Afterlife Gary A. Stilwell, 2005 Afterlife argues that proper conduct was believed essential for determining one's post mortem judgment from the earliest periods in ancient Egypt and Greece Part one examines Plato's eschatological myths regarding conduct as it affects one's afterlife fate Part two traces the evolution of afterlife beliefs from Homer to the Dramatists and demonstrates that post mortem reward and retribution based on one's conduct is already found in Homer Pythagoreanism and Orphism further develop the afterlife beliefs that will have such enormous impact on Plato and later Christianity The third part examines Egyptian religious texts of the 5th to 18th Dynasties for their understanding of virtues and vices that have afterlife consequences In part four the relationship between behavior and the afterlife beliefs of both societies are compared In the earliest periods the afterlife texts appear to be concerned only with the elite the king in Egypt's Pyramid Texts and the heroes in Homeric Greece Nevertheless we show that from the earliest times both societies believed that the gods primarily Maat in Egypt and Dike in Greece were responsible for the proper ordering of the cosmos and anyone's violations of that order would reap the direst consequence the loss of a beneficent afterlife

Nag Hammadi Bibliography 1948-169 David M. Scholer, 1971

Conduct and Behavior as Determinants for the Afterlife Gary A. Stilwell, 2000 This dissertation argues that conduct and behavior were believed essential for determining one's post mortem fate from the earliest periods of both ancient Egypt and ancient Greece Part one of this four part study examines Plato's eschatological myths and provides a complete catalog and brief discussion of all references in them to conduct and behavior that affect one's fate in the afterlife Part two traces the evolution of the concept of the afterlife from Homer to the Dramatists also cataloging all references to the afterlife that mention conduct and behavior This part of the study demonstrates that the concept of reward and retribution in an afterlife based on conduct in this life is already found in Homer However it is in Pythagorean and Orphic circles of Greater Greece that it reaches its most dramatic development and from that milieu provides such an enormous impact on Plato The third part deals with the connection between conduct and the afterlife in ancient Egypt up to the time of the Book of the Dead An extensive catalog of Egyptian virtues and vices that have afterlife consequences is compiled from the religious texts of the 5th to 18th Dynasty In part four the relationship between conduct and behavior and the afterlife beliefs of the two societies are compared and contrasted In the earliest periods the afterlife

texts appear to be concerned only with the elite the king in Egyptian 5th Dynasty Pyramid Texts and the heroes in Homeric and Hesiodic Greece This study argues that there is some evidence in the early texts of both societies for a belief that commoners could also be rewarded or punished in an afterlife In later periods both societies religious texts dealing with the afterlife exhibit a much more developed democratization As post mortem beliefs became more democratic conduct and behavior grew in importance However from the earliest time periods both societies believe that the gods primarily Maat in Egypt and Dike in Greece are responsible for the proper ordering of the cosmos and that violations of that order will call down the most dire consequence the loss of a beneficent afterlife

The Pagan Christ Tom Harpur,2009-05-26 A provocative argument for a mystical rather than historical understanding of Jesus leading to a radical rebirth of Christianity in our time For forty years scholar and religious commentator Tom Harpur has challenged church orthodoxy and guided thousands of readers on subjects as controversial as the true nature of Christ and life after death Now in his most radical and groundbreaking work Harpur digs deep into the origins of Christianity At a time of religious extremism Tom Harpur reveals the virtue of a cosmic faith based on ancient truths that the modern church has renounced His message is clear Our blind faith in literalism is killing Christianity Only with a return to an inclusive religion where Christ lives within each of us will we gain a true understanding of who we are and who we are intended to become The Pagan Christ is a book of rare insight and power that will reilluminate the Bible and change the way we think about religion

Jewish Life and Thought Among Greeks and Romans Louis H. Feldman,Meyer Reinhold,1996-10-01 Two of the world s leading authorities on the classical era bring together a comprehensive treasury of sources on Judaism in the ancient period

[A Victorian Missionary and Canadian Indian Policy](#) David Nock,2006-01-01 Canada s Indian policy has since the 1830s consisted mainly of attempts at cultural replacement Although rarely practised cultural synthesis of native and western cultures has been advocated as an important alternative especially in the last ten years This book is a study of E F Wilson 1844 1915 a Canadian missionary of British background who experienced promoted and advocated both approaches to native policy during his lifetime On the one hand he practised cultural replacement at the Shingwauk and Wawanosh Schools which he founded at Sault Ste Marie on the other hand he advocated programs of cultural synthesis and political autonomy which were a distinct departure from the paternalist notions of the 1880s and 1890s His support of such ideas was fostered by the influence of leading anthropologists such as Horatio Hale but also by his own extensive travel and observation of Indians particularly the Cherokee Indians of Oklahoma This book describes the efforts of a nineteenth century Canadian missionary who entertained radical notions of Indian self government and cultural synthesis as well as more conventional ideas of native assimilation and cultural replacement
