**Religious Inquiry** Samuel Southard,1976-01-01    **The Living Church** ,1976-07    The Inductive Method of Christian Inquiry Percy Strutt,1877    *A Plan of Lectures on the principles of Nonconformity* Robert ROBINSON (Baptist Minister),1781    *A Plan of Lectures on the Principles of Nonconformity* Robert Robinson,1781    **Miscellaneous works of Robert Robinson: to which are prefixed brief memoirs of his life and writings** Robert Robinson,1807

Miscellaneous Works of Robert Robinson, Late Pastor of the Baptist Church and Congregation of Protestant Dissenters, at Cambridge Robert Robinson,1807    *Jewish/Christian/Queer* Frederick Roden,2016-05-06 At a time when major branches of Judaism and most Christian denominations are addressing the relationship between religion and homosexuality Jewish Christian Queer offers a unique examination of the similarities between the queer intersections of Judaism and Christianity and the queer intersections of the homosexual and the religious This volume investigates three forms of queerness the rhetorical theological and the discursive dissonance at the meeting points between Christianity and Judaism the crossroads of the religious and the homosexual and the intersections of these two forms of queerness namely where the religiously queer of Jewish and Christian speech intersects with the sexually queer of religiously identified homosexual discourse Including essays on literature and literary theory Christian theology Biblical Rabbinic and Jewish studies queer theory architecture Freud gay and lesbian studies and history Jewish Christian Queer will have a truly interdisciplinary appeal    **Kenneth Burke and His Circles** Jack Selzer,Robert Wess,2008-07-24 Kenneth Burke and His Circles consists of original papers focusing on the intellectual circles in which Burke participated during his long career Instead of concentrating on Burke himself as most recent scholarship has done this book considers Burke as one participant in a host of important overlapping intellectual movements that took place over the course of the twentieth century    Experiencing William James James Campbell,2017-11-17 William James has long been recognized as a central figure in the American philosophic tradition and his ideas continue to play a significant role in contemporary thinking Yet there has never been a comprehensive exploration of the thought of this seminal philosopher and psychologist In *Experiencing William James* renowned scholar James Campbell provides the fuller and more complete analysis that James scholarship has long needed Commentators typically address only pieces of James s thought or aspects of his vision often in an attempt to make the task of understanding James seem easier than it is or else to dismiss him as a philosophically unprepared if well meaning amateur The isolated nature of these examinations too often divorced from the original contexts badly hinders and even distorts their conclusions Focusing on James s own ideas rather than his critiques of others and drawing from a wealth of scholarship that includes the completed editions of his writings and correspondence *Experiencing William James* provides an invaluable comprehensive view of James as he participates in and advances the pragmatic spirit that is at the core of American philosophy Taking the whole of the man s thinking into account this book offers the richest perspective so far on this great but not fully comprehended

intellectual *The Christian Pastorate* Daniel Parish Kidder,1871 *The Psychology of the Christian Life* Horace Emory Warner,1910 **God the Economist** M. Douglas Meeks, God does not appear in the modern market For most economists this is as it should be It is in no way necessary according to modern economic theory to consider God when thinking about economy Indeed the absence of God in economic matters is viewed as necessary to the great advances in modern economy The difficulty with modern market economies however is that human livelihood is also left out of the theory and practice of the market economy I propose to bring the church's teaching about God the doctrine of the Trinity to bear on the masked connections between God and economy I will treat the Trinity as the way of understanding what the Bible calls the economy of God Dictionary of Christian Churches and Sects John Buxton Marsden,1857 *Christian Marriage* William Humphrey,1886 Virtual Theology, Faith and Adult Education Ros Stuart-Buttle,2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author's international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological tradition yet also looks to the future Jehovistic names and titles of God.
