Reading in Kinship in Urban Society C. C. Harris, 2013-10-22

Reading in Kinship in Urban Society is a collection of articles that deal with family and kinship in urban settlements. It provides comparative ethnographic data and introduces studies and approaches found outside British social inquiry. Organized into four parts, this book first introduces kinship systems and the recognition of relationships in various communities. It then identifies the functions of kinship systems and pays particular attention to inheritance of property. After discussing patterns of mate selection and marital relationships, it turns to the effects of urbanization on family life. This book ends with a discussion about the family life of elderly people. Anthropologists and sociologists studying the relation of kinship to societies will find this book invaluable.

Peoples of the Pacific Paul

D'Arcy, 2017-05-15. Presenting the history of the inhabitants of the Pacific Islands from first colonization until the spread of European colonial rule in the later 19th century, this volume focuses specifically on Pacific Islander-European interactions from the perspective of Pacific Islanders themselves. A number of recorded traditions are reproduced as well as articles by Pacific Island scholars working within the academy. The nature of Pacific History as a sub-discipline is presented through a sample of key articles from the 1890s until the present that represent the historical evolution of the field and its multidisciplinary nature. The volume reflects on how the indigenous inhabitants of the Pacific Islands have a history as dynamic and complex as that of literate societies and one that is more retrievable through multidisciplinary approaches than often realized.

The South Seas in the Modern World Felix M. Keesing, 2025-05-01

The South Seas in the Modern World 1942 surveys the economic, social, educational, and strategic problems facing the islands of the Pacific dependencies on the eve of the Second World War. The ways of living that met the needs of the islanders had been disrupted by the arrival of white traders and missionaries carrying with them new diseases causing economic distress and social chaos. As island societies began to stabilise, global war waged by distant colonial powers caused repercussions across the region.
