**Supreme Realization** Anthony Nayagan,2020-05-31 Supreme Realization is an honest account of a Catholic an ordinary sinful man who searched for Truth in all religions even leaving the Church and staying away from it for more than 25 years It is a journey towards the realization of Christ within Supreme Realization A Journey into the Depths of Conscious Energy is a study of Christianity in light of modern scientific discoveries that recommends a deep seated approach to a relationship with Christ based on Mystical Theology Many readers will likely conclude those as separate things that don't usually share a lot of common ground In spiritual universe every theory connects to God as long as the definitions of the theory go beyond material origins into mystical realms God consistently revealed His nature to humans through science and enabled science to enrich humankind on Earth In ancient times God revealed His nature through science in ever increasing ways During the Victorian era God helped us refine ordered and structural ways of gaining knowledge and the three dimensional systems through which we learned about cosmology and how it connects us to God Such systems enabled us to learn mathematics science politics economics and industry Now with modern science He is revealing to us a fourth dimension called Conscious Energy Find answers to what conscious energy has to do with being a Christian and what it has to do with my own spiritual journey How can we leverage this for knowledge wisdom and prosperity
