Patzia, 2001-09-28 Arthur G Patzia explores the story weighs the issues and traces the contours of the early church's expansion and growth life and practices leadership and worship **Ancient Letters and the Purpose of Romans** Aaron Ricker, 2020-09-17 Aaron Ricker locates the purpose of Romans in its function as a tool of community identity definition Ricker employs a comparative analysis of the ways in which community identity definition is performed in first century association culture including several ancient network letters comparable to Romans Ricker's examination of the community advice found in Rom 12-15 reveals in this new context an ancient example of the ways in which an inscribed addressee community can be invited in a letter to see and comport itself as a proper association network community The ideal community addressed in the letter to the Romans is defined as properly unified and orderly as well accommodating to and clearly distinct from cultures outside Finally it is

defined as linked to a proper network with recognised leadership i.e. the inscribed Paul of the letter and his network Paul's letter to the Romans is in many ways a baffling and extraordinary document. In terms of its community defining functions and strategies however Ricker shows its purpose to be perfectly clear and understandable. **From Christ to Christianity**

James R. Edwards, 2021-07-06 How did the movement founded by Jesus transform more in the first seventy five years after his death than it has in the two thousand years since? This book tells the story of how the Christian movement which began as relatively informal rural Hebrew and Aramaic speaking and closely anchored to the Jewish synagogue became primarily urban Greek speaking and gentile by the early second century spreading through the Greco Roman world with a mission agenda and church organization distinct from its roots in Jewish Galilee. It also shows how the early church's witness can encourage the church today. **A Pentecostal Commentary on the Pastoral Epistles** William K. Kay, John R. L.

Moxon, 2022-06-16 The Pastoral Epistles throw light on the early days of the church and the final phase of Paul's life. This commentary scrutinizes the biblical text while attending to the missional pastoral and spiritual challenges facing the worldwide Pentecostal and charismatic or renewalist movement. It is written for today's church without ignoring scholarly literature and cultural perspectives. The ministry of women, the appointment of elders, prophecy, church governance, living as a Christian in the Roman Empire, the end times, charismatic gifts, spiritual warfare, slavery and ordination all feature. **To Know All Mysteries** C. Andrew Ballard, 2022-08-31 This book examines the way that Paul presents himself as a guide into mysteries, a mystagogue in 1 & 2 Corinthians. By describing himself as a type of mystagogue for the community, Paul was following a precedent in both Jewish and non Jewish sources for invoking mystagogic language to engage in polemics with a rival. In opposition to the precedent however Paul understands the mystagogue to be a bi-partite figure comprised of both foolishness and wisdom simultaneously. C. Andrew Ballard argues that ancient mystagogues were often described in two disparate ways: figures of power and figures of weakness and foolishness. Paul synthesizes both aspects of the mystagogue in his self presentation to the Corinthians. The figure of the mystagogue as a wise fool was useful to Paul because it was descriptive not only of his own experience as a suffering yet authoritative apostle but also of the experience of his deity, the suffering and glorified Christ. By presenting himself as both a powerful and foolish mystagogue, Paul could argue that he was a more authentic imitator of Christ than his opponents in Corinth who boasted in self exaltation instead of self humility. In this way Paul used the character of the mystagogue as a strategic rhetorical tool in his communication with the Corinthians.

The Church in the Wilderness Carla Swafford Works, 2014 Much attention has been devoted to Paul's quotations from the Old Testament but little attention has been given to Paul's use of biblical narratives. The most extensive use of scripture in 1 Corinthians involves an allusion to Israel's exodus 10:1-22 which contains only one quotation 1 Cor 10:7. Since there is much debate on how to identify scriptural allusions, Carla Works examines two passages where there is overwhelming scholarly consensus regarding the presence of exodus imagery: 1 Corinthians 5:6-8 and 10:1-22. These passages therefore provide an

ideal place to consider how Paul is using Israel's exodus traditions to instruct a predominantly non Jewish congregation The author argues that the exodus tradition a tradition used to bolster Israel's identity and to teach Israel about the identity of God is reinterpreted by Paul in light of Christ and is employed to foster the identity formation of the Corinthians as the church of one God and one Lord 1 Cor 8:6 *Paul, Apostle to the Nations* Walter F. Taylor, 2012 Who was Paul what did he do what did he write Walter F Taylor sets out to bring together a wealth of contemporary perspectives in a clear and accessible synthesis bringing to bear on his subject the best of recent social scientific and cultural anthropological thinking on Paul An appendix presents a clear summary of issues related to Paul's thought on gender and sexuality

Worshipping a Crucified Man Jeremy Hudson, 2021-01-01 By the mid second century Christian writers were engaging in debates with educated audiences from non Jewish Graeco Roman cultural backgrounds A remarkable feature of some of these texts is how extensively they refer to the Jewish scriptures even though those scriptures were unfamiliar to non Jewish Graeco Romans In *Worshipping a Crucified Man* Jeremy Hudson explores for the first time why this should have been so As the basis for his argument Hudson examines three works by Christian converts originally educated in Graeco Roman traditions Justin Martyr's First Apology Tatian's Oratio and Theophilus of Antioch's Ad Autolycum He considers their literary strategies their use of quotations and allusions and how they present the Jewish scriptures all against the background of the Graeco Roman literary culture familiar to both authors and audiences The scriptures are presented as a critically defining feature of Christianity instrumental in shaping the way the new religion presented itself as it strove to engage with and challenge the cultural traditions of the Graeco Roman world This book will engage scholars interested in the very earliest centuries of Christianity and in the central role the Jewish scriptures played in the new religion's self presentation *Behaving as a Christ-Believer*

Rikard Roitto, 2021-12-02 This study contributes to the understanding of how first century Christ believers particularly those who shared the imagination of Ephesians experienced the relation between their social identity as Christ believers and behavior norms In order to understand this a number of theories from the cognitive sciences are used in combination with historical critical methods After a theoretical survey of relevant cognitive theories and discussions about the epistemological problems of using cognitive theories on historical texts the theories are used to understand a how Ephesians imagines the relation between identity and behavior norms and b the potential group dynamic effects of this imagination The result is a demonstration of how Ephesians is able to create a coherent narrative beginning with God's agency and ending with behavior norms and facilitating psychological and group dynamic effects such as intergroup distinction self esteem cognitive certainty and consensus among group members intragroup cooperation moral judgment and inclusion marginalization motivation to remain committed and last but not least a sense of capacity and obligation to act morally **A History of the Quests for the Historical Jesus, Volume 2** Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on

today's biblical and theological scholarship Jesus' life and teaching is important to every question we ask about what we believe and why we believe it. And yet there has never been common agreement about his identity, intentions, or teachings even among first-century historians and scholars. Throughout history, different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage, creating a labyrinth of conflicting ideas. From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria, methods, and sources, *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward. The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject, assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical, sociological, and theological underpinnings. Instead of seeking a bedrock of facts, Brown stresses the role of hermeneutics in formulating questions and seeking answers. Colin Brown was almost finished with the manuscript at the time of his passing in 2019. Brought to its final form by Craig A. Evans, this book promises to become the definitive history and assessment of the quests for the historical Jesus. Volume One, sold separately, covers the period from the beginnings of Christianity to the end of World War II. Volume Two covers the period from the post-War era through contemporary debates.

Faith Comes by Hearing Christopher W. Morgan, Robert A. Peterson, 2009-09-20. What about those who have never heard? The debate swirls, and feelings run deep. What is the fate of the unevangelized? The traditional position that apart from an explicit faith in Jesus, no one is saved, seems to have fallen out of favor with many evangelicals. Here is a passionate but irenic response to the arguments of those who believe that the unevangelized can or might be saved apart from knowledge of Jesus Christ. Building on the insights of others, nine scholars introduce readers, even those with little background to the ongoing discussion. Key questions: Is general revelation sufficient? Are other religions salvific? Do holy pagans exist? Must faith be explicit? Is exclusivism unjust? are probed and answered from a biblical, theological, and historical perspective. The book's positive thrust is summed up by editors Robert Peterson and Christopher Morgan: God is passionately engaged in gathering people to know love and worship him from every tribe, language, people, and nation. And he has called us to join him on this mission.

The Ritual World of Paul the Apostle Michael Lakey, 2018-12-27. Michael Lakey explores the theological significance of the rituals of Baptism and the Lord's Supper in Pauline theology, with the argument culminating in an analysis of the significance of ritual dining in 1 Corinthians 10:14-22 and the Lord's Supper in 1 Corinthians 11:17-34. By contrast with social world forms of comparison between rituals in the Pauline communities and other communities in antiquity, this study focuses primarily upon the theologically integrating function these rituals perform in relation to Paul's theology and ethics. Lakey builds upon Clifford Geertz's systemic understanding of religion by showing how, for Paul, Baptism and the Lord's Supper facilitate specific connections between his metaphysics, on the one hand, and the form or pattern of life he enjoins upon his churches, on the other. This volume considers precisely what, given his theological and ethical premises, Paul's

underlying beliefs regarding these ritual events may have been allowing for a preliminary discussion of specific lines of post interpretation in the early patristic period Ancient Apologetic Exegesis Stuart E Parsons, 2015-07-30 Taking a radical new approach to second century theology Ancient Apologetic Exegesis examines the work of Saint Theophilus of Antioch with a full understanding of the man and his times The second century is often dismissed by theologians despite a near living memory of Jesus and his apostles from only a generation or two prior but Stuart E Parsons shows that a distinctive biblical exegesis was used by those second century apologists who challenged Greco Roman pagan religionists Current literature misunderstands second century exegetical approaches but by looking behind anachronistic views of ancient genre literacy and rhetoric we can rediscover a forgotten form of early Christian exegesis **Jesus and the Gospels** Craig L. Blomberg, 2009-08-01 Gold Medallion Award winning study of Christ's life as recorded in the Gospels newly updated in 2009 from the original 1997 work *Reading 1 Corinthians with Philosophically Educated Women* Nathan John Barnes, 2014-03-28 Women were involved in every popular philosophy in the first century and the participation of women reaches back to the Greek origins of these schools Philosophers often taught their daughters wives and other friends the basic tenets of their thinking The Isthmian games and a tolerance for independent thinking made Corinth an attractive place for philosophers to engage in dialogue and debate further facilitating the philosophical education of women The activity of philosophically educated women directly informs our understanding of 1 Corinthians when Paul uses concepts that also appear in popular moral philosophy This book explores how philosophically educated women would interact with three such concepts marriage and family patronage and self sufficiency Deleuze and Theology Christopher Ben Simpson, 2012-11-22 An exploration of the thought of Gilles Deleuze and its relevance to theology **Intercultural Transmission in the Medieval Mediterranean** Stephanie L. Hathaway, David W. Kim, 2012-10-18 The cross fertilisation in written and material culture across borders in the medieval world
