter discusses the administrative procedures based on the European Union s Charter of Fundamental Rights and explains the EU s relationship with accountable government and democracy The third and fourth chapters examine the steps taken to improve civic participation in decision making processes and assess local governance reforms in Turkey with reference to Europeanization processes and the policy windows approach developed by Kingdon The next chapter addresses regionalization in Europe and its parallels in Turkey especially in the context of the foundation of regional development agencies Lastly the book presents the reactions to the fragmentation of government envisaged by New Public Management NPM reforms and describes practices beyond fashioning an integrated administration It also explores the transformation of the executive organ in terms of its change in status in relation to other centers of political power The conclusion provides an overview of the apparent oscillation of Turkish public administration in the 21st century in terms of Europeanization processes This book is useful for academics studying public administration public management reforms Turkish politics and the European Union as well as government and diplomatic professionals in Turkey and the EU especially those dealing with enlargement issues
