L. Cranston, 1977      Reincarnation : the Phoenix Fire Mystery : an East-west Dialogue on Death and Rebirth from the Worlds of Religion, science, Psychology, Philosophy, Art, and Literature, and from Great Thinkers of the Past and Present J. Head, 1978      *Reincarnation* Joel Bjorling, 2013-08-21 First Published in 1996 You may have lived before As a matter of fact you may have experienced countless lifetimes This statement constitutes the basic premise of reincarnation which is also called transmigration and metempsychosis This volume explores the origins and development of the belief of reincarnation      **Reincarnation in America** Lee Irwin, 2017-07-31 *Reincarnation in America* An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional      **Awakening the Soul** Bill Missett, 2008-05-21 *Awakening The Soul* The Trilogy includes *ATS Book One Proof of Our Spiritual Nature* which itemizes more than 80 characteristics of our spiritual nature many very familiar and explains 10 of them in depth *ATS Book 2 Our Suppressed Spiritual Nature* which explains why we are so out of touch with our spiritual nature primarily through suppression of those traits by religions primarily Christianity and *ATS Book 3 Restoring Your Spiritual Nature* contains detailed channeled instructions to restore immediate awareness of your spiritual nature which has proven highly successful in doing just that      *Deathing* Anya Foos-Graber, 1989-01-15 Everyone who is born is someday going to die Some of us will die peacefully in our sleep some will die in accidents and some as the result of diseases cancer or AIDS Because we do not usually know when we are going to die most of us are frightened of death We do not want to talk about it do not want to face it and we run from it as long as we can And some of us die a lonely death in a hospital surrounded by strangers and white sheets while family and loved ones are kept out of the room at the final moment Anya Foos Graber believes that death like birth should be a shining light filled

conscious moment Death is not a disease It is the most natural passage we will make since birth Looking at death before the time comes is like learning about natural childbirth before having a baby Just as women are choosing to be conscious participants in the birth process Foos Graber feels that all of us should be conscious as well of our eventual death that we should prepare for it the way the Tibetan Buddhists and American Indians used to do The author calls this process of conscious preparation and practice deathing The book presents two teaching stories illustrating both a conscious death and an unconscious one The second half of the book is a step by step manual containing complete instruction and simple exercises such as breathing visualization and the all important 6th technique or your chosen Name and form of God to which you direct your attention in life and the death transition You can use the formless LIGHT itself as referent an absence of any belief structure A support person rather like the father s presence in natural childbirth can assist in the event of coma or accident death Other books have been written about grief about wills about taking care of your affairs This is a book about taking care of yourself and how to be helpful to someone you care for Deathing has two aims to make sure that the dying are comfortable and comforted as they die and to help all of us prepare for the greatest adventure we will face since birth

Singh,2015-07-06 The answer is yes Am I body or soul When we say it is my body it is my

hand it is my car or it is my house etc it means that I own these things including my body So I cannot be these things So I am soul when the soul gets out of the body at the time of death although all its parts are present but nonfunctional Whole body is either cremated or buried which eventually disintegrates Some of us believe in reincarnation or rebirth Dr Ian Stevenson of the Department of Psychology and Neurology University of Virginia has studied three thousand cases as of 1987 from all parts of the world Each one of them said I remember my previous life and verified by Dr Stevenson and published Refer it in my chapter Rebirth Chapter Characteristics of soul It is self exemplified and other quotations from Hindu scriptures The soul to begin with was pure as 24 carat gold But after when it gets in the body of living beings and especially human body it becomes impure due to good and bad actions karma Then it needs to be pure again in order to be immortal For this it needs Gods grace prayer meditation and other means to mingle with God as water of Rivers merge with water of sea and become salty water as of the sea
