Religious Language And The Problem Of Religious Knowledge:

Religious Language and the Problem of Religious Knowledge Ronald E. Santoni, 1968 **Religious Language and the Problem of Religious Knowledge, Edited with an Introduction by Ronald E. Santoni** Ronald Ernest SANTONI, 1968

Analytic Philosophy of Religion James Franklin Harris, 2013-03-14 When Gene Long editor of Kluwer's Handbook of Contemporary Philosophy of Religion Series first invited me to write the volume on Analytic Philosophy of Religion I accepted with great enthusiasm My only explanation for that enthusiasm now is that I was younger and more naive at the time Soon after starting work on the volume my enthusiasm was dampened by the daunting magnitude of the task I began as a sprinter and quickly settled into the pace of a long distance runner Although I considered myself well read in the subject I soon discovered that I had a great deal of research to do to be confident that I had considered all of the major contributions to the various discussions issues and of religion As I read more and more problems found within analytic philosophy books and articles I realized that I had rushed into a territory already well trodden by the angels I am greatly impressed by the sophistication and subtlety of philosophical argument that characterize the different debates in contemporary analytic philosophy of religion This volume covers a vast amount of material I have endeavored to provide the fairest possible reading of different authors and in cases where I include my own critical evaluations and develop my own positions I have endeavored to provide the strongest possible interpretations of the positions I criticize **Religious Language** Peter Donovan, 1976 *The Problem of Religious Knowledge* William T. Blackstone, 1963 This book is designed for those who have this concern and puzzlement though of course it offers no guarantee of resolving such puzzlement It is not designed to be a highly specialized and technical treatise in philosophy of religion but one which can be read and appreciated by students and educated laymen It has two specific purposes that of providing a clear picture of development in contemporary philosophy and the impact of these developments in philosophy of religion and that of systematically exploring the question Is there religious knowledge Contemporary philosophy is used as a point of reference for devising a framework within which this question can be answered Space limitations have forced an all too brief treatment of some positions Such brevity tends to distort but I have made efforts to avoid such distortion Author's Preface *Religious language and the problem of religious knowledge, edited with an introduction* Ronald E.
