Religious Fundamentalism And American Education The Battle For The Public:

Religious Fundamentalism and American Education Eugene F. Provenzo, 1990-04-05 For the past twenty five years ultra fundamentalist Christians have put increasing pressure on American public education to conform exclusively with their own philosophy and vision of education and culture Eugene Provenzo considers and addresses the impact that the fundamentalist movement has had on such issues as censorship textbook content Creationism versus Evolution the family and education school prayer and the state regulation of Christian schools In exploring both sides of the debate however the author concludes that many fundamentalists concerns are justified due to a basic inconsistency between the rights guaranteed under the First Amendment and the position that many public schools have legally assumed *Religion and Schooling in Contemporary America* Thomas C. Hunt, James C. Carper, 2013-10-18 With articles dealing with denomination law public policy and financing this anthology grants an evenhanded view of the impact of religion on our nation's public schools

The Curriculum Landon E. Beyer, Michael W. Apple, 1998-01-01 This new edition of the classic text extends the scope of critically oriented work in curriculum studies *Christian America?* Christian Smith, 2000 This extensive study of American evangelicals explores the beliefs values commitments and goals of the ordinary men and women who make up this often misunderstood religious group

Textbooks in American Society Philip G. Altbach, Gail P. Kelly, Hugh G. Petrie, Lois Weis, 1991-09-27 In recent years textbooks have been widely criticized for low standards lack of imaginativeness and insensitivity to racial and gender issues Increasingly they are cited as another weak link in American public education This book goes beyond the headlines to examine how textbooks are produced how they are selected and what pressures are placed on textbook authors and publishers The book focuses on the relationship of the textbook to the educational system and includes important issues such as the politics of textbook policy the determinants of textbook content the role of textbooks in educational reform and the process of selection at the state level The authors offer current research on textbook policy including perspectives from those directly involved with textbooks from several thoughtful analyses by textbook editors and publishers to the views of California's Superintendent of Public Instruction

Evolution, Creationism, and Intelligent Design Allene S. Phy-Olsen, 2010-07-01 This work of historical exploration examines America's conflicts as it has attempted to maintain its founding principles of freedom of thought and separation of church and state while nevertheless remaining the most traditionally religious of modern nations Evolution Creationism and Intelligent Design offers a comprehensive unbiased history of this controversial issue as well as a balanced presentation of the arguments central to a debate that remains one of the most divisive in American society Centered around the importance of the issue to education in both the sciences and humanities the book's chief concern is the relevance of the debate to America's public schools Beginning with an overview of the topic and its history the book goes on to investigate Darwinism and the neo Darwinian revolution as well as the applications of Darwinian theories in the social Darwinism and eugenics movements It looks at

theistic approaches to evolution at arguments for and critiques of intelligent design at religion science and the American courts and at religion and science in the postmodern world The two concluding sections of special relevance to students are annotated listings of important personalities in the science religion debate and an annotated bibliography

The Cold War and Academic Governance Lionel Stanley Lewis,1993-01-01 This book examines the harassment of the Johns Hopkins University sinologist Owen Lattimore during the height of the Cold War on campus It moves from detailing the specifics of Lattimore's case to a discussion of the broader themes of academic governance that the case exposed With his meticulous dissection of this major event in United States academic history Lewis shows us much about the workings of academic governance

Conservative Christians and Political Participation Glenn H. Utter,James L. True,2004-11-23 A timely exploration of the political history growth and impact of one of the most powerful religious groups in the United States Conservative Christians and Political Participation examines the involvement and influence of the growing number of Conservative Christians in America A historical overview of the interaction of religion and politics from colonial times to today sets the stage for a deeper exploration into the demographics of this group the concerns they share and the creative methods they employ to achieve their goals through protests political activity leadership and group organization Case studies tackle highly emotional issues like same sex marriage decency in the mass media school prayer euthanasia and American foreign policy toward Israel The book also covers leaders such as Pat Buchanan and Ralph Reed and discusses how they have been effective in their lobbying efforts through organizations like the Christian Action Network and the American Family Association

The Contradictory College Kevin James Dougherty,1994-01-01 This book systematically analyzes the evidence on four key issues that have divided commentators on the community college The community college's impact on students business and the universities the factors behind its rise since 1900 the causes of its

swift vocationalization after 1960 and what direction the community college should take in the future

Ethnic Studies and Multiculturalism Thomas J. La Belle, Christopher R. Ward, 1996-07-01 La Belle and Ward address a major question confronting American higher education How do colleges and universities best prepare students for common citizenship in a diverse democratic state while also nurturing their groups cultures values and institutional participation The authors clarify current debates about diversity and the content of curriculum what one commentator calls the culture wars The book includes an overview of ethnicity intergroup relations and related concepts the history and development of multiculturalism and ethnic studies in higher education in the United States and an analysis of the issues related to diversity in higher education particularly as they relate to tensions between ethnic studies and multicultural efforts The authors share their vision of how higher education might be made more open to ethnic and other groups while broadening the learning about diversity for all students They emphasize the role that institutional and student cultures including extra curricular organizations and activities play in achieving these goals

Mixed Race Students in College Kristen A. Renn, 2012-02-01 It s kind of an odd thing really because it s not like I m one or the other or like I fit here or there but I kind of also fit everywhere And nowhere All at once You know Florence My racial identity I would have to say is multiracial I am of the future I believe there is going to come a day when a very very large majority of everybody in the world is going to be mixed with more than one race It s going to be multiracial for everybody Everybody and their mother Jack Kristen A Renn offers a new perspective on racial identity in the United States that of mixed race college students making sense of the paradox of deconstructing racial categories while living on campuses sharply divided by race and ethnicity Focusing on how peer culture shapes identity in public and private spaces the book presents the findings of a qualitative research study involving fifty six undergraduates from a variety of institutions Renn uses an innovative ecology model to examine campus peer cultures and documents five patterns of multiracial identity that illustrate possibilities for integrating notions of identity construction and deconstruction with the highly salient nature of race in higher education One of the most ambitious scholarly attempts to date to portray the diverse experiences and identities of mixed race college students the book also discusses implications for higher education practice policy theory and research

Popular Religion in America Erling T. Jorstad, 1993-04-22 The enormous growth of evangelicalism is one of the major developments in recent American life Like other scholars Jorstad acknowledges that evangelicalism has grown because it is theologically attractive But Jorstad also attributes the growth of the evangelical movement to its relationship with American popular culture According to the author the evangelical movement was able to integrate populist democratic traditions with a cultural inclusiveness a mastery of high technology and a willingness to use mass media to spread its views The book contains three sections The first traces the development of evangelical subculture between 1960 and 1990 The second part discusses the evangelical movement and social and individual values The third part explores popular religion and the media The book considers the involvement of evangelicals

in popular religion the appeal of popular religion to many but not to all evangelicals the similarities between popular religion and more traditional religious organizations and the means by which evangelicalism effectively utilizes the many genres and styles of popular culture

Beyond Silenced Voices Lois Weis, 1993-01-01 This book addresses race class and gender in education in the United States It debates the issues of institutionalized power and privilege and the policies discourses and practices that silence powerless groups At the center of the silence are the most critical and powerful voices of all children and adolescents with their relentless desire to be heard and to survive Weis and Fine go beyond examining policies discourse and practices to call up the voices of young people who have been expelled from the centers of their schools and our culture to speak as interpreters of adolescent culture among them lesbian and gay students who have been assaulted in their schools adolescent women burying their political and personal resistances the moment their bodies fill out young men and women struggling for identities amid the radically transforming conditions of late twentieth century capitalism and Native American college students almost wholly excluded from the academic conversation

Black Resistance in High School R. Patrick Solomon, 1992-03-16 This book investigates and brings into focus the formidable issues of racial culture left undeveloped in research on multiracial school populations in the United States Britain and Canada Through ethnographic research the author presents significant and provocative insight into the formation of black self concept and captures the complex interplay between black students accommodation to the official achievement ideology and their resistance to the powerful structural forces operating within the school It offers practical suggestions for working constructively with racial and ethnic subcultures as well as offering suggestions to school districts in the process of planning or implementing race and ethnic relations policies

Educating the Right Way Michael W. Apple, 2013-01-11 In this book Apple explores the conservative restoration the rightward turn of a broad based coalition that is making successful inroads in determining American and international educational policy It takes a pragmatic look at what critical educators can do to build alternative coalitions and policies that are more democratic Apple urges this group to extricate itself from its reliance on the language of possibility in order to employ pragmatic analyses that address the material realities of social power

The Civic Gospel William M. Reynolds, Julie A. Webber, 2009-01-01 This book is a result of the times in which we are living These times demand a response When the authors began to write this book it was not popular to dissent against the Bush administration In fact dissent was and still is equated with terrorism Now it might seem that the tide is turning and maybe after the 2008 election some of this nightmare we have been experiencing will change At least that is the optimistic view But there are small traces that the struggle the authors discuss in this book will continue well into the 21st century The intermingling of the political and the religious is still swirling in the present context The Civic Gospel as the authors discuss it is the notion that preaching the Gospel is preaching politics and vice versa This book is about that struggle and the issues related to it

College in Black and White Walter Recharde Allen, Edgar G. Epps, 1991-01-01 This book reports findings from the National Study of Black

College Students a comprehensive study of Black college students characteristics experiences and achievements as related to student background institutional context and interpersonal relationships Over 4 000 undergraduates and graduate professional students on sixteen campuses eight historically Black and eight predominantly White participated in this mail survey Using these and other data this book systematically examines the current state of Black students in U S higher education Until now our understanding has been limited by inadequate data misguided theories and failure to properly interpret the Black American reality This volume challenges our assumptions and contributes to the growing body of knowledge about Black student experiences and outcomes in higher education
