**God in Captivity** Tanya Erzen, 2017-03-07 An eye opening account of how and why evangelical Christian ministries are flourishing in prisons across the United States It is by now well known that the United States incarceration rate is the highest in the world What is not broadly understood is how cash strapped and overcrowded state and federal prisons are increasingly relying on religious organizations to provide educational and mental health services and to help maintain order And these religious organizations are overwhelmingly run by nondenominational Protestant Christians who see prisoners as captive audiences Some twenty thousand of these Evangelical Christian volunteers now run educational programs in over three hundred US prisons jails and detention centers Prison seminary programs are flourishing in states as diverse as Texas and Tennessee California and Illinois and almost half of the federal prisons operate or are developing faith based residential programs Tanya Erzen gained inside access to many of these programs spending time with prisoners wardens and members of faith based ministries in six states at both male and female penitentiaries to better understand both the nature of these ministries and their effects What she discovered raises questions about how these ministries and the people who live in prison grapple with the meaning of punishment and redemption as well as what legal and ethical issues emerge when conservative Christians are the main and sometimes only outside forces in a prison system that no longer offers even the pretense of rehabilitation Yet Erzen also shows how prison ministries make undeniably positive impacts on the lives of many prisoners men and women who have no hope of ever leaving prison can achieve personal growth a sense of community and a degree of liberation within the confines of their cells With both empathy and a critical eye God in Captivity grapples with the questions of how faith based programs serve the punitive regime of the prison becoming a method of control behind bars even as prisoners use them as a lifeline for

**Machinery of Criminal Justice** Stephanos Bibas, 2012-02-28 Two centuries ago American criminal justice was run primarily by laymen. Jury trials passed moral judgment on crimes, vindicated victims and innocent defendants, and denounced the guilty. But since then lawyers have gradually taken over the process, silencing victims and defendants, and in many cases substituting plea bargaining for the voice of the jury. The public sees little of how this assembly line justice works, and victims and defendants have largely lost their day in court. As a result, victims rarely hear defendants express remorse and apologize, and defendants rarely receive forgiveness. This lawyerized machinery has purchased efficient, speedy processing of many cases at the price of sacrificing softer values such as reforming defendants and healing wounded victims and relationships. In other words, the U.S. legal system has bought quantity at the price of quality without recognizing either the trade off or the great gulf separating lawyers and laymen's incentives, values, and powers. In *The Machinery of Criminal Justice*, author Stephanos Bibas surveys the developments over the last two centuries, considers what we have lost in our quest for efficient punishment, and suggests ways to include victims, defendants, and the public once again. Ideas range from requiring convicts to work or serve in the military to moving power from prosecutors to restorative sentencing juries. Bibas argues that doing so might cost more, but it would better serve criminal procedure's interests in denouncing crime, vindicating victims, reforming wrongdoers, and healing the relationships torn by crime.

Conversion and the Rehabilitation of the Penal System Andrew Skotnicki, 2019-03-01 The Cincinnati Penal Congress of 1870 ushered in the era of progressive penology: the use of statistical and social scientific methodologies, commitment to psychiatric and therapeutic interventions, and a new innovation, the reformatory, as the locus for the application of these initiatives. The prisoner was now seen as a specimen to be analyzed, treated, and properly socialized into the triumphal current of American social and economic life. The Progressive rehabilitative initiatives succumbed in the 1970s to withering criticism from the proponents of equally futile strategies for addressing the crime problem: retribution, deterrence, and selective incapacitation. The early Christian community developed a methodology for correcting human error that featured the unprecedented belief that a period of time spent in a given penitential locale, with the aid and encouragement of the community, was sufficient in and of itself to heal the alienation and self-loathing caused by sin and to lead an individual to full reincorporation into the community. The correctional practice was based upon

the conviction that cooperative sociability or conversion is possible regardless of the specific offense without any need to inflict suffering or to use the act of punishment as a warning to potential offenders or to undertake programmatic interventions into the lives of the incarcerated for the purpose of rehabilitating them Andrew Skotnicki contends that the modern practice of criminal detention is a protracted exercise in needless violence predicated upon two foundational errors The first is an inability to see the imprisoned as human beings fully capable of responding to an affirmative accompaniment rather than maltreatment and invasive forms of therapy The second is a pervasive dualism that constructs a barrier between detainees and those empowered to supervise rehabilitate and punish them In this book Skotnicki argues that the criminal justice system can only be rehabilitated by eliminating punishment and policies based upon deterrence rehabilitation and the incapacitation of the urban poor and returning to the original justification for the practice of confinement conversion

**Redeeming a Prison Society** Amy Levad, 2014 The United States criminal justice system is in a state of crisis from unprecedented rates of imprisonment and recidivism to the privatization of the prison system and the disproportionate representation of particular racial ethnic social and economic groups all of which is within a larger social justice context Catholics and Protestants have largely failed to offer vital theological responses Amy Levad offers a Catholic perspective that directly addresses the concrete issues from a strongly interdisciplinary approach and utilizes the rich liturgical and sacramental resources of penance and Eucharist to offer a theological vision of reform

and often silenced reality of contemporary modern society      Criminal Justice and the Catholic Church Andrew Skotnicki, 2008 The Catholic Church has had a dramatic impact on both the structure and understanding of criminal justice up to the present This book surveys the history of the church to suggest that despite demonstrable abuses a humane and redemptive theory of criminal justice can be constructed that is harmonious with biblical sources tradition and current normative emphases in Catholic social thought      *Reading Prisoners* Jodi Schorb, 2014-10-30 Shining new light on early American prison literature from its origins in last words dying warnings and gallows literature to its later works of autobiography expos and imaginative literature *Reading Prisoners* weaves together insights about the rise of the early American penitentiary the history of early American literacy instruction and the transformation of crime writing in the long eighteenth century Looking first at colonial America an era often said to devalue jailhouse literacy Jodi Schorb reveals that in fact this era launched the literate prisoner into public prominence Criminal confessions published between 1700 and 1740 she shows were crucial literacy events that sparked widespread public fascination with the reading habits of the condemned consistent with the evangelical revivalism that culminated in the first Great Awakening By century s end narratives by condemned criminals helped an audience of new writers navigate the perils and promises of expanded literacy Schorb takes us off the scaffold and inside the private world of the first penitentiaries such as Philadelphia s Walnut Street Prison and New York s Newgate Auburn and Sing Sing She unveils the long and contentious struggle over the value of prisoner education that ultimately led to sporadic efforts to supply prisoners with books and education Indeed a new philosophy emerged one that argued that prisoners were best served by silence and hard labor not by reading and writing a stance that a new generation of convict authors vociferously protested The staggering rise of mass incarceration in America since the 1970s has brought the issue of prisoner rehabilitation once again to the fore *Reading Prisoners* offers vital background to the ongoing crucial debates over the benefits of prisoner education      **Theology, Empowerment, and Prison Ministry** Meins G.S. security Graterford Prison All of them work in Graterford's chapel a place that is at once a sanctuary for religious contemplation and an arena for disputing the workings of God and man Day in day out everything is in its twisted way rather ordinary And then one of them disappears Down in the Chapel tells the story of one week at Graterford Prison We learn how the men at Graterford pass their time care for themselves and commune with their makers We observe a variety of Muslims Protestants Catholics and others at prayer and in study and song And we listen in as an interloping scholar of religion tries to make sense of it all When prisoners turn to God they are often scorned as con artists who fake their piety or pitied as wretches who cling to faith because faith is all they have left Joshua Dubler goes beyond these stereotypes to show the religious life of a prison in all its complexity One part prison procedural one part philosophical investigation Down in the Chapel explores the many uses prisoners make of their religions and weighs the circumstances that make these uses possible Gritty and visceral meditative and searching it is an essential study of American religion in the age of mass incarceration
